星移斗轉, 滄海桑田。厦門電力工業 創建至今, 已歷經八十春秋。八十年只是 歷史長河中短暫的一瞬間, 然其間却蘊含 着多少創業之艱辛、建業之甘甜。八十年 風風雨雨, 擋不住電力職工的一片火熱情 懷。厦電職工的奉獻猶如一座豐碑, 聳立 在如花似錦的鷺島大地。他們發出的光熱, 把厦門人民的生活點綴得絢麗多彩; 他們 輸出的電力, 使特區經濟騰飛如虎添翼。

撫今追昔, 感慨萬千, 厦門電力工業

從無到有,從小到大,終于發展成一個初 具規模的中型產業部門,幷以其欣欣向榮 之貌,拔萃于特區建設之林。

現編印這本紀念畫册,旨在以圖片資料記載電力發展的里程,謳歌企業開拓奮鬥的精神。但鑒于種種原因而未能使圖片展示臻于完善,希望讀者見諒。最後,謹將此畫册奉獻給關心、支持和帮助厦門電力建設的領導和單位,奉獻給過去、現在和未來的光明使者。

Preface

Time flies like an arrow and great changes occur in the world. Eighty years has passed since the founding of the power industry in Xiamen; Eighty years, a very short period in the recorded history, has witnessed not only all the painstakings and hardships in doing pioneering work but also all the sweetness and happiness from the success in founding enterprises. In the past eighty years, neither wind nor rain has suppressed the fervent hearts of the workers and staffs in Xiamen power industry, whose contributions are a monument in the beautiful Egret Island. Light brought by them makes the life of Xiamen people bright and colourful; achievements reached by them contributes a lot to the soaring up of the economy of Xiamen Special Economic Zone.

Evoking memories of the past while living in the present fills our minds with worthwhile recollections. Growing out of nothing and being well on the way from a small-sized enterprise to a big-sized one, Xiamen power

industry is beginning to take shape of a medium-sized enterprise; and its prosperity has made itself stand out among thousands of enterprises in XSEZ.

This commemorative picture album is compiled and printed to record the development of Xiamen power industry and sing the parises of the enterprise spirit of being pioneer and forging ahead. We beg readers' parden for our failure to give a comprehensive and perfect presentation of photos concerned, which is due to many reasons. This album is dedicated to those leaders and units whose concerns, supports and helps we have enjoyed in the construction of Xiamen power industry and also to the light envoys of the past, the present and the future.
