SODIUM ALGINATE

Excellent Quality and Very Profitable

Shandong's "STAR-TEX", "CHUGAI-
TEX", "AAA", "ESA" and "ALACID"
Sodium Alginate have been exported
for over 20 years. Shandong's coastal
waters are rich in algae, suitable for
producing Sodium Alginate. The high quality
of Shandong's Sodium Alginate stems from
advanced technology and processing
facilities, scientific management and rich
production experience.

Shandong's Sodium Alginate is much
favoured and trusted by customers for its
superior fluidity and stable viscosity. Various
specifications are available. Enquiries and
requests for samples are welcome.

The Corporation will at all times offer its
best services to customers.
