WORKBOOK  
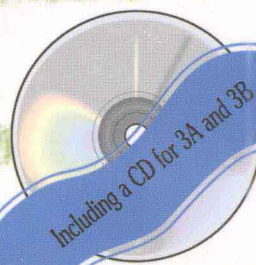

3A

Chinese Paradise is a series of Chinese textbooks for children recommended by the Office of Chinese Language Council International.

It has three levels, each of which consists of:

- two volumes of Student's Book (accompanied with a CD);
- two volumes of Workbook (accompanied with a CD);
- a volume of cards of words and expressions;
- a volume of Teacher's Book.

Supplementary teaching materials will be developed by the publisher.

Chinese Paradise helps students learn interactive sentence patterns, new words and Chinese characters. In addition, information about Chinese culture with illustrations annotated in the native language of students is provided. Furthermore, hands-on activities, songs, stories and different games are supplied also.

Each level consists of 6 units with 12 lessons, and each lesson teaches one or two Chinese characters, about ten new words and a basic sentence pattern.

After completing learning of the three levels, students will be able to achieve the mastery of 50 Chinese characters and 300 new words, speak simple sentences, recite some Chinese nursery rhymes and poems, and sing some Chinese children's songs. They will also get to know some Chinese culture.

## Introduction

This Workbook is an exercise book of *Chinese Paradise* to be used together with the Student's Book. It consists of a total of six volumes. Each volume contains six lessons with six to eight exercises for each lesson. Besides, an additional exercise is provided as homework in Workbook 3. The exercises in each lesson are divided into four sections: *pinyin*, Chinese characters, vocabulary and dialogue, which are presented with novel and lively illustrations and are designed to be carried out through a variety of enjoyable and useful learning activities, such as sticking stick-on pictures, coloring characters, matching exercises, maze tasks, etc. In addition, relevant handicraft activities and cultural discussions are also included. Furthermore, sticker pages, and red-charactered paper used for practising character writing are provided at the end of each workbook.

In view of the difficulties that may be encountered in writing Chinese characters by beginners, it is not necessary for them to complete the exercises using Chinese characters. They may use *pinyin* in the Workbook except for "Practising Chinese Characters".

A CD is attached to the Workbook, which provides materials for the listening exercises of each lesson.
