序

“百年大计，教育为本；教育大计，教师为本”。教师被誉为“太阳底下最崇高的职业”。在人类社会发展的历史长河中，教师永远是文化传承的载体和知识创新的先行者。这次编辑出版的《第二军医大学研究生导师名录》中的导师，是我校近年来涌现出来的一大批优秀人才中的突出代表。在他们身上，我们不仅看到了我校科技工作者那种艰苦奋斗、乐于奉献的优良传统，而且体味到了身处新世纪的教育工作者那种不辱使命，迎接挑战，为实施科教兴国和科技强军战略而努力拼搏的信念、智慧和力量。他们是第二军医大学的骄子，是广大教育工作者的楷模。

在这个优秀的研究生导师群体中，有以吴孟超、陈宜张院士为代表的老一代专家，他们以“我以此生铸栋梁”的执着追求和敬业精神，在手术台或三尺讲台上书写了无愧于时代的人生答卷；有以曹雪涛教授等为代表的优秀中青年才俊，他们以“为中华民族的腾飞”为己任，奋勇攀登世界医学科学高峰，为祖国和军队赢得了荣誉。我们为学校拥有这样一个德才兼备的研究生导师群体而欣喜和骄傲。

我们正处在一个改革与发展的年代。这是一个挑战与机遇并存的年代，也是一个充满生机与希望的年代。高等教育的国际化进程、现代战争出现的新特点和规律、生命科学的迅猛发展，给军队高等医学教育带来了新的挑战和要求。我们知道，衡量一所军事院校是否一流，既要观其是否具有世界一流大学普遍特征，更要看其是否具有军事院校的特色。具体来说，一流的军事院校既要有享誉国内外的名师、杰出的科研成果、很大的国际和社会影响、极强的创新建设和能力，又要具有明确的办学指导思想、优良的传统和作风、强大的示范引导作用、与时俱进的创新品质。要把我校建设成为现代化的一流名牌军医大学，作为学校建设的主力军——研究生导师则肩负着神圣而不可推卸的使命。

“振兴民族的希望在教育，振兴教育的希望在教师”。诚然，研究生导师也是我校的未来和希望所在。在此我们衷心地希望：广大研究生导师要努力践行“三个代表”重要思想，主动投身到继续教育和终身教育中去，在教育实践中，不断充实和提高自己。以敢为天下先的精神，大力推进教育创新，积极投身教育改革实践，不断提高教书育人能力。我们也相信通过大家的努力拼搏，我校的研究生导师群体必定会出现人才辈出、群星灿烂的新局面。

校 长 李家顺
政治委员 郭旭恒

Preface

"Education is a fundamental project of lasting importance and teachers are the first essential for the vital project of education". Therefore, teaching is honored to be the "most sacred profession in the sunshine". In the long history of development of human society, teachers have been the carriers of cultural inheritance and pioneers of intellectual innovation. The graduate tutors included in the coming publication *The Bibliography of Celebrated Graduate Tutors of the Second Military Medical University* are outstanding representatives of the distinctive brains emerging in recent years in our school, who symbolize the fine tradition of painstaking exertion and loyal devotion of the scientific workers and reflect the confidence, wisdom and strength of the educational workers of our school who are resolved to accomplish the sacred missions of rejuvenating China by reinforcing education and strengthening the armed forces by applying scientific and technological advances. They are the pride of the Second Military Medical University and the models of the educational workers at large.

Included in this galaxy of distinctive graduate tutors are Professor WU Mengchao and Professor CHEN Yizhang who are Members of the Chinese Academy of Sciences representative of the old generation of experts. Armed with the spirit of unyielding pursuit and loyal devotion to "fostering students into pillars of the state throughout lifetime", they have been writing brilliant chapters of life beside the operating tables or on the narrow platforms, feeling no qualms of conscience to be living in this era. Also included in this galaxy is Professor CAO Xuetao, an outstanding example of the young and middle-aged talents who volunteer to shoulder the responsibility of "working for the boom of the Chinese nation" and strive to reach the summit of the world medical science. They have won sound credit for the country and the armed forces. We are happily proud of having such a galaxy of graduate tutors who have both moral awareness and professional competence.

We are now in an era of reform and development, an era full of vitality and hope in which challenge and opportunity coexist. Globalization of higher education, emergence of new characteristics and laws of modern wars and swift advances in life science place new challenges and requirements on the medical education of the armed forces. We are fully aware that a first class military academy should possess the characteristics shared by the first class colleges and universities in the world and the traits distinctive of military academies. In detail, a first class military academy should have world famous teachers, outstanding scientific attainments, substantial international and social influences, solid innovative capabilities, lucid guidelines for running a school, fine tradition and a good working style, strong demonstrative functions, and innovative quality of advancing with the times. Being the main force in the construction of the school, the graduate tutors are shouldering the unshirkable holy mission of building the SMMU into a modern and prestigious military medical institution of first class.

"The hope of rejuvenating China lies in education and the hope of renewing education in teachers". Indeed, the future and prospect of the school are embraced in the efforts of the graduate tutors. We sincerely hope that all the graduate tutors of our school will follow the important thought of "Three Representations" conscientiously and plunge themselves into continuing education and lifelong education activities actively so as to enrich themselves with new knowledge and skills. We also hope that by carrying forward the spirit of daring to try first, they will devote major efforts to promote educational innovation, practice educational reform and continue to raise the ability of fostering the students both intellectually and morally. We are convinced that, with concerted efforts, a new prospect will be created in our graduate school where new talents come forth in large numbers like stars glittering in the galaxy.

Major General President: Li Jiashun

Major General Political Commissar: Guo Xuheng

前言

第二军医大学创建于1949年9月,始称华东军区人民医学院。1951年7月,正式定名为第二军医大学。现为全军研究生培养单位重点建设院校,国家“211工程”重点建设大学。

学校占地面积133万平方米,建筑面积99万平方米,仪器设备总值7亿余元。下设训练部、政治部、校务部、科研部、研究生院四部一院及基础医学部、海军医学系、药学系、卫生勤务学系、护理学系、外训系、研究生管理大队、学员旅、3所附属医院和南京军医学院。全校共有专业技术干部3000余名,其中,高级职称750余名。有中科院院士2名、国务院学科评议组成员3名、国家有突出贡献的中青年专家13名、享受政府特殊津贴236名、博士生导师109名。在校学员5800余名,其中博士生371名,硕士生744名。设有临床医学、海军临床医学、药学、护理学、麻醉学、公共事业管理学、精神病与精神卫生学、医学实验技术、医学检验、影像学等10个专业或专业方向。

学校现有生物学、基础医学、临床医学、公共卫生与预防医学、药学5个博士后流动站;基础医学、生物学、药学三个一级博士学位授权学科;45个二、三级博士学位授权学科;7个“211工程”重点建设学科项目,包括:生物学、医学遗传学、航海医学、肝胆外科学、胸心外科学、野战外科学、药物化学;3个全军研究生培养单位重点建设学科和实验室;5个上海市医学领先专业重点学科;5个全军医学研究所;10个全军医学专科中心;6个全军医学重点实验室。

学校自实施“211工程”建设以来,获得了前所未有的发展。校园环境优美,教学、医疗、科研设施先进,教学改革逐步深化,医疗质量稳步提高,科研创新硕果累累,成果转化成绩突出,国际合作交流日益广泛,为国防卫生事业培养了一大批高质量人才。

在总后党委的正确领导下,学校将进一步认真贯彻邓小平教育理论和江主席关于教育工作的一系列指示,以新时期军事战略方针为依据,紧紧围绕“211工程”建设目标,以本科教育为主体,以研究生教育为重点,以继续教育为新的增长点,实现规模、结构、质量、效益统一协调发展,努力开创学校建设新局面。

Foreword

The Second Military Medical University(SMMU),formerly the People's Medical College of the East China Military Commanding Region,was founded in September 1949,and named in July 1951.Now it is the CPLA key institution of higher learning for training graduates and the key university supported by the state "Project 211".

The SMMU covers an area of 1 330 000 square meters including 990 000 square meters of the premises, is equipped with technological resources valuing over 700 million RMB ,and composed of four major leading bodies: the Training Department,the Political Department,the School Affairs Departmen and the Scientific Research Department;nine subordinate establishment:the Graduate School, the Department of Basic Medical Sciences,the Department of Naval Medicine, the School of Pharmacy,the Department Of Health &Hygiene Services, the Department of Nursing Science,the Department of Foreign Training, the Graduates Management Brigade and the Cadet Brigade; three attached hospital,and Nanjing School of Military Medicine.The University has a professional staff of over 3 000 including 750 holding senior professional titles,two members of the Chinese Academy of sciences ,three members on the Discipline Evaluatian Team of the State Council,13 young and mid-aged national prestigious experts,236 expers enjoying the state special allowance,and 109 Ph.D.graduate tutors.There are over 5 800 graduating students including 371 guaduates for Ph.D.and 744 for M.D. There are over 10 specialities or disciplinary orientations covering the full spectrum of clinical medicine,naval clinical medicine,pharmacy,nursing science, anesthesiology,public utility management,psychiatry and mental health,medical laboratory technology,medical laboratory testing and medical imaging technology .

The University possesses 5 post-doctoral mobile stations covering biology,basic medical sciences, clinical medicine,public health and preventive medicine,and pharmacy;3 Grade and 45 Grade and branches of learning entitled to offering Ph.D.degree;7 key subjects of "project 211" including physiology,medical genetics, nautical medicine,hepatobiliary surgery,cardiothoracic surgery,field surgery,and pharmaceutical chemistry; 3 CPLA key branches of learning and laboratories for training medical graduates;5 key branches of learning as leading medical specialties in Shanghai;5 CPLA medical research institutes;10 CPLA special medical centers;and 9 CPLA key medical laboratories.

The university has made unprecedented progress since the commencement of "Project 211".The school campus is embraced in graceful scenery and the facilities for training,medical practice and scientific research are up-dated and sophisticated .With the teaching reform pushing further ahead ,the quality of medical services improving steadily,the scientific innovation achieving great success,the transfer of scientific research achievements gaining spectacular profits and international exchanges increasingly expanding,the University has been turning out great numbers of high quality professionals for the health enterprise of the national defence.

Remembering the military strategic policy of the New Period and implementing a series of Deng xiaoping 's theory and Chinarmen Jiang's instruction on education more conscientious ,the University,under the correct leadership of the Party Committee of the General Logistics Department,will endeavor to attain new heights of unified and coordinated development in scale structure,quality and efficiency by centering on the goal of "Project 211",taking undergraduate training as the main task,graduate training as the accent and continuing education as the point of new growth.

Military Medical University*

研究生培养单位简介 Briefing of SMMU Training Departments

基础医学部

The Department of Basic Medical Sciences

基础医学部隶属于第二军医大学，于1992年12月在原训练部部分教研室的基础上组建。历年来，该部坚持以邓小平建设有中国特色社会主义理论和教育要“三个面向”为指导，按照江主席“五句话”总要求统揽全部工作，牢固树立改革创新意识，团结拼搏、开拓进取，各项建设事业取得了可喜的成绩。坚持以教学为中心，深化教学改革，教学质量不断提高。每年完成50多个班次、17000多学时，占学校半数的教学任务；承担29门研究生课程教学、占学校的60%。同时在教学内容上突出“高、新、精、军”的特色，在教学内容、教学方法、手段上不断改进与实践，我部被评为全军、总后优秀教师10人、上海市优秀教师12人，校特级教员2人，校A级优秀教员44人，获全军、总后、学校教学成果奖16项，获全国百篇优秀博士论文3篇。拥有一支结构合理、实力雄厚的学科人才队伍；教学科研仪器设备总价值近8000万元；有基础医学和生物学2个一级学科博士学位授权点及博士后流动站，2个一级学科所涵盖的所有二级学科14个教研室均有培养博士生资格，有15个硕士学位授予点，现有博导20名，硕导46名；目前在读硕士生76名，博士生63名；生理学、医学遗传学是“211工程”重点建设学科，生理学、遗传学、免疫学、药理学4个国家重点建设学科，免疫、生理、微生物3个军队重点实验室，遗传“三重”实验室，有“中国环境诱变剂学会”等8个全国一、二级学会挂靠该部。承担“973”、WHO、“863”、国家自然科学基金重点项目、杰出人才基金及各类基金共4000万元；年均在国内、外刊物上发表论文200篇以上，被SCI收录96篇；获得了包括自然科学奖在内的一批科研成果；两年来，通过科技引资、成果转化等，协议金额近2亿元。

海军医学系

The Faculty of Naval Medicine

第二军医大学海军医学系于1960年建成招生，是全军唯一的培养海军高层次医疗卫生人才的基地。建立以来，已为军队培养了大量的医学本科生、博士和硕士研究生，为海军的卫生事业做出了重要贡献。编写教材和出版专著80多部，发表论文1000多篇，获得军队科技进步二、三等奖57项，三等奖167项。曾参加国家和军队多项重大任务的医学保障。该系现有军队卫生学、航海医学、防化医学、放射医学4个教研室和1个高压氧医学中心。有航海医学、军事预防医学和放射医学3个博士学位授权学科，1个营养与食品卫生学硕士学位授权学科。现有教授10名，副教授15名，博士生导师6名，硕士生导师14名。该系的特色学科是航海医学，也是学校、军队和国家建设的重点。该学科1983年被确定为硕士学位授权学科；1990年被确定为博士学位授权学科；1995年设立博士后流动
