前言

FOREWORD

济宁市位于山东省的西南部。面积9721平方公里。人口595万。辖市中区、郊区、曲阜、泗水、兖州、邹县、汶上、金乡、嘉祥、鱼台、微山11个县市，是春秋战国时期伟大的思想家、教育家孔子和孟子的故乡。

济宁市自然条件优越，矿产资源丰富，工业门类齐全，现已形成以轻、纺、煤、化工为优势，轻重工业比较协调的工业体系，是国家重点煤炭、电力基地之一。全市工业企业已发展到1724个，拥有机械、冶金、化工、煤炭、电力、建材、电子、轻工、纺织、食品、丝绸、医药、烟草等33个行业，230个类别，生产3000余种工业产品。有近200种产品达到国内先进水平。

全市有7种产品荣获国家质量奖，43种产品获国家部优质产品奖，115种产品获省优质产品奖。

这次出版的《发展中的济宁工业》画册，集中介绍了济宁市荣获各级优质品、优秀新产品称号的工业产品，其中精纺毛织品、毛皮、羽绒、氯碱、农药、染料、冰糖、洗涤剂等产品的质量已在国内居领先地位。优越的自然条件，丰富的旅游资源，“日出斗金”的南四湖，发达便利的交通和一定的工业基础，为振兴济宁经济创造了有利条件。济宁人民欢迎国内外朋友来济宁观光旅游，洽谈业务，传授经验，为济宁工业的飞速发展增添光彩。

Jining City, situated in the southwest part of Shandong Province, covers an area of 9,721 square kilometers with a population of 5.95 million. It has jurisdiction over Qufu City, the Central and the Suburban Districts, and Shishui, Jinxian, Jiaxiang, Yanzhou, Zouxian, Yutai, Wenshang and Weishan counties. It is the native place of Confucius and Mencius, the great thinkers and educators during the Spring and Autumn and Warring States periods.

Jining City enjoys favourable natural conditions, abundant mineral resources and a complete variety of industries. Now its light and heavy industries are well coordinated and light, textile, coal and chemical industries take dominant positions in its industrial complex. It is one of important coal and power bases in the country. It possesses 33 industries including machinery, metallurgical, chemical, coal, power, building material, electronics, textile, food, silk, medicine and tobacco industries, which are divided into 230 departments. Its 1,724 enterprises produce more than 3,000 products. Of these 200 come to national advanced levels and 110 are sold in world markets. Seven products have won fine-quality product prizes from the State, forty-three from ministries, and one hundred and fifteen from Shandong Province.

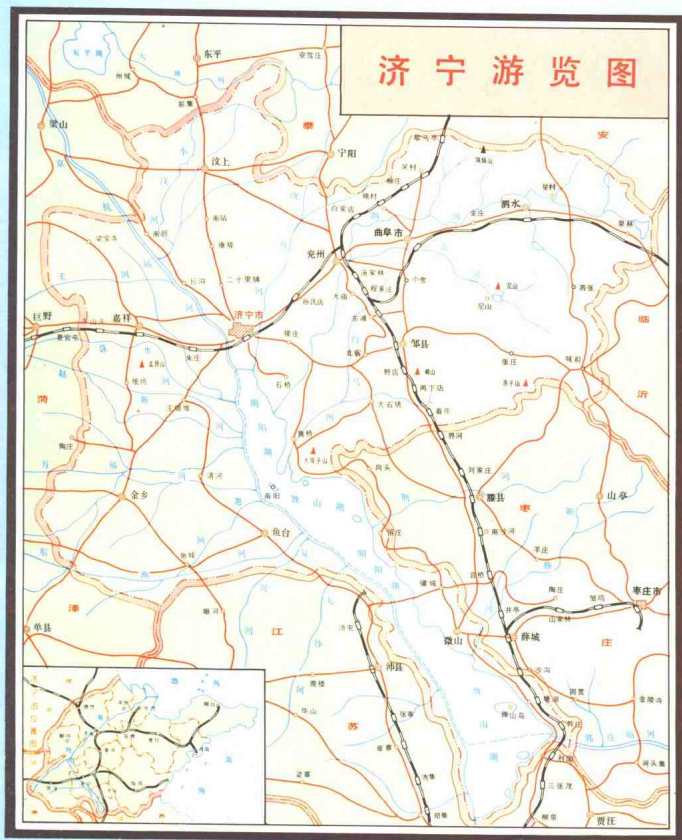

JINING CITY'S DEVELOPING INDUSTRIES concentrates on industrial products which have won the titles of fine quality and good new products. Fine woolen goods, fur, down products, chloric soda, pesticide, die, monocrystal rock sugar and detergent are popular in China. Advantageous natural conditions, rich tourist resources, treasure Four Southern Lakes, convenient communications and fair-developed industries create favorable conditions for vigorously developing Jining City's economy. Jining's friendly people welcome all friends both at home and abroad to visit and travel, hold trade talks, and share experience in order to add luster to the rapid development of Jining City's industries.

兖州矿务局

YANZHOU COAL-MINE
ADMINISTRATIVE BUREAU

兖州矿区是我国华东地区新兴的煤炭工业基地。煤炭资源丰富，煤质优良，矿井井型大，机械化自动化程度高。地处京沪铁路、兖菏铁路线上，东距石臼所港口320公里，交通运输方便，具有良好的投资环境。

该矿区是国家重点建设项目之一，包括兖州和济宁两大煤田，从60年代末期开始开发，至目前已有五座大中型矿井投入生产，“七·五”末期还有二座矿井相继投产，同时将陆续转入济宁煤田的开发，预计本世纪末基本建成。

Yanzhou Coal-field is a new coal industrial base in east China it has abundant coal resources, fine coal quality, big mines and high-automatic mechanization. The Jinghu railway line and the Yanhe railway line cross here. It is only 320 kilometers to Shijiusuo port. With convenient communication and transportation, it possesses good surroundings for investment.

The coal field is one of the nation's key projects. It contains Yanzhou and Jining coalfields. Five large-and-medium-sized mines have put into production since its development in the sixties. Another two mines will go into operation during the Seventh Five-Year Plan. At the same time Jining coal field will be developed, and completed at the end of the century.

山东 邹县电厂

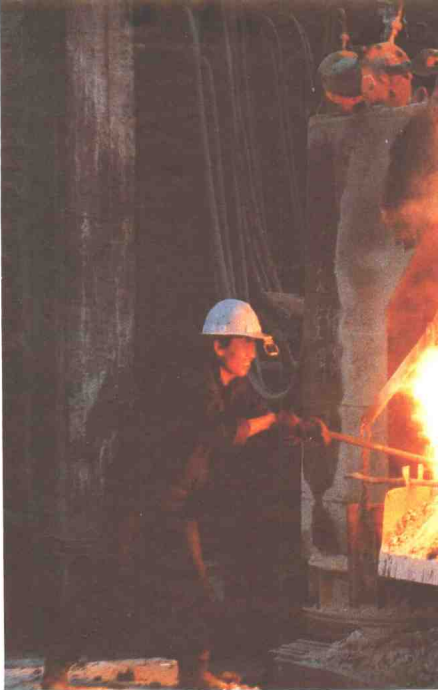

SHANDONG
ZOUXIAN
POWER PLANT

山东邹县电厂系一座现代化大型坑口电站，是全国“六五”计划期间国家重点工程之一，发电能力为240万千瓦。全部建成投产后，将成为山东电网最大的坑口电站。

Shandong Zouxian Power Plant is a large modern pit-type power plant and one of the nation's key projects during the Sixth Five-Year Plan. Its generating capacity is 2.4 million kw. of electricity. After being completed, it will be the largest pit-type power plant in Shandong.

济宁钢铁厂

济宁钢铁厂是山东省唯一的稀土合金生产定点厂。稀土硅铁合金和稀土硅铁镁合金两大系列 21 个品级的产品，以独特的性能和优异的质量作为添加剂、变质剂和球化剂广泛应用于冶金、机械行业。其拳头产品低钛稀土硅铁合金，1984 年以来畅销国际市场，以先进的工艺和可靠的质量赢得了外商的信誉和青睐，他们不惜远涉重洋运来原料，委托该厂加工成独特的“济宁稀土”。

该厂生产的 $\varnothing 10\text{mm}$ 、 $\varnothing 12\text{mm}$ 元钢以其可靠的质量广泛用于建筑行业。

JINING STEELWORKS

Jining Steelworks is the only factory which is assigned to produce rare-earth alloy in Shandong Province. As additive, modifier and nodulizer with unique performance and good quality, the products of rare-earth ferrosilicon and ferrosilicon magnesium in twenty-one qualities are used widely in metallurgical and machine-building industries. As a perfect mastery of products, low-titanium rare-earth ferrosilicon has been exported to foreign countries since 1984.

The advanced technology and good quality are in foreign merchants' good graces and they transport raw materials all the way across the oceans and ask the factory to make them "Jining rare-earth".

Φ10mm and Φ12mm rod steel are used widely in building industry because of reliable quality.
