序言

PREFACE

这本奉献给广大读者的书画册,是由市委政法委从全市政法系统书画展作品中选编而成的。所选作品都是我市政法系统工作者创作的具有鲜明时代特征的精品力作,是近年来我市政法系统学习贯彻“三个代表”重要思想,加强政法文化建设的又一成果。作者都是本部门的一线同志,他们对政法工作、政法文化有着深厚的感情和炽烈的热爱。他们的作品贴近基层政法干警生活、贴近政法工作实际,主题鲜明,题材多样,表现手法也有所创新,艺术性强;他们以不同的手法和艺术风格热情洋溢地讴歌政法战线的优秀人物和先进事迹,集中表现了“立党为公、执法为民”这个主题。

“闲眼墨养性情,危崖砥身真功”。这次选编的书画作品仅是广大政法干警在业余时间中辛勤创作的一小部分。宁波作为沿海开放城市,经济发达,流动人口众多,社会稳定工作的情况复杂,形势严峻,工作任务繁重。广大政法干警只有具备文武兼备、智勇双全的良好素质,才能更好地承担起维护我市社会稳定的重任,才能不辜负党和人民对我们的重托和期望,这些素质要靠平时养成。其中爱好书画,加深人文涵养,是一个重要方面。

文化是一个城市的灵魂。宁波作为全国历史文化名城,历史悠久,人文荟萃,文化资源丰富。千百年来,宁波“商船往来,物货毕至”,积累了丰厚的文化底蕴,历史文脉源远流长。这本书画册中的许多作品是在对我省、我市浓厚历史人文资源的感悟、思考 and 表现中显露出了相应的艺术功力,继承和发扬了我国优秀传统文化的精华,使千年古城充满包容开放的时代气息。我市政法系统的许多书画爱好者自觉地将社会大众的文化普及教育和宁波市民文化素质的提高视为自己义不容辞的职责。他们用历代积淀而成的高尚、优良的人文文明,智慧和情感的结晶,去滋润大众的心灵,由此提高全体市民的文明素质和谐美境,促进社会稳定和文明进步。

十六大报告指出:“全面建设小康社会,必须大力发展社会主义文化,建设社会主义精神文明”,文化是创新的先导动力。当今世界,文化与经济和政治相互交融,在综合国力竞争中的地位和作用越来越突出,文化力量深深熔铸在民族的生命力、创造力和凝聚力之中。我市政法文化建设以发展先进文化为方向,坚持古今并蓄,众长兼容;加强文化交流,积极吸收先进文明成果,大力培育和弘扬宁波政法精神,为加强我市政法队伍建设,确保公正执法、文明执法,创造一个良好的法治环境打下坚实的基础。这次全市政法系统书画展的成功举办和书画册选编工作的顺利完成,得到了奥克斯集团的大力支持,借此机会谨表谢意。

The calligraphy and painting collection is made up of all the excellent works of the calligraphy and painting exhibition of municipal politics and law system. All the selected works are religious with distinctive characteristics of times and are products of strengthening culture of politics and law system under the studying and implementing the important thought of "Three Represents" in recent years. All the authors come from the primary unit of politics and law system, intensively love the culture of politics and law system with deep passion. Pressing close to policemen and cadres' real life in primary unit and real condition of politics and law, their works with distinctive themes, diverse materials and newly artistic style sing high praise of the outstanding personages and meritorious deeds of the politics and law system. All this works concentrate on the theme of "Build the party for the public, enforce the law for the people".

"Training and writing of spare time helps to develop noble personality, and the behavior in dangerous conditions reflects the real ability." The selected works only cover a small part of those created by the numerous policemen and cadres in spare time. As an open coastal city with developed economy and big moving population, Ningbo is faced with complex conditions and heavy tasks of social stability. Only when the policemen and cadres are imbued with the intelligence and force, wisdom and bravery, can they undertake the great mission of maintaining the social stability and meet the demands and expectations of the CPC and the people. All the excellent traits should be obtained in everyday life and the hobby of calligraphy and painting essentially contribute to training cultural personality.

Culture is the soul of cities. As a well-known national historical and cultural city, Ningbo has a long history and abundant cultural resources after hundreds of thousands years' accumulation. Based on the understanding and thought of Zhejiang and Ningbo historical and cultural resources, most of the works in the collection inherit and develop the essence of Chinese traditional culture, which contributes to fulfilling the thousand-year ancient city with the spirit of times. Those amateurs of calligraphy and painting in politics and law system hold conclusively the duty of popularizing the most culture and enhancing the citizen's cultural quality. They try to imbue the masses with magnificent and elegant human civilization so as to enhance the citizen's aesthetic faculties and collection quality, maintain the social stability and make civilization progress.

The report of the 16th National Congress of the Communist Party of China indicates: "To build a well-off society in an all-round way calls for major efforts to develop socialist culture and spiritual civilization." Culture is the motive force of innovation. In the present-day world, culture is interactive with economic and political activities, and its status and functions are becoming more and more outstanding in the competition in overall national strength. The power of culture is deeply rooted in the vitality, creativity and cohesion of a nation. The culture of municipal politics and law system, keeping to the orientation of building advanced culture, to the exchanging of different culture, and drawing on the advanced civilizations, contributes to build a contingent of politics and law system and lays a solid foundation for creating a favorable legal climate. We are grateful to AUX Group Company for its big help to the successful conduct of calligraphy and painting exhibition of municipal politics and law system and to the company for publishing the calligraphy and painting collection.
