序

悠悠南明河畔，是贵州财经学院生长的摇篮；
葱郁的鹿冲关，延续着几代财院人艰苦拼搏，励志发展的足迹和变迁。
当东方的朝阳将第一缕晨光洒向鹿冲关麓，
承载了近半个世纪历史和文化的贵州财经学院立刻焕发出勃勃生机！
这是一片厚重的土地，经历了近五十年的迭变沧桑，
这是一片骄傲的土地，见证了近五十年的耕耘传奇！

回首往事，财院的命运与共和国的脉搏一起跳动，1958年创建，由于历史的原因，1962年停办；财院的建设与国家的改革开放紧密相联，1978年恢复建校，校址位于南明河畔的老校区，面积狭小，条件简陋；1999年通过了教育部的合格评价，为学校的飞跃发展，注入了鲜活的动力。2002年，财经学院校址主体北迁，坐落于绿树掩映的鹿冲关，由昔日的袖珍学校，弹丸之地，发展成占地一千余亩，拥有十万余平方米的教学行政用房，三十二个本科专业，二十一个硕士学位授权点，千余名教职员工，万余名在校学生，以经济类、管理类为主的多科性教学型大学。财院

今天的成就与国家教育部的本科教学水平评估息息相关。

“厚德、博学、笃行、鼎新”，凝练为财经学院的基本品格，是我们发展教育的根本理念；立足贵州，关注贫困，艰苦奋斗，自强不息，富民兴黔，已成为新老财院人的精神支柱和行动指南。为了实现“把学校建设成西部地区高水平的教学型大学”的奋斗目标，学校党委明确了“质量立校、人才兴校、科研强校”的发展之路。全校师生员工在校党委、校行政的领导下，以中国化的马克思主义和科学发展观为指导，团结拼搏，开拓进取，为学校描绘出更加辉煌灿烂的画卷。

苍山迭翠，红墙耀眼，古老的松柏与青春的身影交相辉映，定格为一幅幅和谐的美景；阵阵清风与朗朗的书声合奏繁响，吟诵着一曲曲耕耘之歌。

在这片希望的热土上，沉淀了几代财院人理性的思考，演绎着我们执着的追求和充实精彩的人生！

Guizhou College of Finance and Economics

Guizhou College of Finance and Economics was founded in 1958. After more than forty years of development, it has become a multi-discipline university in finance and economics with nearly ten thousand students, where disciplines in economics and management compose the majority, and those in economics, management, law, the arts, science, engineering, and education mingle together.

Guizhou College of Finance and Economics is located in Guiyang, the capital of Guizhou Province. The school has a planned area of 1040.65 mu. It consists of two campuses – the North Campus and the South Campus. The main campus, located at Luchongguan Road in North Guiyang, boasts an abundance of trees, flowers, and grass. The South Campus is adjacent to Hebin Park in central Guiyang and has become a base for adult education.

The College has always deemed it its duty to vitalize Guizhou and enrich the people living there and makes a practical contribution to the leapfrog economic and social development in Guizhou. We aim to make the College a high-level teaching-oriented university in West China, an educational base for economics and management professionals in Guizhou Province, a research center for economics and management theory in Guizhou Province, and a policy research and consultation center for economic and social development in less-developed areas; we also attach much importance to cultivating high-level application-oriented professionals who are based on Guizhou, poverty-focused, hard working and highly adaptable.

The College currently employs 537 full-time teachers, among whom there are 50 with a senior professional title and 161 with an associate senior professional title; 34 with a doctorate degree and 212 with a master's degree; 2 young and middle-aged talents of outstanding technological excellence at provincial level, 15 experts directly under the provincial government, and 13 recipients of State Council or provincial government grants; 81 tutors for master's degree candidates; 2 discipline leaders at provincial level and 41 discipline leaders and young and middle-aged teachers of academic excellence at college level. There are also teachers awarded "Labor Day" medal and excellent teachers at provincial level. In addition, scores of experts and scholars in the fields of economics and management from home and abroad are engaged by the College as guest professors or adjunct professors. In 2004, Professor Hong Yin-xing from Nanjing University, winner of the Sun Ye-fang Award in Economics, was engaged by Guizhou Provincial Committee of the CPC and Guizhou Provincial People's Government as honorary president of the College.

The College has set up the only provincial-level economics and management research base of humanities and social sciences in Guizhou, and has established 7 key disciplines at provincial level, and 5 key disciplines and 2 discipline with key support at college level, thus constituting a discipline cluster and a scientific research force in economics and management with considerable advantage in Guizhou Province. The College offers 32 undergraduate majors, 21 master's degree programs, and 1 primary-discipline master's degree program in applied economics.

In order to safeguard the quality of education and to ensure steady improvement in the standard of instruction, the College has implemented a system of inspection and evaluation, strengthened the teaching management system and the construction of the management team, constantly improved their overall quality, service awareness and service level and intensified the quality awareness among faculty and staff.

The College pays great attention to student quality education, actively builds campus culture, offers elective courses in humanities and science and technology, and organizes various extracurricular activities like knowledge and skill competitions. The College sponsors such events as "Humanities Forum," "Economics Forum," and "Science and Technology Forum" throughout the year in order to promote the improvement of students' ideological and ethical standards and cultural qualities.

The College actively promotes teaching and research through discipline building. In the past three years, it has undertaken 169 research projects at and above provincial level, including projects from the National Social Sciences Fund, the National Natural Sciences Fund, the Ministry of Education, the Ministry of Agriculture, Guizhou Province Social Science Research Topics, Guizhou Province Department of Science and Technology, and Guizhou Province Department of Education. In the last two sessions of Guizhou awards for achievement in philosophy and social sciences, the College ranked top among colleges and universities.

The College pays special attention to external exchange and cooperation. It has established educational cooperation relationships with such institutions as Wuhan University and Shanghai University of Finance and Economics. Through the exchange of scholars and scientific research, it is similarly engaged in long-term cooperation with California State University Fullerton, Hope International University and Oakland University in the United States, University of Bordeaux in France, and Osaka University of Economics and Tokyo Keizai University in Japan. In addition, the College has joined the Association of Universities of Asia and the Pacific.

In order to better support an atmosphere of teaching, research, and learning, the College is steadily improving its service systems. The library currently has a collection of 932,000 volumes of books and 464,000 electronic books. Electronic reading rooms and a reference room covering the provincial conditions, which is the only one and gives the most extensive coverage in colleges and universities in Guizhou, further rounds out the library's offerings. The College is well equipped with plentiful multimedia classrooms, multimedia lecture halls, basic laboratories and specialized laboratories, FM foreign language radio stations, and a well-functioning, high-coverage campus information network. The College has also built athletic fields, gymnasiums, ball fields and courts, and fitness centers for physical education, exercise and leisure activities. In addition, good public service facilities provide support for the work and life of teachers and students.

贵州财经学院创建于1958年。经过四十多年的发展，已成为一所具有万人规模，以经济、管理类学科为主体，“经、管、法、文、理、工、教”相互交融、互为支撑的多科性财经类大学。

80年代有一位同学在作文《校园见闻》中这样描写老校区的环境：“一个点球可以从前门发到后门”。当时，学校的办学条件异常艰苦、与多家单位交错在一起，活动场地狭小，有卫生间改造的办公室、有被称为“一张桌子的教研室”、有置于学生宿舍顶部昏暗破旧的“假三楼”上的“顶棚图书馆”。“十五”期间，我们同甘共苦、艰苦创业、开拓进取，抓住发展机遇，加大教学投入，全面改善了基础设施，使学校发展成拥有千余亩土地，空气清新、环境优美的园林式大学。软件建设和硬件设施达到了较好水平。

1. 时任贵州省委书记钱运录（右二）到我校调研
2. 时任教育部副部长周远清（右一）视察我校并题词
3. 时任贵州省委副书记王三运（左四）视察我校
4. 时任贵州省委副书记孙淦（前排左一）出席我校第一届党代会，并作重要讲话
5. 贵州省委副书记王富玉（前排左二）到我校调研
6. 贵州省副省长刘鸿庥（前排中）到我校视察工作
7. 贵州省政协副主席马文骏（右一）视察我校后勤社会化改革工作并题词

我校从创建、复建至今，经历了艰难曲折的发展历程，得到了各级领导和社会各界的亲切关怀与热情指导。国家教育部、省委、省政府以及教育厅等上级领导多次莅临学校指导工作，对学校的建设与发展给予了极大的支持和鼓励。

在各级领导的正确指导下，在学校领导班子的带领下，通过全校师生员工坚持不懈的努力，学校实现了发展史上的历史性跨越。
