序

前些年我听说郭宝寨在自己的家中安装了一个小电窑，做了很多小陶塑。我便特意约请了几个朋友到他家去看看，我们那次探访的确是一次赏心悦目、令人欣慰的陶艺欣赏“沙龙”活动。

郭宝寨自幼是一个勤奋好学的孩子，在中央美术学院附中学习时成绩就很优秀，但他在中央美术学院学习期间，就遇上了那个灾难浩劫时期，白白的耽误了多年，在他们那几届学生之中，很多人是很有天赋而又勤奋努力的，他们历经磨砺，难能可贵的创立了富有价值的成果。郭宝寨既有天赋，又知努力，他的天赋或许就是他童年生活在农村而孕育起来的和农民不解的情缘；他的天赋还在于他多少年来始终自觉的珍惜这种情结，念念不忘到农村去、到农民的生活中去，去了解农民、亲近农民成为他艺术创作中无尽的源泉，成就了他艺术感人魅力的基因。郭宝寨也曾去过巴黎、伦敦、罗马、马德里……参观过卢浮尔宫、奥赛博物馆、蓬皮杜中心……他在蒙巴特喝咖啡、在塞纳河边散步，思考着怎样把人类一切先进的智慧溶入到他对农民挚爱的艺术表现中去。为此，他勤奋努力，并且甘于寂寞在自己认准的道路上走下去。

现在出版的是他的雕塑集——陶，他还会有更多的作品出来。我衷心的祝贺他已经取得的成就，并祝贺他将取得更大的成就。

Foreword

Few years ago I heard that Guo Baozhai installed a small electronic kiln for making his pottery sculptures. I invited some friends to his house to see his new establishment, and it turned out to be a fascinating “salon” for ceramic appreciation.

Ever since Guo Baozhai was a young boy, he was a hard working one. He was an excellent student when he attended the High School of the Central Academy of Fine Arts. Unfortunately the political catastrophe interrupted his study in the Central Academy of Fine Arts. Many of the gifted students were hard working to fight through the difficult time and achieved tremendously. Guo Baozhai was talented, and a hard-working man. Perhaps his talent came from his childhood experience in the small country village and his love for country life. Furthermore, he cherished greatly for such experience and encounter. He kept on going back to the village and visit the farmers, and he created his work upon his love for farm life and country folks. Over the years, Guo Baozhai visited all the famous cities and museums in the world, and the only thought in his mind was to find the way to take all the art forms and to better his farmer sculptures. Thereafter, he focus on what he loves and what he believes, and goes on his road of art that he chose.

Now he is publishing his Collection of Sculptures- Pottery, and he sure will create more of sculptures in the future. I truly congratulate him for his success, and wish him greater success in the future.
