Foreword for the Revised Edition

Three years have passed since Prof. Cheng left us with solemnity and glory, in these eleven hundred days and nights, always fresh flowers have always surrounded his picture at home, expressing endless thinking of him by the whole family. Meanwhile, I am sitting at his desk making all my effort to carry out the work that still remained unfinished when he left, for me, this task is really my invaluable memento and also my deepest memory. I wish to work as hard as he did during his whole life, to continue his career and to make it more complete and fruitful. In such an effort, I would present one book a year on behalf of him, and, for this year, the revised edition of *Birds of the World* (Latin, Chinese and English names) is my third presentation.

In fact, the first edition of *Birds of the World* by Cheng and his colleagues was issued in 1986. As the first work in China introducing birds all over the world, it was at once so welcome among ornithologists, teachers, and editors in China that it soon went out of stock even after the second printing. And, at the same time, Prof. Cheng started his revisions and corrections for next printing. It is a pity indeed that Prof. Cheng could not bring the revised edition into reality by himself. Therefore, based on the manuscripts he left with plenty of notes and corrections that he had so carefully made, I now can finally hand on this achievement to all readers.

In this new edition, revisions include the corrections to those errors in printing, making some long (Chinese) names simplified and more accurate, adding those new bird species nominated in recent years, together with special attention to those names synonyms or homonyms either in Chinese or in English.

I very much appreciate our son, Huai-jing, who has contributed almost all his spare time to typing, editing, and proofreading. I also would appreciate Prof. Xu Yan-gong, He Fen-qi for his help and assistance for the work. And, many thanks are given to the Hua-xia Foundation for the necessary financial support they kindly provided for the printing, to Mr. Gao Feng, Ms. Zhang Xiao-chun, Dr. Xu Zhao-hui, and Mr. Qian Ye-shi for their help, and to all friends and colleagues in the field of ornithology for all their concern.

Following Prof. Cheng's enthusiastic promotion, the 23rd International Ornithological Conference will be held in Beijing in 2002. Prof. Cheng would be very happy to see the research work on birds in China continuing to improve and achieving more cooperation with overseas scientists. May I here present this book as a gift to the coming significant IOC Beijing meeting.

第二版前言

郑作新院士离开我们已经整整三年了。在这三年期间,郑老遗像前的簇簇鲜花不断,对郑老的眷眷思念不断。郑老遗留的工作,我始终没间断地在他书桌前一点一点地进行中。因为,完成郑老未竟的事业是他的遗愿,是纪念他的最好方式。我想以郑老生前那种勤奋的工作态度来继承他的事业,以最丰硕的成果来抒发对他的深切怀念。这三年,每年我都把献上一部郑老专著当作我自己最大的心愿。今年,我献上的是第三部——《世界鸟类名称(第二版)》。

郑老等编的《世界鸟类名称》自1986年出版以来,已经15年了。这是国内第一本介绍世界鸟类学名称的著作,该书一出版便受到广大鸟类学研究人员、教学人员及编译工作者的欢迎。该书面世后很快售罄,不得不再次印刷,而郑老像对待自己所有著作的态度一样,从此书出版后的第一天起,就已经在着手审查与修订它了。郑老希望将他出版的《世界鸟类名称》修订完后再进行第二次出版,但这一愿望未能实现。今天,我终于将郑老生前精心修订的书稿整理出来,真诚地奉献给广大读者。

本次修订,不仅纠正了一些文字上的错误,也更正了一些学术上的问题。使一些冗长的鸟名更加精练,对于一些雷同的译名更加准确,一些新命名的鸟类名称得以补充。存在的同物异名的现象,无论是拉丁学名,英文学名,还是中文学名,在这次修订中,郑老都给予特别仔细地校定。

我在整理本书文稿时得到郑老的研究生徐延恭副教授的大力帮助,我们的儿子郑怀竞研究员几乎投入所有周末和节假日时间帮助我录入、排版和校对。同时也得到郑老的研究生何芬奇的帮助。衷心感谢华夏英才基金为本书的出版提供了宝贵的经费支持,同时也要感谢高峰先生、张晓春女士、徐照辉博士及千叶实先生为本书的出版付出的努力。也感谢鸟类界、学术界的领导和朋友们对我的支持。

看到郑老积极倡导的第 23 届国际鸟类学大会即将在中国北京召开,看到中国的鸟类研究一步步走向世界,郑老在天之灵一定会备感欣慰。仅以此书作为向本届国际鸟类学大会的献礼。

第一版前言

世界上现有鸟类九千余种。现根据新近出版的 Gruson* 的《世界鸟类》作为蓝本。进行编订。

本书编订的原则：

(一)鸟类的汉文订名,尽可能在一类(指科、亚科、属或亚属)中选用一个基本名。

(二)我国已有的鸟类旧名,凡通用无弊者,均予采用。

(三)在我国原无旧名,或无通用名称的鸟类,则按下列原则编订汉名：

(1)按拉丁学名的词源译订；

(2)依英文名称意译或音译；

(3)按该种的特征、习性、产地或用途等订名。

(四)所订的汉文名称,均依照双名制,以类名(即科名、属名等)为基本名(名词),种名为形容词。

(五)所订的汉文名称,力求简明。

本书初稿的编订工作,分工如下：

Cruson 书中:1~69 页 张荫荪、郑作新

70~98 页 谭耀匡

98~111 页 唐蟾珠

111~122 页 龙泽虞

122~131 页 郑作新

131~149 页 周福璋

149~180 页 洗耀华

全部初稿由郑作新负责审改。在校阅中,对 Gruson 原书也做了

* Gruson, E. S. 1976 Checklist of the birds of the world, 1~212, Collins, St. James' a Place, London.

一些必要的补充和修改：

(1)增加新种,及原认为已灭绝的种而近来又被发现,如:

Rallus okinawae 冲绳秧鸡

Moho bishopi 监督吸蜜鸟

(2)原书中的学名(或属名)与现今所用者不符,如:

Luscinia 属下的 *cyanurus*, *hyperythrus*, *indicus* 等悉改隶于 *Tarsiger* 属。

Ficedula tricolor 应改为 *F. leucomelanura*。

(3)原书中的学名,有的拼错,如:

Tichodroma murina 改为 *T. muraria*。

Graminocola 改为 *Graminicola*。

(4)原书中的英文名,凡引用“*Formosa*”字样者,均改为“*Taiwan*”。如:

Formosan Barwing 改为 Taiwan Barwing。

Formosan Yuhina 改为 Taiwan Yuhina。

(5)原书中的英文名称,有的不很恰当,如:

Caprimulgus carolinensis Chuck-Will's Widow

Leiothrix lutea Peking Robin

又如:

Lonchura melaena } 同称为 New Britain Mannikin。
Lonchura spectabilis }

还有其他更动,例如以人名命名的鸟,在定汉名时,尽可能改用该种鸟的特征命名。

本书虽经多次校阅,但限于水平,加之没有足够的实物标本作为订名的依据,所以难免带有主观性和片面性。殷切期望有关方面的同志以及广大读者提出意见。以便再版时修订。

使 用 说 明

(1) 鸟类名称按拉丁字母顺序编排。

(2) 每条拉丁学名后, 先为汉文名, 后为英文名。

(3) 一种鸟类, 如有几个英文名或几个汉文名, 均以“,”号分开, 将主名放在前面。

(4) 汉文名中, 六角括号〔 〕内的字使用时可省略, 圆括号() 内的字为注释。

(5) 汉文名索引, 系汉文名首字按汉语拼音字母音序排列, 并注明相应拉丁学名所在页码。

(6) 英文名索引, 按英文字母顺序排列, 注明相应拉丁学名所在页码。
