Part Two Text

China Dalian Import and Export Commodity Fair

China Dalian Import and Export Commodity Fair, originally called "Northeast China Area and Inner Mongolia Export Commodity Fair", was one of the earliest regional export commodity fairs in the whole country. The fair was then export-oriented while it conducted import business and negotiations for attracting investment and foreign economic cooperation.

Upon the approval of the State Ministry of Foreign Trade and Economic Cooperation in 1987, the "Northeast China Area and Inner Mongolia Export Commodity Fair", initiated and sponsored by the three provinces of Liaoning, Jilin and Heilongjiang, and the three cities of Dalian, Shenyang and Harbin, and Inner Mongolia Autonomous Region, was held in Dalian International Exhibition Center from 24th July to 2nd August. Dalian Municipal Government was

responsible for the Fair. Since then the "Northeast China Area and Inner Mongolia Export Commodity Fair" had been held every year on schedule in Dalian International Exhibition Center.

From the 10th Fair in 1996, the name of the "Northeast China Area and Inner Mongolia Export Commodity Fair" was changed to "China Dalian Export Commodity Fair" and the place for the Fair was also altered from Dalian International Exhibition Center to Dalian Xinghai Convention and Exhibition Center. Located in Xinghai Bay, Dalian Xinghai Convention and Exhibition Center consists of two exhibition areas, one on the ground floor in the east and the other in the west, with the area of 15,000 sqm. There are 702 stalls up to the international standard, and 5,000 sqm of outdoor exhibition area.

In 1998, according to the spirit of the instruction of the State Ministry of Foreign Trade and Economic Cooperation that the regional fair is supposed to be specialized ones, a trial reform was carried out on "China Dalian Export Commodity Fair" in order to make it more specialized. China Machinery and Electric Products Import and Export Chamber of Commerce and China Hardware, Mineral and Chemical Products Chamber of Commerce were added to the sponsor parties, to highlight its specialized characters. The exhibition area was also divided into the specialization area and the general area. The specialized reform increased the vigor and vitality for the Fair and received high praise from the participating enterprises and foreign customers.

In order to promote the China Dalian Export Commodity Fair and transform it into an international and specialized fair, the name of "China Dalian Export Commodity Fair" was changed to "China Dalian Import and Export Commodity Fair" in 1999 with the approval of the State Ministry of Foreign Trade and Economic Cooperation. The number of the sponsor members was reduced from ten to four (including China Machinery and Electric Products Import and Export Chamber of Commerce, China Hardware, Mineral, Chemical Products Import and Export Chamber of Commerce, Liaoning Provincial Department of Foreign Trade and Economic Cooperation and Dalian Municipal Government).

From 2000, the responsible organization of the Fair was changed to China Council for the Promotion of International Trade, Dalian Branch. The office under the organization committee acts as the standing body, which is responsible for the routine of the Fair.

The exhibition area in the 2000 China Dalian Import and Export Commodity Fair reached as much as 13,000 sqm. More than 80% enterprises of various specialties participated in the Fair, among which there were participants from EU countries for the first time as well as the enterprises from the Asian countries like Japan and Korea. The exhibition area used by overseas

enterprises reached 500 sqm. The Fair had substantially formed an international and specialized setup with the participants mainly from specialized manufacturers. During the Fair, the volume of agreed economic and technological cooperation amounted up to USD 70 million.

Since 2001, Liaoning Provincial Government has become one of the sponsor parties under the decision of the Liaoning Provincial Government in order to make a good use of the customer resources of the Dalian Fair and promote Liaoning provincial foreign trade and attract foreign investment.

2001 China Dalian Import and Export Commodity Fair, the area of which reached up to 16,000 sqm for the first time, was the largest in scale, the most specialized one and the biggest in volume of business. More than 90% participants were from machinery, electric, hardware and mineral, chemical industries. 1,000 sqm of the exhibition area was occupied by the overseas enterprises.

Overseas customers from 58 countries and regions came to the Fair, among which 44% is from Japan and Korea, 22% from Hong Kong, Taiwan and Macao; and over 60,000 visitors are domestic customers. The number of trade delegations and teams reached more than 40. The total volume of business reached USD 796.9 million in this Fair, with a breakthrough for the use of foreign investments. The cities of Jining from Shandong, Tongliao from Inner Mongolia and Pusan of the Republic of Korea and Dalian held talks for economic and technological cooperation during the Fair and obtained very good results. The lectures on special topics were so rich in contents and practical that they were deeply welcomed by the enterprises participating in the Fair.

The Party and State leaders, such as Li Lanqing, Wang Zhen, Wu Yi, etc., were in succession present at China Dalian Export Commodity Fair.

2002 Fair was one of the most successful expositions; the characteristics of professional highlighted and international special steel exposition and international chemical industry exposition achieved a great many of results.
