Preface

Administrative vice mayor of the
Changchun Municipal Government

The 2nd China Changchun International Auto Fair drew attention from everywhere. With the support from all walks of life, Changchun succeeded in holding a top-class large-scale international fair of elite autos. It broke records of the same type of expositions in terms of scale, number of participating factories and dealers, number of participating people, fair furnishing, etc.

This auto fair was a millennium grand gathering showing the splendid accomplishment of the Chinese automobile industry as well as world-renowned automobiles. At this fair, about 100 new models from 18 world-famous auto works such as Volkswagen, Audi, Daimler-Chrysler, BMW, Hyundai, Toyota, Ford, etc. together with products from 72 Chinese auto works, such as FAW, Shanghai Auto, Dongfeng, Tianjin Auto, Beijing Auto, etc. found their way into the five large exhibition halls, the two outdoor exhibition yards, and the 18 exhibition zones. About as many as 500 vehicles were on display, ranging from the newest car models of "Baolai", and "Picasso" from South Asia to various models of jeep, special vehicle, heavy-duty trucks, and military utilities.

This auto fair was also a grand assembly of cultures with various features and rich contents. The "air ballet" parachuting show, the "Mayor Forum of Chinese Auto and Urban Development" with the relationship between automobile in the information age and the urban development being the theme, the "Chinese Auto Model Contest" participated by first-rate models in China, the Asian Auto Rally Race, which represented the highest level in Asia, these activities, one after another, are too many for people to see. They demonstrated the profound auto culture foundation of Changchun and contributed to the thick and strong cultural atmosphere of the fair.

The auto fair brought rich benefits to Changchun economy, enjoyment to the Changchun people, and inspirations to photographers. These wonderful top-class pictures of high artistic skills prove themselves to be from great masters and bring us artistic appreciation, enjoyment and eternal taste.

In closing, what I would like to say is that we are grateful to the photographers' for their dedication to their work, and to people from all walks of life for their attention to the auto fair.
