位于大智洞的现代豪华公寓优成公寓，早在15年前便已建成。依现今的生活方式而言，公寓的设计风格略显陈旧。要满足时尚的居住要求，必须对公寓进行布局上的修整，当然要保证修整工程不致引起大的结构问题。以一对夫妇和一个子女的小家庭作为考虑对象，经重新整修后，刚好可化分成5个房间。这样，各房间的功能布置便成为设计师要精心考虑和设计的内容。

将一间居室作为更衣室划入主人生活区，其余各房间分别作为儿童卧室、书房和家庭活动室。入口处，两条过道分别通向家庭活动室和艺术幕墙。陈列柜与间接照明更是将过道装点得光彩夺目。悬挂电视的墙板选用黑色板材，注重了现代与简练的统一，又不失华丽色彩。过道处的陈列柜也选用了相同的色调，力求与墙板和谐一致。卧室中的纤维织物墙面省去了奢华的装饰，更显宁静与典雅。玻璃瓷砖与玻璃门的使用弥补了卫生间空间窄小的缺憾。起居室与厨房直接相连，充分保证了视野的开阔，改善了照明条件。家庭活动室设有日式风格的桃木桌。丝质感的壁纸与桃木雕塑的运用使房间更显典雅并充满艺术气息。

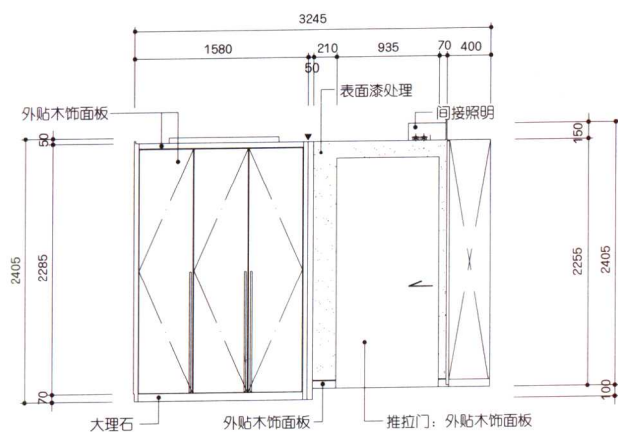

卧室、卫生间与更衣室构成了主人的生活区，阳台一隅的小型自然景观是家庭成员放松心情、感受自然的理想去处。

Woosung apartment located at Daechi-dong was built more than 15 years ago. The apartment is rather old fashioned out of modernized and trendy life styles. Accordingly, a layout modification of a residence to meet the modern life style requirement is required, provided that the remodeling project doesn't cause serious structural problems. Luckily, it could be remodeled to accommodate as many as 5 rooms, which helps to focus on functional aspects of each room, considering the small family unit composed of one college student and a couple in their early fifties.

One room was incorporated into a master zone, which is used as a spacious dress room. The other rooms were allocated respectively to a bedroom of child, a library and a family room. Entering an entrance, the entire space leads to both an independent traffic line toward a family room and an entire traffic line, centering an art wall reminding of a gallery. The family room has a Japanese style of a walnut table taking advantage of a raised-floor made at an independent space close to the entrance. The textile feel of a wallpaper and walnut molding contributes to a quiet and scenic charm of it. The passage had a display shelf and indirect lightings set up, recreating a terrific-illuminated place. The living

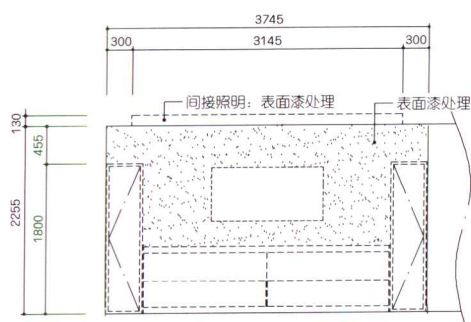

room for a common use of family members was extended to include a kitchen in one open place with no partition in between. This change successfully secured a wide range of view and improved lighting condition. The TV wall panel was organized by a black patterned-woods, focusing on modernity and simplicity together with magnificence. The display shelf at the a passage also used the same tone to make it harmonious with the wall panel.

The master zone is composed of a bedroom, bathroom and a dress room. The pathway normally treated as a dead space was expanded to organize a powder room. The bedroom employed a fabric wall and minimized decoration and accessories to give calmness. The bathroom for a couple adopted glass tiles and glass door, considering its narrow-space. The powder room intended to be a seemingly spacious place, aided by back painted glass and mirror. A maximized efficiency of space use and allocation can be seen in a dress room, which had an existing wall removed and a temporary wall set up to secure as more space as possible for storage. The small-sized landscape made at one corner of a balcony was a cozy place for family members to feel nature and to take a break.
