Preface

I . *China Statistical Yearbook for Regional Economy-2009* is a massive statistical publication, which comprehensively describes China's regional economy and social development status. Figures in this yearbook are from statistical yearly reports at all governmental levels or related sampling surveys. This yearbook has collected major social and economic indicators of China in 2008. There are indicators at national and provincial level (including 31 provinces, autonomous regions and municipalities), indicators of 9 economic zones, indicators of prefecture (over 330 prefectures including city at prefecture level) and indicators of county (over 2000 counties including city at county level). It contains the following aspects: national conditions, population and employment, national accounts, investment in fixed assets, government finance, price indices, people's livelihood, agriculture, industry, construction, transportation, postal and telecommunications, domestic trade, foreign trade, tourism, banking and insurance, education, science, culture, public health, social welfare, environment protection and city planning. Statistical data in this yearbook exclude those of Hong Kong SAR, Macao SAR and Taiwan Province.

II . Notions used in this yearbook: “#” indicates the major items of the total; “(blank)” indicates that data are not available or the figure is not large enough to be measured with the smallest unit in the table.

III. Data in this yearbook are not adjusted manually for the errors occurring from summing or rounding off.
