Our English teacher

I like our English teacher very much. She is a young woman with a round face and big eyes. She wears glasses. She is tall and slim. She treats us just like her friends. Do you want to know her name? She has two names. One is her Chinese name——Wang Ling, the other is her English name——Amy Smith. She is from Beijing and she teaches us English. She likes wearing suits.

She is very kind to us. She often invites us to her flat and buys us some gifts and plays badminton with us after school. In our English class, she teaches us how to sing English songs. She is never angry with us. She always asks us to study in other interesting ways. So now we can speak and write English very well. We are very happy when she is with us.
