settled 降落

(settle 的过去式)

flair 气质,气息 chant 叫喊,呼喊 夜幕笼罩了**旧京山**,这座科技高度发达、拥有多元文化的城市,散发着浓浓的亚洲气息。

Evening had settled on San Fransokyo, a technologically advanced city with an Asian flair.

# 在一条后巷,人们大声呼喊起来:"大山!大山!"

In a back alley, a crowd began to chant. "Yama!Yama!"

一场机器人格斗赛即将开始,围观的人们在等待挑战者。十四岁的**小宏**觉得自己已经准备好了。他把他的超能机器人放到了擂台上。"让我来试试。"他说。

**大山**是一个野蛮的恶棍。他是公认的机器人战斗之王。看到小宏的这个机器人如此简单,大山狂笑不止,但他还是接受了挑战。

A robot fight was about to begin and the crowd was looking for a challenger. Fourteen-year-old **Hiro Hamada** thought he was ready. He placed Megabot, his robot, in the ring. "I'll give it a shot," he said.

Yama, a brutish thug who was the robot-fighting champion, stared at Hiro's simple robot and laughed. But Yama accepted the challenge.

"消灭他!"小宏按下遥控器大声喊道。不一会儿,小宏的超能机器人就把大山的机器人削成了碎片!

所有的人都惊呆了,尤其是大山。他不能面对这个现实,便诬陷小宏做了手脚。忽 然,大山的几个身形高大的手下逼近了小宏,准备狠狠地教训他一顿。

就在这千钧一发之际,小宏的哥哥**泰迪**开着车飞速驶过,他一把将小宏拉上车,救走了小宏。

"Destroy, Megabot!" Hiro shouted, as he flicked his robot's remote. Within moments, Megabot smashed Yama's robot to pieces!

Everyone was shocked ... especially Yama., He called Hiro a cheater. Suddenly, several large men moved toward Hiro.

Luckily, Hiro's brother, Tadashi, zoomed to the rescue as Yama's men closed in on Hiro.

**兄弟俩终于脱险了**。泰迪告诉小宏,不要再浪费时间玩机器人格斗了,像他这样十三岁就从高中毕业的天才,**有潜力用自己的技术改变世界**。泰迪希望小宏能充分地运用自己的聪明才智做有意义的事,他还希望小宏能和他一起在旧京山理工大学读书。

The two brothers zoomed away. Tadashi told Hiro to stop wasting his time on robot fights. A genius like Hiro, who had graduated from high school at the age of thirteen, had the potential to change the world with his technology. Tadashi wanted Hiro to use his big brain, and attend San Fransokyo Institute of Technology with him.

但是小宏非常喜欢参加机器人格斗赛,他不认为上 大学是一件眼下就需要去做的事。

就在这时,前来终止机器人格斗赛的警察追上了兄弟俩,把他们带回了警察局。

genius potential attend break 天才 潜力,潜能 参加,出席 打断

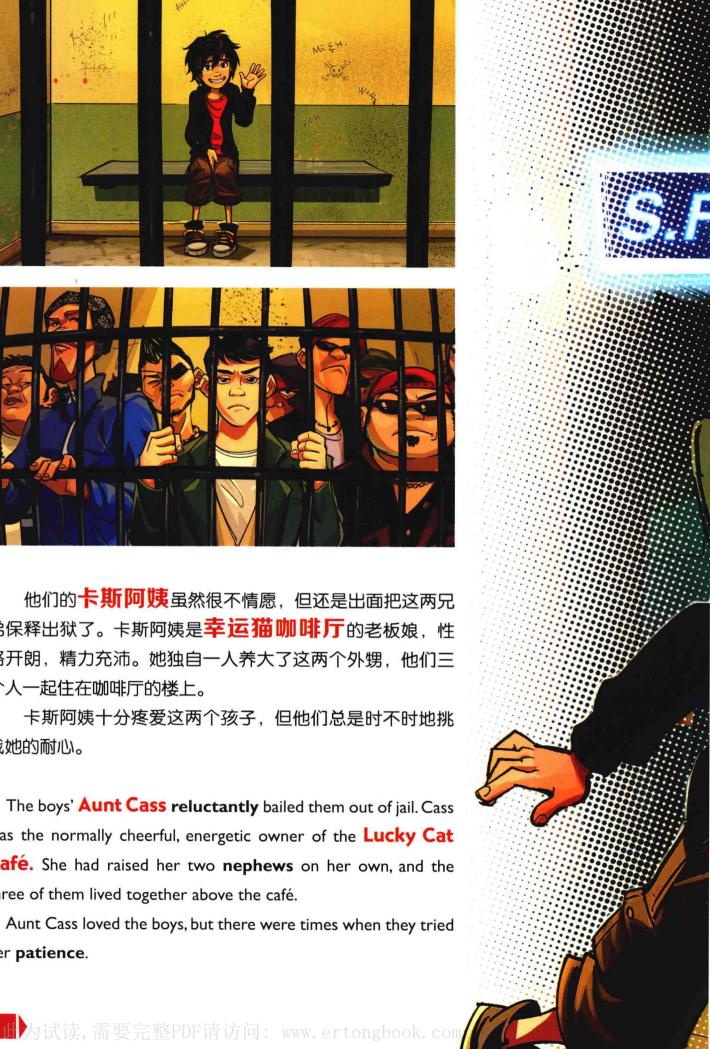

他们的**卡斯阿姨**虽然很不情愿,但还是出面把这两兄 弟保释出狱了。卡斯阿姨是幸运猫咖啡厅的老板娘,性 格开朗,精力充沛。她独自一人养大了这两个外甥,他们三 个人一起住在咖啡厅的楼上。

卡斯阿姨十分疼爱这两个孩子,但他们总是时不时地挑 战她的耐心。

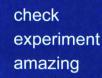

The boys' Aunt Cass reluctantly bailed them out of jail. Cass was the normally cheerful, energetic owner of the Lucky Cat Café. She had raised her two nephews on her own, and the three of them lived together above the café.

Aunt Cass loved the boys, but there were times when they tried her patience.

检查 实验 了不起的

## 重点单词

回到家,小宏又准备前去参加下一场机器人格斗赛。令他感到意外的是,泰迪居然主动提出要送他去比赛的地点。

半路上,**泰迪停在了旧京山理工大学的门口**。小宏以为泰迪要顺便看一下他的实验进展,其实泰迪是想让小宏看看这所学校有多棒。如果小宏想让他的聪明才智有用武之地,**从旧京山理工大学起步是最合适的了**。

After they arrived home, Hiro started looking for his next robot fight. To his surprise, Tadashi offered to take him.

On the way there, Tadashi stopped at his school, SFIT. Hiro thought Tadashi wanted to check on an experiment. But Tadashi really wanted Hiro to see how amazing the school was. If Hiro was going to use his brain, then SFIT was the place to start.

来到学校的实验室,小宏可真是大开眼界。泰迪就是在这个实验室里完成大部分的机器人研发工作的。实验室里全是最先进的高科技设备,还有一群和泰迪志同道合的好朋友!

### Hiro gasped when he saw the lab

where Tadashi did most of his robotics work. It was filled with the most advanced, high-tech equipment—as well as Tadashi's friends!

神行御姐是一位惜字如金的机械工程师。她正在研究一辆超高速磁浮自行车。

Go Go Tomago, a mechanical engineer of few words, was working on a superfast mag-lev bicycle.

**芥末无疆**是一位非常注重精准的物理学家。他正在用一种只有半微米宽的激光进行工作。

Wasabi No-Ginger was a physicist who loved precision. He was working with a laser that was half a micron wide!

"天哪!来得正好!你们一定会喜欢上这个的!"**哈妮柠檬**一边说,一边给小宏他们展示一个实验。仅仅几秒钟,她的化学试剂就把一个约180千克的金属球分解了。

"Omigosh! Perfect timing! You're gonna love this!" Honey Lemon said as she showed them an experiment. Within seconds, her chemical concoctions had disintegrated a 180-kg. ball of metal.

最后一位朋友是**弗雷** 德,他爱看漫画书,喜欢和聪明的人一起玩。

And **Fred**, well, Fred read comic books and hung out with smart people.

为了展示自己的作品,泰迪把一块胶带粘到了小宏的手臂上,然后又揭了下来。

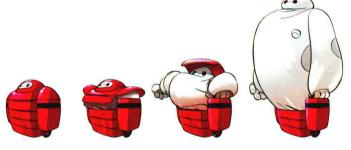

"嗷!"小宏疼得大叫。听到叫声,一个机器人从箱子里钻了出来,并很快充气膨胀成了一个大个子。

"你好。我是大白,你的私人健康顾问。"大白扫描了小宏全身,经过诊断后,对他手上的伤进行了治疗。

泰迪给小宏看了大白连接端口里面的一块**绿色护理芯片**。"我给他编辑了一万多个医疗程序,还有一个护理界面,让他成为独一无二的大白。"

"只有你说你对这次护理感到满意,我才会停止工作。"大白说。

**"好吧,我对这次护理感到满意。"**小宏回答道。

To show what he was working on, Tadashi put tape on Hiro's arm, and then ripped it off.

"Ow!" Hiro shouted—which made a robot to inflate from inside a suitcase.

"Hello. I am Baymax, your personal health care companion."

Baymax scanned Hiro, diagnosed him, and soothed his pain.

Tadashi showed Hiro a **green nurse chip** that was inside Baymax's access port. "I programmed him with over ten thousand medical procedures and a caregiving interface that makes Baymax ... Baymax."

"I cannot deactivate until you say you are satisfied with your care," Baymax said.

"Well, I am satisfied with my care," Hiro responded.
