历史回眸

History

建国50年来，泰安人民在中国共产党的领导下，艰苦奋斗，百折不挠，锐意进取，使泰安发生了翻天覆地的变化。五十年代，进行了卓有成效的社会主义改造，国民经济得到了很快发展。六十年代，顺利完成了对生产资料私有制的改造，完成了第一个五年计划。七十年代中期，通过保持高积累率、集中使用资源，初步建立起了比较完整的工业体系。八十年代，农村家庭联产承包责任制推行和双层经营体制的建立，极大地调动了农民的生产积极性，初步解决了农民的温饱问题。乡镇企业异军突起，促进了农村经济和社会事业的发展。从九十年代初开始，全市上下进一步解放思想，加大改革力度，积极培植新兴主导产业，大力发展第三产业，经济总量和技术水平上了一个新台阶。

悠悠岁月，沧海桑田。50年来，泰安人民在这片充满希望的田野上洒下了辛勤的汗水，也收获了丰硕的成果。泰城由过去破旧的小城镇变成了一个初具规模的现代化城市；泰安市从过去落后的农业地区走上了经济发展、社会进步、文明富裕的康庄大道。

The local people under the leadership of the Communist Party of China have worked hard with a spirit of persistence, creativity and diligence. Tremendous changes have taken place in Tai'an over the past 50 years since the founding of new China. During the 50 years, they have successfully carried on the socialist reform, and rejuvenated the local economy after destroying the old productive relations which hindered economic growth.

In the 1960s they succeeded in accomplishing transformation of the private ownership of the means of production, fulfilling the first Five-Year-Plan goals and establishing the system of planned economy.

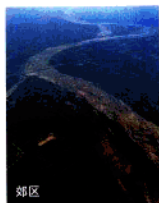

In the mid-1970s the local people established a fairly comprehensive industrial system through methods of high accumulation, centralized use of resources, and constantly strengthening the regulatory mechanism of the heavy industry.

In the 1980s the implementation of the household responsibility system and the establishment of the double-tier economic system greatly motivated the farmers' initiative. What's more, the birth of township enterprises accelerated the development in the rural economy and social progress.

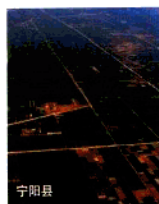

In the early 1990s people went all out to speed up the transformation of traditional industries, actively cultivate new and major industries and greatly develop the service sectors as part of local economic reform. As a result, both economic growth and technological development showed a new height.
