### 殷 切 期 望

深圳大学从建校之日起,就以其"特区大学特殊办"的改革精神和做法备受中央和省市领导的关注。他们都希望深圳大学办成一所新型的社会主义大学,为中国的高校改革闯出一条新的路子,为国家的改革开放事业培养更多的人才。

#### **Ardent Expectations**

Since its founding Shenzhen University has enjoyed an important position in the minds of the central and provincial governments. It has maintained a spirit of reform and has "run the university in a special way". It has been the government's expectation that SZU will become a brand new type of socialist university, opening up a new course of reforms for China's institutions of higher learning and turning out more professional people for the country's reform and open—door undertakings.
