## 前 言

病理学既是基础医学中的重要学科，也是联系基础医学与临床医学的桥梁课程之一。在临床诊断和治疗中，病理检查同样发挥着重要作用。在病理教学中，适当的辅助教学会使教与学相得益彰。除了传统的大体标本和切片标本教学之外，现代计算机辅助教学使用的范围愈加扩大，但是教学图谱的直观形象、简要便携一直是无法取代的。为此，经过努力，我们编绘了这本《病理学彩色图谱》，希望它能成为对医学院校学生、年轻的病理科医师、临床医师有益的参考书。

本书依据高等医学院校的教学大纲，围绕五年制和七年制全国规划教材的主要内容，同时兼顾临床常见病种而编写，共有图片近300幅，包括手绘大体标本图、镜下组织切片图、病理过程的模式图及示意图，以及少量的电镜照片图，同时配有简要的中英文注释，力争使复杂的病理过程形象化、繁杂的病理改变简单化，并且能够突出重点。

本书在编写过程中得到了中国医科大学病理教研室领导和老师们的大力支持，在此对给予我们关心和帮助的各位深表感谢。由于水平有限，难免有疏漏之处，请读者指正。

## 目 录

## 1 病理学总论

|   |   |
|---|---|
| 1. 心脏萎缩   | 13. 肾近曲小管水变性 (高倍)   |
| Atrophy of heart .....  | Hydropic degeneration of renal proximal tubule (HP) ..... |
| 2. 心肌萎缩   | 14. 脂肪肝   |
| Atrophy of myocardium .....                                       | Fatty liver .....   |
| 3. 脑压迫性萎缩   | 15. 肝脂肪变性 (低倍)  |
| Pressure atrophy of brain .....                                   | Fatty degeneration of liver (LP) .....                    |
| 4. 肾压迫性萎缩   | 16. 肝脂肪变性 (高倍)  |
| Pressure atrophy of kidney .....                                  | Fatty degeneration of liver (HP) .....                    |
| 5. 肾压迫性萎缩 (低倍)  | 17. 虎斑心   |
| Pressure atrophy of kidney (LP) .....                             | Tigroid heart .....                                       |
| 6. 心脏肥大   | 18. 心肌脂肪浸润  |
| Hypertrophy of heart .....  | Fatty infiltration of myocardium .....                    |
| 7. 心肌肥大   | 19. 细胞内玻璃样变示意图  |
| Hypertrophy of myocardium .....                                   | Diagram showing intracellular hyalinization .....         |
| 8. 支气管上皮鳞状化生模式图   | 20. 脾中央动脉玻璃样变   |
| Diagram showing of bronchial epithelial squamous metaplasia ..... | Hyalinization of spleen central artery .....              |
| 9. 支气管上皮鳞状化生  | 21. 结缔组织玻璃样变  |
| Squamous metaplasia of bronchial epithelia .....                  | Hyaline degeneration of connective tissue .....           |
| 10. 胃黏膜肠上皮化生  | 22. 肾小管上皮中的脂褐素  |
| Intestinal metaplasia of gastric mucosa .....                     | Lipofuscin in renal tubular epithelia .....               |
| 11. 软骨化生  | 23. 心肌中的脂褐素   |
| Chondral metaplasia of fibrous tissue .....                       | Lipofuscin in myocardium .....                            |
| 12. 肝细胞水变性 (高倍)   | 24. 淋巴结中的炭粉尘  |
| Hydropic degeneration of hepatocyte (HP) .....                    | Carbon dust in lymph node .....                           |

## 目 录

|   |   |
|---|---|
| 25. 肝脏中的胆色素                                   | 38. 肉芽组织 (高倍)                             |
| Bile pigment (bilirubin) in liver             | Granulation tissue (HP) .....             |
| (obstructive jaundice) .....                  | 19  |
| 26. 纤维素样坏死                                    | 39. 创伤愈合示意图                               |
| Fibrinoid necrosis .....                      | Diagram showing of wound healing .....    |
| 27. 肝细胞点状坏死                                   | 20  |
| Point necrosis of liver .....                 | 40. 骨折愈合过程示意图                             |
| 28. 癌瘤凝固性坏死                                   | Diagram showing of fracture healing ..... |
| Coagulative necrosis of malignant tumor ..... | 21  |
| 29. 肾小管上皮细胞坏死                                 | 41. 局部血流障碍示意图                             |
| Necrosis of renal tubular epithelia           | Diagram showing disturbance of            |
| (corrosive subimate poisoning) .....          | local blood stream .....                  |
| 30. 脑软化                                       | 22  |
| Encephalomalacia .....                        | 42. 慢性肺淤血                                 |
| 31. 脑液化性坏死                                    | Chronic congestion of lung .....          |
| Liquefactive necrosis of brain .....          | 23  |
| 32. 脂肪坏死                                      | 43. 心衰细胞                                  |
| Fat necrosis .....                            | Heart failure cells .....                 |
| 33. 关节软骨坏死                                    | 24  |
| Necrosis of articular cartilage .....         | 44. 槟榔肝 (淤血肝)                             |
| 34. 手指干性坏疽                                    | Nutmeg liver .....                        |
| Dry gangrene of finger .....                  | 45. 慢性肝淤血 (一)                             |
| 35. 小肠湿性坏疽                                    | Chronic congestion of liver .....         |
| Wet gangrene of small intestine .....         | 24  |
| 36. 气性坏疽                                      | 46. 慢性肝淤血 (二)                             |
| Gas gangrene .....                            | Chronic congestion of liver .....         |
| 37. 肉芽组织 (低倍)                                 | 24  |
| Granulation tissue (LP) .....                 | 47. 血栓形成过程示意图                             |
| 19  | Diagram showing thrombogenesis .....      |
|   | 25  |
|   | 48. 动脉血栓                                  |
|   | Thrombus of artery .....                  |
|   | 26  |
|   | 49. 混合血栓                                  |
|   | Mixed thrombus .....                      |
|   | 26  |
|   | 50. 白色血栓                                  |
|   | White thrombus .....                      |
|   | 26  |
