L要过河

从前,在一个遥远的国度,有条小河,河面不是很宽,但水流很急。

河的此岸,住着一个女孩,她的名字叫 L。她喜欢河对岸的一个男 生,他的名字叫 B。 L 只有过河,才能向 B 表达自己的心意,但她自己又 没有能力过河。

于是,她只好去求河这岸的H和S。

H听了L的叙述后,对L说:"我可以帮你过河,但是有一个条件, 你得先嫁给我。"L想,我要是嫁给你,怎么去追求 B呢。

于是,她又找到了S。听了L的叙述之后,S说:"我可以帮你过河, 我也有一个条件,我不需要你嫁给我,我只需要一夜情就够了。"

L只能在H和S之间作出选择,她就同意了S的条件·····S果然履 行了诺言,把上送过了河。

这个时候,B知道了L和S、H之间的故事,他对L说:"你为了来追 求我,付出了很多的代价,这个让我很感动,但是这不能作为我爱你的理

L想,伤心总是难免的,只好很伤心地回来了。

河对岸还有一个人,是一个叫 M 的女生,她知道他们 4 个人的所有 事,最后决定嫁给 B。

There was another pick M. on the bank, who sar printers was another pick M. on the bank, who says a 这个故事实际上是一道心理测验,它要求你按照心目中从好到坏的 顺序给这五个人排个序。

那么,现在你排好了吗?不要深思熟虑。

Story 1

A Story of L

Once upon a time, in a remote country, there was a small river, with rapid water running between banks.

A girl, L and a boy B were separated by the river. She loved the boy, but couldn't pour out her love unless she crossed the river. Unfortunately, she couldn't swim.

So, L had to ask H and S for help.

H said to her, "I can help you, but you will have to marry me." The girl thought for a moment and said, "If I marry you, how can I win B's love?"

And so she turned to S, who could help her, but required a one-night stand.

L had to make a choice between both of them. At last, she chose S.... Of course, S kept his word, and helped L cross the river.

Before long, B heard about the story and said to L, "I appreciate very much what you have done for me. But I can't love you for that. What you did has nothing to do with me...."

L felt she was hurt deeply.

There was another girl, M, on the bank, who heard of the story and decided to marry the boy.

That's the story I want to tell you.

This story, in fact, is a psychological test. You can put the five people in an order from "good" to "bad" according to your own value.

Ok. Done? Don't spend too much time on it.

人生5大要素

按照排列组合的原理,最终结果有120种。如何如此

排列无所谓对错,实际上,这5个人代表了人生5大要素,你的排列顺序代表了你对这5大要素的重视程度,最关键的是,你把谁排在第一位。

L代表了LOVE(爱情),H代表 HOME(家庭),S代表 SEX(性),B 代表 BUSINESS(事业),M代表 MONEY(金钱)。

把 L 排在第一位的原因是: L 是一个爱情至上者, 她是勇于为了爱情而奋不顾身的人;

把 H 放在第一位的原因是: H 是个负责任的人; an inventor W

把S放在第一位的原因是: S是讲求公平交易的人;

把B排在第一位同样有理由:因为B很冷静; mose of which ayours

如果你把 M 排在第一位,可能是因为她很豁达,既往不咎。

这是一个非常好的心理测验,曾经征服过无数人,它深刻代表了你 内心对这5大要素的思考。(1992年11月11日 11月11日 11月11日 11月11日 11月11日 11月11日 11月11日 11月11日 11月11日 11月1日 11月日 11月日 11月日 11月日 11日日 11月日 11月日 11月日 11月日

这条河,实际上把两种不同的东西分开了,因为爱情、家庭和性是在一起的,而事业和金钱是在一起的。它们不是在一个岸上,很难走在一起,这是此岸和彼岸的关系。尽管 L 可以喜欢 B,但是最终嫁给 B 的只能是 M.

由此我们联想到:自古以来,忠孝不能两全,正如此岸和彼岸泾渭分明一样。IIA na noimbogxo mo of ymmoo of ibn towana na al otodi.

一个小故事,往往可以给我们带来很多启示。inisiqxo Jam 2 jug

The Five Concerns in Your Life

If you use the principle of permutations and combinations, there are 120 results or so.

However you rank them, there is no "right" or "wrong"; in fact, the five people stand for five primary concerns in our lives. Their names L, H, S, B and M all stand for one of these concerns. Your ranking reveals how you treasure them. What counts here is which one you would like to put first.

L-LOVE; H-HOME; S-SEX; B-BUSINESS; M-MONEY.

Whichever is ranked the first is reasonable.

If L is on the first: L puts love above everything else and she is always ready to sacrifice herself for it.

The reason for H to be on the top; H is a man who dares to undertake responsibility.

The reason to put S first is that he requires fair play.

Of course, it is also plausible to put B on the top: he is very soberminded.

If you put M first, perhaps it is because she is very generous and lets bygones be bygones.

This is a very good psychological test convincing thousands of people. It reveals profoundly your understanding about the five primary concerns in your life.

There is an answer quite contrary to our expectation: an American put S first, explaining that only S was fair play. This shows the

different concepts held by Americans.

The river has, in fact, separated two categories of things with love, family and sex on one bank, and business and money on the other. They are not on the same side, and so it is difficult for them to join each other just as two banks of a river can only parallel to each other. L loved B, but M finally married B.

A Chinese saying goes: loyalty and filial piety cannot co-exist^①. They are mutually exclusive, just like the two separated banks.

We can always draw great inspiration from a small story.

① Loyalty and filial piety stand for two basic moral conceptions of the ancient Chinese people. Generally speaking, loyalty means loyal to the king, and filial piety means supporting one's parents. When a man chooses loyalty, this means he has to give up filial piety, conversely, it's the same. So, we say that you cannot give your loyalty and filial piety at one time.

假如全世界人口缩成 100 人的村庄

- 52 名男人和 48 名女人; mortgaggagg to an word avenue and aw
- 89 名异性恋和 11 名同性恋:

如果你能够用这种眼光来看待世界,那么,你眼中的世界就会发生 重大的变化:

如果你每天早上起床时身体健康,那么,你比其他一半人更幸运; 如果你从未尝试过战争的危险、牢狱的孤独、酷刑的折磨和挨饿的 滋味,那么,你的处境比其他5亿人更好;

如果你的冰箱里有食物、身上有衣穿、有房可住及有床可睡,那么,你比世上75%的人更富有;

如果你银行里有存款、钱包里有票子、罐子里有零钱,那么,你属于 世上8%最幸运的人;

如果你父母双全并且没有离异,那么你的确是很稀有的地球人;如果你大学毕业,并且还拥有一台电脑,那么,你真的应该谢天谢地。总之,你真的很幸运!
