ZHONG YO JUEEN

追求藝術生命之路

一個人必須特別做到心中有個奮鬥的目標，經過終身的工作與努力之後而得到的勝利，要比過早得到的勝利來得好。凡是誠實地過日子，並且遭遇到許多麻煩與失敗而不氣餒的人，要比那種一帆風順，祇知道安逸的人來得有價值。一個人永遠不要相信天下會有毫無困難的事。

—— 梵·高

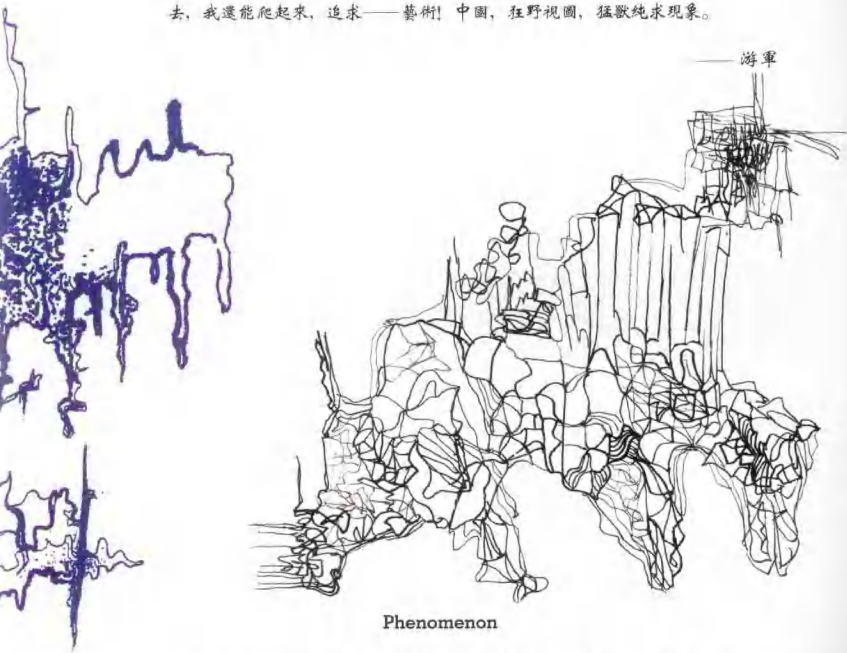

A man must special have a struggling object in the heart. The victory that obtained through life-long work and endeavor is better than the victory that obtained much earlier. As long as you live honest, and the man who suffer many burdens and failures but not discouragement, has more valuable than the man who only knows ease. Never believe there are no difficult things in the world.

—— Van Gogh

現 象

生活……安穩不着，自己痛苦算了。個人與家人？民族與國家？我與藝術創造作品？研故焦慮、麻木狂喜、熱烈跨越過程。此刻瘋掉不去，我還能爬起來，追求——藝術！中國，狂野視圖，猛獸純求現象。

—— 游軍

Phenomenon

Life……unsteady, pained own self. Individual and the family? The nation and The Country? Creative productions and me? Study anxiety, stupid exultation, and fierce span the process. At this moment, I am very mad, but I could still creep up to pursue —— art! China, crazy view, the ferocious animals seeking phenomenon.

Author Introduction

My name is Zhong Yojueen, was born in Shajing County, Bao'an District, Shenzhen, Guangdong, in December 1970. I am the youngest son in the family, who has two older sisters, and my parents are both teachers. When I am 26 years old, which is in August 1996, I began to engage in the painting inditition. I could say, I give up all the things, only want to do one thing. There is galactic faith and self-sacrifice spirit in my heart, with insuring hypnotic questions to support myself, gradually now I only want to show the need of passing this road. I think the art is the natural love of life cast, to attack uneasy affecting dedication. I dare to believe that I use more time to finish an eager and huge demand.

I love benevolent and cherish understanding of myself. Before without forecast, I am not willing to sell any one of my picture.

作者簡介

鍾游軍 (Zhong Yojueen)，1970年12月出生於廣東省深圳市寶安區沙井鎮，在家中是幺子，有兩個姐姐，父、母都是教員，在二十六歲那年即1996年8月開始從事繪畫創作。我可以說，我放棄所有的一切，祇想去做一件事，心懷着極大的信念與自我犧牲精神，以確實性的催眠疑問支撐本身，逐漸的過程我現在祇將顯示正行此道的需要，我認為藝術是生命投射的天性的愛去發作不易的感人奉獻，我敢相信用更多的時間來完成渴望着的一種巨大要求。

我愛自己慈善珍貴的理解，在沒有預見——我是不願賣出任何一幅畫。

**我只想抓住一點東西
就一點微妙聚積的感覺
也許是我藝術通道的入口**

I only want to grasp something
Only a little delicate and accumulate feeling
Maybe it is my artistic passage entrance

綫將——自序

最初，進取心隱藏迷人的進步展開自傳式繪畫的獨特意味。如今，一切幻想能力催促驚點生活的火種，從而着色在嚴律運行的體現視維，擔任心目的指使無法給予隱者估量，正飛騰的炎黃之血旋即體面革新積滯，預防狂熱片刻溫暖其境，捉實緊迫行動力既快，隨之將衝破任何阻擋，喘擊迷困，標準激發本身流經漫游新的嘗試，看出自我的提昇明說新的開始。

現在，我要出有為藝術研究賦予了精神和力度的書，這本書組成着自身應有的指望，憬悟地去攀登，穿過同於狂妄的敘述者和欣賞者密切驚動的對話。偏用我的本能，自我的對抗來測視具備世界藝術膽識的試射。決定適時的着重定位，已此無耐心的秘密，給忘了過去許多神氣的偉大。

緣起的預見，追憶熱力關切，指揮地球精氣極速運轉，壯麗激素在不斷動蕩無序之啟新。無異生活在不可見變動展現思議在眼前，破解征途深往引致揭電急劇，即刻傳熱至潛運上昇，戰鬥性狂妄、叛逆衝射。

我極想有為，據用心想的眼光畫出來的作品，懷抱熱情強力抓住意料不到的藝術新東西，單獨置疑新希望。迷入一個史藝無前的幻想境界。而這書的生命佔有神性的真實態度，出自靈感的草創圖綫。活脫的奮生小品在這裡大行展開。在我看來，假如，被理解、親近，我會興奮得說不出話來，感激！借此推想，得到更大的新起鼓勵！歡呼啟迪增強。藝術都是時間性的直接記錄生活。

我想，自己的作品能經起考驗，能令人感動，勢必

沉思的畫像

懷此給別人帶來一種精神感化功效，如此傳達出青春的無盡喜悅，讓人看到了寄予希望的光明。以此能有永久的珍藏價值，永恆地留在有感情的人心裡。

危險的理想，解放世界的天性要求，另使腦波震撼，周游深處的奇妙交替全身，採取緊張奇麗的靈機吸收，反映出巧妙開闢的樂趣舉動，繁殖運思輻放射綫，傳呼冰釋迷霧，逐漸透視晶體微粒，巡視奇形想像，隱現先前新生的脈動，冰色氣象，足見元神，空氣單道中，利劍上油，閃射耀眼。不明的清新劃動，飛躍和推進，見光不見影，神速刺破天象。合成自性處女作，新奇精怪。

在此，直射深厚關係意圖，自己推銷自己的認識，用堅實的步法深入，平心視聽各方的思想和意見。我本想看見自己熱愛的藝術而存在，我自己懂得用專長的能力來藝術製作——祇要有真實的歷練，冀盼將來創造出不朽的新藝術。超越自身所處的時代。

未來，新的藝術在東方，光復走勢的許心追求，命運光綫都集中在掌上，手心穩握燃點起超音光速視像通向，正是在那，我想便是：北京。

Lines General —— Autobiographic note

At the beginning, enterprise hides the amazing progress and spread out the bizarre imply of autobiographical painting. Now, everything is lightening the kindling of live, surprisingly. So pigmentation is showing vision strictly; but the responsibility could not make the object of my ideal to estimate power of the anchorer; The growing blood of the Chinese nation is brewing a graceful revolution; to prevent fever and warm the situation; hold the fast speed of action under pressure; and followed by all the barriers being broken through; asthma and strike the confusion; Criteria inspire the trial of new by the body itself passing by; Viewing the advance of oneself shows the new beginning.

I want to write a book of the research art filled with strength and spirits, this book should has its own expectation to climb up the dream mountains through the interlocation between the crazy writer and enjoyers. I am given the large courage to predict the world art by the instinct and self-resistance. It is proper time for me to go to the general orientation, without secret and patience.

Originating from foresee, I chase memory with crazy concern and even command the turning of the earth with onrushing hormone continuously. But the life is showing its unshakable thought to lead martial hubris and traitorous launching.

I am keen for being promising to draw with my own view, which is holding passion tightly to catch the something new and unique. I am attractive by the unprecedented illusion. The life of this book takes attitude of truth, the drafts of the soul that display the daily life. In my eyes, I can't help talking if others treat me kind and understand me. Thank goodness! Thinking of that, I would be got more courage! Art is record of life directly by time.

I think, my works can survive in all proofs, can let people be touched. They will certainly bring people spiritual influence, and broadcast the endless happiness of youth and let people see the glory of hope. So they will stay in peoples mind forever.

Dangerous ideal, the spiritual requirement of international release, convulse people's thinking, and the deep inside singularity alternate from head to foot. By using intense and astonish absorption of brainwave, to show interesting action with smart switch on and off. Propagate radiation of thinking, convey and shout for vanishing

the dense fog, and then gradually perspective crystal particles. Scout surprising imaginations and dimly show the pulse beating of foregoing newborn. The icy color phenomenon fully shows the soul. In the air track, the sharp sword is oiled, charming and dazzling. The unknown fresh is rowing, leaping and pushing forward, you only see the light but not the shadow, cut through the astronomical phenomena. These compose my maiden work, which is original, fine and strange.

Thinking of own thought, I deepen down with firmly steps and absorb varies ideas and suggestion. I essentially want to see my love art for existing, and I know use my special skills to create art——as long as actual anneal, I wish I can create enduring new art in future, and exceed the times that I live now.

In further, new art is standing in East, which make wish to pursue of recovering fashion. The lines of destiny focus on palm, firing up steadily to point to destination.....Beijing.

The eastern verve, has absolute deiform psychical entrusted. We applause the whole culture of Chinese Nation, continue, grow up and maintain non individual general limit. As long as we have the heart of absolute sincerity, develop the important task of the fifteen hundred of Chinese centuries-old cultural tradition, and crash into the history of world art.
