

长沙市中心医院

黄永玉 题

CHANGSHA CENTRAL HOSPITAL

标志释义

INTERPRET OF THE SYMBOL

标志图形由“中”字的变形体组成，强有力的向心图形暗喻着中心医院的集体凝聚力，并组成代表着医疗行业的“十”字。

The Symbol is changed from the Chinese character “中”, powerfully centripetal figure suggests the collective cohesion of Changsha Central Hospital and forms the Cross which represents the medical trade.

■ 医院整体规划图 Integrative Plans

长沙市中心医院是长沙市委、市政府为优化卫生资源配置，根据城市发展需求投资兴建的一所大型现代化综合医院，由原长沙市第二医院、第五医院、急救站、老年医学研究所合并组建而成。

医院设有本部和分院，本部位于长沙市城南韶山南路161号，分院位于长沙市城北湘春路长春巷1号，占地面积185亩，建筑面积10.9万平方米，绿化面积达44.7%，停车位300余个，设计床位1100张，医院固定资产达到7亿多元。

医院现有职工1266人，其中高级专业技术人员91人，中级专业技术人员233人。医院学科齐全、技术力量雄厚，设临床医技科室42个，胸科中心、保健中心、肿瘤中心和急救中心是医院的专科特色。在四个中心的基础上，医院不断加强内、外、妇、儿、眼、耳鼻喉、口腔等综合业务的建设，完善服务功能，拓宽服务领域，重视人才的培养和使用，引进学科带头人，选送专业骨干国内外培训，并且承担多项国家和省、市科研合作项目。同时医院注重文化建设，公开服务承诺，严格物价、药品、医疗和服务质量的管理，不断满足人民对卫生服务的需求。

展望未来，全院职工将以优质服务体现“中心医院、爱心无限”的主题，医院将以崭新面貌崛起于三湘大地。

Changsha Central Hospital is a large-scale, modern and comprehensive hospital which was invested and builded by the Municipal Party Committee and the Municipality of Changsha city in order to re-dispose the medical resource and meet the needs for the social development. It's merged by The Second Hospital of Changsha, The Fifth Hospital of Changsha, Changsha Emergency Station and Changsha Geriatrics Research Institute.

Changsha Central Hospital installs headquarters and branch. The headquarters is located at No.161, South of the Shaoshan Road, southern of the Changsha city. The branch is located at No.1, Changchun Street, Xiangchun Road, northern of the Changsha city. The hospital covers 185 mu, the built-up area amount to 109,000 square meters, the greenwood rate amount to 44.7 percent. There are more than 300 parking places, 1100 designed hospital beds in the hospital, its fixed assets are more than 700 millions.

Changsha Central Hospital has 1,266 staffs at presnt. There are 91 high-grade professionally technical personneles and 233 middle-grade professionally technical personneles among them. The hospital has complete disciplines and tremendously technical strength. It's divided into 42 clinical departments and clinical supplementary departments. It has its features that includes Chest Center, Health Center, Tumor Center and Emergency Center. Based on such four centers, the hospital has been strengthening the synthetical specialties's construction of the internal medicine, surgery, obstetrics & gynecology, pediatrics, Ophthalmology, E.N.T., Stomatology, etc, consummating the fuction of service, expanding the field of service. The hospital pays much attention to the cultivation and use of the talent, introduces discipline vanguards, sends professional talent to cultivate domestic or abroad. It takes on various research projects of state, provincial and municipal. The hospital attaches importance to cultural establishments. It announces the promise of service, controls the price and the quality of the drugs, medical treatment and service, keeps on meeting the needs of the people's health.

Looking forward to the futue, the whole staff of the hospital will sincerely show the topic of "Central Hospital, Limitness Love" through high quality service.

Changsha Central Hospital will grow up on the land of Hunan Province.
