Your Stay in England 英国交通

When you are in England, you must be very careful in the street, because the vehicles(车辆) drive on the left. Before you cross the street, you must look to the right first and then the left. In the morning and in the evening when people go to or come from work, the streets are very busy. Traffic is the most dangerous then. When you go by car, you have to be careful, too. Always remember the vehicles drive on the left.

Have a look first, or you will go the wrong way. In many English cities there are big houses with two floors. You can sit on the second floor. From there you can see the city very well. It's very beautiful.
