你能分清"圆"与"园"吗?

常有人把"团圆"写成"团园",把"圆规"写成"园规",这是错误的。

这可能是把"园"看成"圆"的简化字了。其实"圆"字并未简化为"园"。"圆"与"园"是两个读音相同,而意义不同的字。

"园"一是指种蔬菜、花果、树木的地方、二是指供游人娱乐的地方。它是地方之称。

"圆"一是指圆周所包围的平面,二是指像球的形状。可引申为"周全"、"圆 满"等。

We have an English corner in our classroom. Every Sunday morning many of my classmates come to the corner. My English teacher Miss Chen comes here too. At the corner, we all speak English.

The corner began last year. At first, there were a few students because many were afraid to speak English. After several weeks, more and more students came here. At first, some students just listened to the other students. I was one of them. I was afraid to speak English. I thought someone would laugh at me, but I wanted to speak. I always spoke English in my heart. My teacher went on saying: "Don't be afraid. Open your mouth." I tried and tried to open my mouth. At last, I said "Hello" to the teacher. The teacher was very happy. She said "Hello" to me at once. From then on, I began to speak English, I work hard at English and I try my best to speak more. I learn form my teacher and my classmates at the corner. Now I can speak a little English. Every Sunday morning. I come to the corner early,
