上海生物技术工业园区是上海市政府为加快基因工程医药科研成果转化而设立的现代生物医药产业化基地，建园宗旨是：政府导向搭台，发挥企业优势，产、学、研紧密结合，集中人力、物力、财力，立足自行开发科研成果，促进民族高科技产业发展。

上海生物技术工业园区位于上海浦东新区金桥出口加工区东南部，规划建设面积约 1.5 万平方米，东邻景丽高尔夫游乐区，西连上海华虹 NEC 微电子公司，园区区位优势明显，周边环境优雅。200 米宽绿化带萦绕其间，60 米宽新区主干道川陆路将园区与中法合作通用汽车城二期相连。上海生物技术二业园区建设分二期实施，一期工程总投资 5 亿多人民币，主要将有关科研院、所开发成功的基因工程和新型生化药品，经过中试和临床试验后，在园区建立符合 GMP 标准的生产车间，实现产业

Shanghai Bio-technology Industry Park is a modern bioengineering pharmaceutical industrialization base sponsored by Shanghai Municipal Government in order to accelerate the transmission of the gene engineering -pharmaceutical research results. The philosophy of the establishment is the stage established by the government, on which the enterprises playing important roles, well combination of the industry, university and research results with self-independence, promoting the development of the national Hi-tech industry.

Located in the south-east part of Shanghai Jinjiao Export processing Zone, Shanghai Bio-technology Industry Park the planing area of is 150,000 sq. meters, its east neighbouring the Jinli Gulf Club, its west neighbouring Shanghai Hua Hong NEC Electronics Company. The park enjoys the geographic advantage and delicate environment with 20 meter's wide green belt and 60 meter's wide major road of Pudong New Area connecting the Park and Sino-America GE Motor City. The construction of Shanghai Bio-technology Industry Park is divided into two phases. The total investment amount of the first phase is more than 500 million (RMB).
