前 言

九十年代是我国继续教育事业蓬勃发展的年代,也是全国电大继续教育发展的重要时期。在这一时期各级电大相继成立了继续教育教学管理的专门机构,发挥电大广播电视教育资源和系统办学的优势,适应各地社会发展和经济建设的需求,举办了多种全国性和地区性的继续教育项目,取得了显著的成绩。近十年来,全国各级电大为社会各界培训了数以千万计的专门人才,在全国赢得了良好的社会声誉。为进一步加强与国际国内同行的信息交流,促进电大系统内外的紧密协作,尽快提高电大开展继续教育工作的水平,推动广播电视大学继续教育不断向前发展,在全国电大共同倡议下,由中央电大牵头,于1995年5月在京召开了全国电大继续教育协作会成立大会暨首次年会。

本论文集是首次年会成果之一,共收入论文54篇,经编委会审定,其中33篇全文收入,10篇作内容摘要,其余论文收入目录。本书按其内容分成四个部分:第一部分为社会主义市场经济与电大继续教育;第二部分为电大开展继续教育的优势、地位和作用;第三部分为电大开展继续教育的方针、任务和对策;其它内容的论文归入第四部分。

本书作为全国广播电视大学继续教育的第一本论文专集,同时也是中央电大承担的国家“八五”中华社会基金研究课题(《广播电视教育质量保证体系与信息资源利用的研究》)第四子课题的研究成果之一。它基本反映了目前全国电大继续教育理论与实践的实际情况,体现了现阶段电大继续教育科学研究水平。我们希望本书的出版能够起到提高对继续教育的认识,推动电大继续教育事业健康发展的作用。

在全书的审定、编辑和出版过程中得到了中央电大出版社、中国电大教育杂志编辑部和中央电大远距离教育研究所热情的支持与帮助,全国电大继续教育协作会秘书处的王毅、袁灵、许瑞森、谢来义等同志为出版此书做了大量的工作,本论文集的前言及目录英文翻译稿由李亚婉同志承担,在此一并致谢。

由于编辑时间有限,本书对稿件的取舍不一定恰当,在编辑过程中也会有错误和疏漏之处,请论文作者和读者批评指正。

Preface

The nineties is an era when the undertaking of continuing education has developed vigorously in our country. It's also an important period for the advancement of continuing education in our national RTVUs. During this period, special academic and administrative organizations on continuing education have been established at different levels in RTVUs system. The positive factors of RTVU educational resources and systematic running school in RTVUs have been brought into full play to meet the demands of social development and economic construction. Various national and regional projects on continuing education have been started and remarkable successes have been made. For the past ten years, national RTVUs have trained thousands upon thousands of professional talents for all circles of our society and have earned good reputation. With a view of enhancing the information communication with the counterparts at home and abroad; promoting close collaboration both in and outside the RTVUs sytem; upgrading the standard of continuing education work and pushing forward

continuing education in RTVUs, National Association for Continuing Education was established and the opening ceremony was held in Beijing in May, 1995. This was the first annual conference, sponsored jointly by national RTVUs with China Central Radio & TV University taking the lead.

This volume of papers is one of the effective results for the first annual conference, which takes in 54 papers in all. Examined and approved by the Editing Committee, the book contains 33 full papers, ten abstracts and some enlisted ones. In accordance with the content, the volume is divided into four parts. Part One is concerning Socialist Market Economy and Continuing Education in RTVUs. Part Two focuses on The Advantage, Position and Function of Continuing Education in RTVUs. Part Three will deal with The Policy, Task and Measures to Conduct Continuing Education in RTVUs. The remaining papers with regards to other content are catalogued into Part Four.

The book serves as the first specified collection of papers on continuing education in national RTVUs. It's also considered as one of the achievements on the fourth research topic, assumed by China Central Radio & TV University, of China Social Fund Research Topic (Research on Educational Quality Assurance System and Application of Information Resources) in the Eighth-Five-Year Plan. The book roughly reflects the current situation of the theoretical research and practice of continuing education in national RTVUs, as well as the scientific study level of continuing education at the present phase. We hope that the publication will create some impact on further understanding of continuing education so as to enable the

undertaking of continuing education to go healthily.

We heredy express our thanks to CRTVU Press, Editing Department of CRTVU and Distance Education Institute of CRTVU for their support and help during the course of editing, examining and publishing the book. We also express gratitude to Mr. Wang Yi, Mr. Yuan Ling, Ms. Xu Rei Sen and Mr. Xie Lai Yi for all the work they have done for us. And we'll thank Ms. Li Ya Wan for translating the preface and catalogue.

Owing to the limited editing time, maybe it's improper in accepting or rejecting the papers and there are probably some mistakes or omissions in our publications, so criticism and comments are welcome from all writers and readers.

大力发展 广播电视大学继续教育

宋成栋

经过较长时间的准备，全国广播电视大学继续教育协作会成立大会暨第一届年会今天在北京召开了。这次会议的召开，是一件大事，它标志着我国广播电视大学的继续教育已经进入了在全国范围内有组织有计划地开展工作的新阶段。在此，我谨代表国家教委副主任韦钰同志，代表国家教委电化教育委员会，对协作会的成立和大会的召开表示衷心的祝贺。

在党和国家的关怀下，在各级政府及教育行政部门的领导和支持下，我国广播电视大学已逐步建成由中央广播电视大学，各省、自治区、直辖市、计划单列市广播电视大学，地区广播电视大学分校及县市电大工作站组成的统筹规划，分级办学，分级管理的现代远距离教育系统。广播电视大学创办以来，累计毕业高等专科毕业生 177.8 万人，占同期成人高等专科毕业生总数的 31.9%；毕业中等专业生 30 余万人；教师学历达标者有 30 余万人；各种非学历教育结业生达 3000 多万人；农村收看农业实用技术节目的达数千万人次。16 年来，广播电视大学艰苦创业，开拓前进，取得了巨大的成绩，在我国社会主义现代化建设中发挥了重要的作用。
