编写说明

为了帮助国内外企业、经济组织、社会团体和各界人士更好地了解地质勘查工作，增强与地质勘查单位之间的联系与沟通，加深地质勘查单位之间的相互了解，我司组织中国国土资源经济研究院等单位编写了第一版《全国地质勘查单位资质名录》。

《全国地质勘查单位资质名录》是由各省（区、市）国土资源厅（局）地质勘查资质注册登记公告汇编而成。地质勘查资质证书有效期为两年，其中：北京、河北、吉林、河南、湖南、贵州和青海等7个省（市）其地质勘查资质证书一般于2006年12月到期，有效期满符合规定的可以延续。

由于时间仓促，在汇编过程中难免有误和不妥之处，恳请社会各界用户谅解并欢迎提出宝贵意见。

国土资源部地质勘查司

2006年6月30日

Introduction

This publication is intended to enable mining enterprises, economic organizations, social groups and various economic classes, in China or abroad, to know more about geological exploration in China, and improve their relationship with various geological exploration enterprises. In an effort to improve communication among various geological exploration enterprises, the department of geological exploration compiled the first edition: “A List of Qualified Geological Enterprises of China”.

“A List of Qualified Geological Enterprises of China” includes the registration bulletin of qualified geological enterprises in land resource bureaus in various provinces, autonomous regions and municipalities directly under the Central Government. The expiration date of a qualified geological certification is usually two years. However, the certifications in Beijing city, and some provinces including Hebei, Jilin, Hennan, Guizhou, Qinhai expire earlier (December of 2006). Nevertheless, enterprises can renew their certifications if their mining operations conform to established regulations.

Due to some time constraints, there may be some inaccuracies in this edition. We welcome corrections and revisions.
