畫家像 Wu Guoting

吳國亭的作品既有中國傳統繪畫的神髓，又有新的創造和發展。造型生動，形神兼備，不着眼於一花一鳥蕭疏清峭的意趣，而是有層次地表現出繁柯密枝的倚斜掩照，有空隙深度，使人身臨其境；飽滿的布局和濃艷潤澤的色彩，使得畫意敷映蒼秀；作品多取材自深山絕壑之山花野卉，於亂石蔓草間尋求率真之美，取古今畫家不曾表現的畫材，在自然美中提煉詩情畫意，富有蒼莽野逸之趣；英國前首相撒切爾夫人、西德總統魏茨澤克等國際名人收藏有他的作品。

吳先生的彩色畫集《中國名貴花卉》分別用英、法和西班牙三國文字出版，行銷歐美各國。此外尚有《當代寫意花鳥畫佳作賞析》、《吳國亭畫集》出版。

吳先生1935年生於南京，曾在浙江美術學院學習和教學近三

十年。現為江蘇省美術館高級畫家，中國美術家協會會員。他的作品不僅為國家收藏，而且在世界一些主要國家引入觀目。

Wu Guoting was born in Nanjing in 1935. He studied in the Zhejiang Academy of Fine Arts and have taught there for nearly thirty years. Now he is a senior painter, with his main interest in flower-and-bird painting, with the Jiangsu Provincial Art Gallery and member of the Chinese Artists' Association.

Wu's works exhibit a traditional charm of Chinese painting with new approaches and characteristics. The flowers and birds under his brush are vividly portrayed and similar not only in appearance but in spirit. He is not interested in depicting one flower or one bird, but focuses on luxuriant branches and leaves, which are set off by well balanced space and often make viewers feel as if they were in the picture for its dimensional effect. In order to display the natural beauty and delights of the wild, he took subjects from flowers in secluded mountains, at the foot of the precipice, between rocks and among herbs and presented them in a fully filled composition and in gaudy colors.

His paintings have not only been included in national collections but also preserved by some international celebrities, including Madame Thatcher, former British prime minister, and a former president of Western Germany.

Mr Wu is also the author of *Famous and Precious Flowers of China*, published in English, French and Spanish, *Appreciation and Analysis of the Contemporary Excellent Flower-and-Bird Paintings in Freehand Brushwork* and *A Collection of Wu Guoting's Works*.
