前 言

《四、六级研究生英语写作》是在国家教委公布的《大学英语教学大纲》的精神指导下，结合统考和研究生入学考试的需要编写的。统考中，作文一项难度较大，题目形式多样，内容丰富多采，字数又有一定限制；就目前全国高校非英语专业学生的写作水平而言，加强作文课的技巧训练是非常必要的。编写本书的目的是增强学生的应试能力。它适用于大学文理各科（包括大专及师范院校）。由于本书理论比较系统，实践比较充分，能使读者短期内即可达到英语四、六级及研究生入学写作考试要求，是报考大学英语四、六级统考及研究生入学写作考试的好教材。

本书作者均是教学第一线的教授、中青年优秀教师及外籍英语专家，有丰富的教学经验和卓越的科研成果，现将多年的英语写作教学实践和经验经过深思熟虑，系统整理，形成这部具有真知灼见的《写作》。美籍专家Mark Woodrum和Mark Sole审阅了全稿，对全书的编写提出了许多宝贵的意见和建议。

由于时间仓促，在编写过程中还一定存在许多不足，敬请广大读者提出批评意见。

第一章 大学英语四级 (CET—4) 作文 题考试大纲, 评分标准及实例

一、大纲 (以上略)

第五部分: 写作 (Part V. Writing): 共 1 题, 考试时间 30 分钟。要求考生写出一篇 100~120 词的短文。试卷上可能给出题目, 或规定情景, 或要求看图作文, 或给出段首句要求续写, 或给出关键词要求写成短文。要求能够正确表达思想, 意义连贯, 无重大语法错误。写作的内容包括日常生活和一般常识。

短文写作部分的目的是测试学生用英语书面表达思想的初步能力。

二、大学英语四级 (CET—4) 考试作文题评分原则及实例

1、评分原则

CET—4 是检查考生是否达到大学英语教学大纲规定的四级教学要求, 对作文的评判应以此要求为准则。

CET—4 作文题采用总体评分 (Global Scoring) 方法。阅卷人员就总的印象给出奖励分 (Reward Scores), 而不是按语言点的错误数目扣分。

从内容和语言两个方面对作文进行综合评卷。内容和语言是一个统一体。作文应表达题目所规定的内容, 而内容要通过语言来表达。要考虑作文是否切题, 是否充分表达思

想，也就是要考虑语言上的错误是否造成理解上的障碍，用词和造句是否清楚而确切地表达了思想。

2、评分标准

①本题满分为15分。

②阅卷标准共分五等：2分，5分，8分，11分及14分。

③阅卷人员根据阅卷标准，对照样卷评分，若认为与某一分数（如8分）相似，即定为该分数（即8分）；若认为稍优或稍劣于该分数，则可加一分（即9分）或减一分（即7分）。但不得加/减半分。

④评分标准：

2分——条理不清，思路紊乱，语言支离破碎或大部分句子均有错误，且多数为严重错误。

5分——基本切题。表达思想不够清楚，连贯性差。有较多的严重语言错误。

8分——基本切题。表达思想比较清楚，文字尚连贯，但语言错误较多，其中有少量的严重错误。

11分——切题。表达思想清楚，文字连贯，但有少量语言错误。

14分——切题。表达思想清楚，文字通顺，连贯性较好。基本上无语言错误。

（注：白卷，作文与题目毫不相关，或只是有几个孤立的词而无法表达思想，则给0分。）

⑤字数不足应酌情扣分。

累计字数在90~99之间，扣1分；累计字数在80~89之间，扣2分；累计字数在70~79之间扣3分；累计字数在60~69之间扣5分；累计字数在50~59之间扣7分，累计字数

在 49 以下,扣 9 分。

(注:1. 如题目中给出主题句,起始句,结束句,均不计入所写字数。2. 只写一段者:0—4 分;只写两段者:0—9 分。

⑥评分时应避免趋中现象,严格按照样卷标准判分。非常优秀的作文应给予满分(即 15 分);非常差的作文,应给零分。

3. 评卷实例:(1991 年 6 月考题)

Writing

Directions: *For this part, you are allowed 30 minutes to write a composition of no less than 100 words on **Changes in People's Diet**.*

Study the following table carefully and your composition must be based on the information given in the table. Write three paragraphs to:

- (1) state the changes in people's diet(饮食) in the past five years;
- (2) give possible reasons for the changes;
- (3) draw your own conclusions.

You should quote as few figures as possible.

Year Food	1986	1987	1988	1989	1990
Grain	49%	47%	46.5%	45%	45%

说明:本题要求考生对饮食结构的变化情况作出说明。不写出变化原因,不作出结论应扣分。至于变化原因则可各抒己见,只要言之成理即可。此外,认为变化大或认为变化不大,都可以。但必须说明相应的原因。

实例 1

2分。评语:条理不清,思路混乱。语言支离破碎,绝大部分句子有错误,且多数为严重错误。

Diet is very important in people's life. In past five, there is a big change in all kinds of food. For example, Grain. In 1986 it takes 49 per cent in diet in after four years. It decrease 4 per cent in diet; Milk increase 4 per cent in last five years. It grows to 13 per cent in diet; Meat in 1986—1989, it kept to grow up. And in 1990, It down 2 per cent; Fruit and vegetables is decrease in last five years.

Why it will have these changes. It is two side. The first is people began to see that milk, meat, fruit and Vegetables

are very importance in people's bodies, the other is people's life is quite good. They have enough money to buy Meat, Milk, etc. They know how to build them bodies.

In last five years. Big changes in People's Diet. It call us more and more people know. Share them Diet and build them bodies.

实例 2

5 分。评语：基本切题。表达思想不清楚，连贯性差，有较多的严重语言错误。

In the past five years, people's diet was changed. Grain, the main part of diet, was less needed from 49 per cent to 45 per cent of people's diet total. Much more milk and meat went into people's lives. Fruit and vegetables are less needed by people.

One can't eat grain all day. As life changes and one's body needs, milk and meat certainly take more per cent of our diet. Afraid of being fat, many woman eat less meat and misses refuse to take meat. So in the last year, meat is less needed, fruit and vegetables are more needed by people perhaps by that reason.

In the past five years, we could see that people's live are have become better just from their diet changes.

实例 3

8 分。评语：基本切题。有些地方表达思想不够清楚，语言错误相当多，其中有些是严重错误，文字勉强连贯。

In the past five years people's diet had changed quite a

lot. The grain was no longer the main food of people's diet. It decreased from 49% to 45%. And the position of the fruit and vegetables was declined, either. But, however, the necessary of the milk and meat was increased with no doubt. Such case owned to two reasons. On the one hand, the level of people's lives had greatly advanced. More and more people could afford the expensive food. On the other hand, modern science had been developed with high speed. Then people began to be aware of choosing more useful food.

With the developing of the society, people's diet will change more greatly.

实例 4

11 分。评语：本文切题。表达思想清楚。文字连贯，但有一些语言错误。

Diet is very important in people's lives. Sufficient food is the basis of human activity. In the past five years, people's diet had changed more or less. We can draw some conclusions according to the statistics.

From the figures, we can see easily that, the proportion of grain, fruit and vegetables has decent a little, while that of milk, meat has risen. We can conclude that nowadays, people pay attention to not only the quantity but also the quality of the food. Milk and meat are very important to people's health. With the development of the life level, people now can afford to buy more milk and meat than before, for milk and meat is more expensive than other food. Consequently,

the proportion of grain, fruit and vegetables decent.

But we also can find, that the structure of diet has changed little in the past five years. The grain always acted as the main food, and milk, meat still took up the poor proportion. So people's diet still depends on the grain. So what we should do is rapidly develop the national economy so as to provide more milk and meat for the people.

实例 5

14 分。评语：本文切题，表达思想清楚，文字通顺，连贯性较好。基本上无语言错误，仅有个别小错。有几句文字运用较好。

In the past five years, there have been changes in people's diet. Grain, as the main food of most Chinese, is now playing a less important role in people's diet, while the proportion of some high-energy food, such as milk, meat has increased.

What caused these changes? I think there are two reasons. First, people now have more money. The price of meat and milk is much higher than that of grain. In the old days, people couldn't afford them. Now they have enough money to buy meat and milk. Second, people of nowadays pay more attention to the structure of their diet. They are seeking the most reasonable diet structure which will do good to their health.

In short, there have been changes in people's diet in the past five years and there will be changes in the future, too.

2. 评卷实例(1989 年 1 月考题)

Writing

Directions: for this part, you are allowed 30 minutes to write a composition based on the following graph showing the growth of the world's population. The opening sentence is given and you are required to develop it into a full composition. Your part of writing should be no less than 120 words. Some useful words and phrases are provided, but you do not have to include all of them.

Graph showing the growth of the world's population (Suggested words and phrases: birth control, death rate, population explosion, food shortage)

The Problem of Human Population

It has been estimated that a thousand years ago there were less than 400 million people on earth.

实例 1

5 分。评语:全篇几乎没有描写人口增长情况。各段文字间连贯性较差。但尚能提及人口增长带来的某些问题及解决办法。语言错误较多而且严重。

It has been estimated that a thousand years ago there were less than 400 million people on earth. But now can you believe that there are more than 6,000 million people on the same place. Let's show you kind of the problems too much people brings.

Though the earth has a lot of substance for human beings, it is limited. No end increasing of people will made food shortage and war will break to get more food. On the other hand, population explosion cause that more and more children couldn't be educated and the human being can advance.

How to avoid the terrible matter happen is a problem for most people. In China, birth control principle has been done and the speed of people increasing has been controlled. If most of countries in the earth do just like China, the terrible matter will not happen.

实例 2

8 分。评语:基本表达题义,条理清楚,但图示内容反映不甚完全。指出了由于人口增长带来的问题,但没有指出控制人口的必要性。个别句子成分欠缺,用词也有错误。

It has been estimated that a thousand years ago there were less than 400 million people on earth. But with the development of human society, the world's population is increasing fast. When the industrial and agricultural revolutions began in 1650, the world's population was less than 100 million. In 1850, emergence of modern medicine, there were up to 1000 million people on earth. This is a great problem to be solved.

In part, there are more and more people on earth. But in part the earth's nature resources are more and more shortage. We must take steps to control population.

In China we take birth control all over the country. We know there are the most people in China. As the birth rate is more than death rate, the problem of population has prevented the development of economy. It has made traffic problem, house problem, education problem and so on.

Although the problem of human population has been population explosion, we are able to overcome it.

实例 3

11 分。评语。能比较完整地反映图表的内容,条理清楚,文字连贯。但对于人口增长只提到带头的问题,而没有指出控制人口的必要性。也有数处语言错误。

It has been estimated that a thousand years ago there were less than 400 million people on earth. It can be seen from the graph that since the Industrial and Agricultural Revolution in 1650 the world's population increased quickly
