BIBLIOGRAPHY OF PSYCHOLOGICAL LITERATURE
BY CHINESE AUTHORS

Up to 1934

AI, W. (艾偉).

1. The measurement of Chinese characters: Monog. Psychol., Educ., Nat. Cent. Univ., Nanking (中央大學心理教育專篇), vol. 1, No. 2, 96, 1934 (Chinese).
2. Reading the Chinese characters horizontally and vertically—a comparative study: The Educ. Res., Nat. Cent. Univ., Nanking (中央大學教育叢刊), vol. 1, No. 1, 99, 1933 (Chinese).
3. The psychology of school subjects: Nat. Central Univ., Nanking, 1931 (Chinese).

CHANG, H. C. (張錫鈞) and LIU, S. Y.

1. The influence of the ligation of the two common carotid arteries on maze performance by the white rat: J. Comp. Psychol., vol. 8, 71, 1928.

CHANG, K. L. (張官廉).

1. A study of the attitudes and interests of Chinese middle school students: Yenching Stud. Psychol. (燕京大學心理學研究專刊), No. 2, pp. 34 (Chinese) plus 1 (English), 1934.

CHANG, T. S. (張達善), YANG, S. Y., and KAO, K. S.

1. A study of visual attention and position: Chung Hwa Educ. Rev. (中華教育界), vol. 21, No. 2, 51, 1933. (Chinese).

CHANG, Y. C. (張耀翔).

1. Effect of Chinese vertical vs. horizontal writing on speed of reading: Thesis, New York: Columbia Univ. Library, 1918.
2. Chinese vocabulary tests: J. Psychol. (心理), vol. 1, No. 1, 1922. (Chinese).

3. A new substitution test: *J. Psychol.* (心理), vol. 1, No. 2, 1922. (Chinese).
4. Intelligence tests for Chinese college or university candidates: *J. Psychol.*, (心理), vol. 4, No. 2, 1926. (Chinese).

CHEN, H. C. (陳鶴琴).

1. Capacity to learn of an aged person: *J. Psychol.* (心理), vol. 2, No. 1, 11, 1923 (Chinese).
2. Study of Child Psychology (兒童心理研究): The Commercial Press, Shanghai (上海商務印書館), Pp. 460, \$2.40 Mex., 1924 (Chinese).
3. and LIAO, S. C. (廖世承). Intelligence Tests (智力測驗法): The Commercial Press, Shanghai (上海商務印書館), \$0.80 Mex., (Chinese).

CHEN, H. P. (陳漢標). See CHOU, S. K.

CHEN, H. S. (陳選善).

1. The comparative coachability of certain types of intelligence tests: *Teach. Coll. Contrib. Educ.*, No. 338, Pp. 101, 1928.

CHEN, K. C. (程克敬).

1. Variations of the same students through a series of tests and scholarship records: *Ky. Person. Bull.*, No. 8, 1933.
2. and others. A report of the construction of a measuring scale for English spelling: *Shih Ta Mo.*, 32nd Anniv. Mem. Issue (師大月刊, 卅二週紀念刊), Pp. 12, 1934 (Chinese).

CHEN, L. K. (陳禮江).

1. and CARR, H. A. The ability of Chinese students to read in vertical and horizontal directions: *J. Exp. Psychol.*, vol. 9, 110, 1926.
2. and WANG, W. H. (王文新). An experimental study of the ability of left-hand writing at different age levels: *Educ. & Masses* (教育與民衆), vol. 5, No. 3/4, 755, 1933 (Chinese).

CHEN, T. C. (陳大齊).

1. Outline of Psychology (心理商大綱): The Commercial Press, Shanghai (上海學務印書館), Pp. ii+216, \$0.60 Mex., 1929, (Chinese).
2. Superstition and Psychology (迷信與心理): Peking Univ. Press, Peking University, Peiping (北京大學出版社), Pp. 190, \$0.40 Mex., 1922, (Chinese).

CHEN, T. Y. (陳德榮).

1. Behaviourism (行為主義): The Commercial Press, Shanghai (上海商務印書館), Pp. x+190, \$1.80 Mex., 1933, (Chinese).

CHEN, N. Y. (程迺頤).

1. Retroactive effect and degree of similarity: J. Exp. Psychol., vol. 12, 444, 1929.

CHIN, K. (秦拱). See T'ANG YÜEH.

CHIN, Sook Ri.

1. Sur la discrimination du nombre chez les pigeons: Acta Psychologica Keijo, II, vol. 3, 76, 1934.

CHOU, E. Z. (鄒恩潤).

1. Vocational Intelligence Tests (職業智能測驗法): The Commercial Press, Shanghai (上海商務印書館), \$0.30 Mex., (Chinese).

CHOU, HENRY H. C. (周學章).

1. Measurement of composition ability: Teach. Coll., Columbia Univ., New York.

CHOU, S. K. (周先庚).

1. Is 'psychology' a delusion? British Museum, London, 1-111.
2. Trends in Chinese psychological interest since 1922: Amer. J. Psychol., vol. 38, 487, 1927.
3. The present status of psychology in China: Amer. J. Psychol., vol. 38, 664, 1927.
4. A multiple groove board for testing motor skill: J. Exp. Psychol., vol. 12, 249, 1929.

5. A universal finger maze: the pattern box; maze pattern and maze construction: *J. Gen. Psychol.*, vol. 2, 527, 1929.
6. A quadrant tachistoscope: *Proc. 9th Int. Cong. Psychol.*, 117, 1929.
7. Reading and legibility of Chinese characters: *J. Exp. Psychol.*, vol. 12, 156, 1929.
8. A quadrant tachistoscope for studying the legibility of Chinese characters: *J. Exp. Psychol.*, vol. 178, 1929.
9. A modification of the Dunlap chronoscope: *J. Exp. Psychol.*, vol. 12, 459, 1929.
10. The influence of reading direction and character position upon the speed of reading Chinese by means of a new Quadrant Tachistoscope: *Psychol. Bull.*, vol. 26, 6, 1929.
11. Gestalt in reading Chinese characters: *Psychol. Rev.*, vol. 37, 54, 1930.
12. An automatic card feeder and catcher mechanism: *J. Gen. Psychol.*, vol. 3, 179, 1930.
13. 'Tachistoscope' vs. 'bradyscope': *Amer. J. Psychol.*, vol. 42, 303, 1930.
14. Reading and legibility of Chinese characters. II: *J. Exp. Psychol.*, vol. 13, 332, 1930.
15. Reading and legibility of Chinese characters, III: Judging the position of Chinese characters by American subjects: *J. Exp. Psychol.*, vol. 13, 438, 1930.
16. *Correction* (for Reading and legibility of Chinese characters: II & III): *J. Exp. Psychol.*, vol. 14, 186, 1931.
17. Cinematography of psychologies: *Psychol. Rev.*, vol. 38, 254, 1931.
18. Psychological laboratories in China: *Amer. J. Psychol.*, vol. 44, 372, 1932.
19. What is the curve of forgetting? *Amer. J. Psychol.*, vol. 45, 348, 1933.

20. A modification of Ranschburg's exposure apparatus: *J. Gen. Psychol.*, vol. 9, 243, 1933.
21. A water elevated maze: *J. Gen. Psychol.*, vol. 11, 223, 1934.
22. Maze construction and the rolling-ball maze: *J. Gen. Psychol.*, vol. 11, 197, 1934.
23. The psychology of reading Chinese characters (Ph. D. thesis, Stanford University, August, 1929): Abstract, *Stanford University Abstracts of Dissertations, 1929-30*, vol. 5, 151.
24. Reaction-keys and a new technique for reading-reactions: *Amer. J. Psychol.*, vol. 41, 469, 1929.
25. Can you read upside down? *Chinese Students' Monthly (學生雜誌)*, vol. 24, 274, 1929 (Chinese).
26. A study of mental depression of Chinese students and mental hygiene: *Quart. Rev. Sun Yat-sen Inst. Advanc. Cult. Educ., Nanking (中山文化教育館季刊)*, vol. 1, 707, 1934, (Chinese).
27. and CHEN, H. P. (陳漢標). A survey of color preference of Chinese students: *Educ. & Voc. (教育與職業)*, Ser. No. 157, 437, 1934, (Chinese).

CHU, Jennings PIN-KWEI (朱斌魁).

1. Chinese students in America: qualities associated with their success: *Teach. Col., Columbia Univ., New York*, Pp. 55, 1922.

CHU, K. C. (朱光潛).

1. *Abnormal Psychology (變態心理學)*: The Commercial Press, Shanghai (上海商務印書館), Pp. 170, \$1.00 Mex., 1933, (Chinese).

CHUANG, C. H. (莊澤宣).

1. The theory of reversibility of the sensory-motor path: *J. Gen. Psychol.*, vol. 1, 603, 1928.

FEL, C. H. (費景瑚).

1. Six months' observations of the psychophysical

development of a newborn child: *The N. C. J. Psychol., Nat. Central Univ., Nanking* (中央大學心理半年刊), vol. 1, No. 2, 42, 1934, (Chinese).

HAO, Y. T.

1. The memory span of six hundred Chinese school children in San Francisco: *School & Soc.*, vol. 8, 893, 1924.

HO, C. J. (何清儒).

1. Personnel factors and turnover of sales clerks: *Indus. Psychol.*, vol. 3, 358, 1928.
2. Which workers have good attendance? *Person. J.*, vol. 7, 385, 1929.
3. Following-up employees: *Person. J.*, vol. 7, 455, 1929.
4. Health and labor turnover in a department store: *Person. J.*, vol. 9, 216, 1930.

HO, Y. H.

1. Transfer and degree of integration: *J. Comp. Psychol.*, vol. 8, 87, 1928.

HSIAO, H.H. (蕭孝嶸).

1. Jones, H. E. and, A preliminary study of intelligence as a function of birth order: *J. Genet. Psychol.*, vol. 35, 428, 1928.
2. Some contributions of Gestalt psychology from 1926 to 1927: *Psychol. Bull.*, vol. 25, 613, 1928.
3. Is Thorndikianism the last word in the psychology of learning? *J. Gen. Psychol.*, vol. 2, 115, 1929.
4. The mentality of the Chinese and Japanese: *J. Appl. Psychol.*, vol. 13, 19, 1929.
5. An experimental study of the rat's insight within a spatial complex: *Univ. Calif. Publ. Psychol.*, vol. 4, 57, 1929.
6. The status of the first born with special reference to intelligence: *Genet. Psychol. Monog.*, vol. 9, 1, 1931.
7. A test of multi-adaptability: *J. Testing* (測驗), vol. 1, 16, 1932, (Chinese).

8. An analysis of the Thorndikian laws of learning (學習定律分析): Chung-Shan Book Co., Nanking (南京鍾山書局), Pp. ii + 136, \$0.80 Mex., 1933, (Chinese).
9. Sex differences in mental growth and decline: J. Educ. Psychol., vol. 24, 161, 1933.
10. A preliminary study of the formal development of memory: J. Testing (測驗), vol. 3, 55, 1933, (Chinese).
11. An analysis of the "principle of belonging": Contrib. Educ. Nat. Central Univ., Nanking (中央大學教育叢刊), vol. 1, No. 1, 33, 1933, (Chinese).
12. A study of four kinds of abilities of hand movement: Chung Hwa Educ. Rev. (中華教育界), vol. 21, 35, 1933, (Chinese).
13. Studies of motion: J. Testing (測驗), Ser. No. 4, 7, 1933, (Chinese).
14. Pregnancy order and early development: Child Development, vol. 4, 140, 1933.
15. Experimental Child Psychology (實驗兒童心理學), Chung Hwa Book Co., Shanghai (上海中華書局), \$0.70, Mex., (Chinese).
16. Abnormal Psychology (變態心理學): Cheng Chung Book Co., Nanking (南京正中書局), \$1.50 Mex., 1934, (Chinese).
17. Principles of Gestalt Psychology (格式塔心理學原理), The Commercial Press, Shanghai (上海商務印書館), Pp. ii+114, \$1.40, Mex., 1934, (Chinese).
18. Determinants in the formation of perceptual units: Monog. Psychol. & Educ., Nat. Central Univ., Nanking (中央大學心理教育專篇), vol. 1, No. 1, 104, 1934, (Chinese).
20. A comparative study of effect of "grouping" and "scattering" upon learning: N. C. J. Psychol., Nat. Central Univ., Nanking (中央大學心理半年刊), vol. 1, No. 2, 7, 1934, (Chinese).

HU, I. (胡毅).

1. The time aspect in the habit of writing Chinese characters: Stud. Psychol. Lab., Inst. Educ. Res., Nat. Sun Yat-sen Univ., Canton (中山大學教育研究所心理實驗報告), Series A, No. 2, Pp. 54, (Chinese section, detailed), plus 7 (English section, brief).
2. Relation of the position of the arm to the line of writing: Chinese J. Educ. Res. (教育研究), vol. 4, 14, 1930, (Chinese).
3. An experiment on the oral and silent reading of different kinds of material by adults: Chinese J. Educ. Res. (教育研究), vol. 5, 55, 1930, (Chinese).
4. An experiment on adult silent and oral reading and the effect of different kinds of material: Chinese J. Educ. Res. (教育研究), vol. 7, 55, 1931, (Chinese).
5. The perception span and its relation to school grade and chronological age: Inst. Educ. Res. Sun Yatsen Univ., Canton (中山大學教育研究所研究報告), 1932.
6. and LIN, C. C. (林錦成). The relation between writing speed and quality and speed of movement, steadiness of movement, and the strength of grip: Stud. Psychol. Lab., Inst. Educ. Res., Nat. Sun Yatsen Univ., Canton (中山大學教育研究所專刊之一), Series A, No. 3, Pp. 50, 1934, (Chinese).

HUANG, I. (黃翼).

1. An analysis of the maze technique: J. Comp. Psychol., vol. 8, 301, 1928.
2. Children's explanations of strange phenomena: Psychol., Forsch., vol. 14, 63, 1930.

KAO, K. S. (高光世). See CHANG, T. S.

KE, C. H. (葛承訓).

1. Psychology of a girl infant: Child Book Co., Shanghai, (上海兒童書局), Pp. 97, \$0.30 Mex., 1933, (Chinese).
2. Child Psychology and Interest (兒童心理與興味): Chung Hwa Book Co., Shanghai (上海中華書局), \$0.30 Mex., (Chinese).

KUO, ITZEN (郭一岑).

1. Vergleichende Untersuchungen ueber das Aubertsche Phänomen: Z. f. Psychol., Bd. 108, 49, 1928.

KUO, Z. Y. (郭任遠).

1. Give up instincts in psychology: J. Phil., vol. 18, 645, 1921.
2. How are our instincts acquired? Psychol. Rev., vol. 29, 344, 1922.
3. The nature of unsuccessful acts and their order of elimination: J. Comp. Psychol., vol. 2, 1, 1922.
4. Human Behavior (人類的行爲): The Commercial Press, Shanghai, (上海商務印書館), Pp. xii+292, 1923, (Chinese).
5. Psychology and Heredity (心理與遺傳): The Commercial Press, Shanghai (上海商務印書館), \$2.50, (Chinese).
6. Essays of Psychology by Kuo Zing-yuan (郭任遠心理學論叢), Kai Ming Book Co., Shanghai (上海開明書局),
7. A behavioristic experimentation inductive inference: J. Exp. Psychol., vol. 6, 247, 1923.
8. A psychology without heredity: Psychol. Rev., vol. 31, 427, 1924.
9. The fundamental error of the concept of purpose and the trial and error fallacy: Psychol. Rev., vol. 35, 414, 1928.
10. The net result of the anti-heredity movement in psychology: Psychol. Rev., vol. 36, 181, 1929.
11. Purposive behavior and prepotent stimulus: Psychol. Rev., vol. 36, 547, 1929.
12. Genesis of the cat's responses toward the rat: J. Comp. Psychol., vol. 11, 1, 1930.
13. Ontogeny of embryonic behavior in Aves. I. The chronology and general nature of the behavior of the chick embryo: J. Exp. Zool., vol. 61, 395, 1932.

14. Ontogeny of embryonic behavior in Aves. II. The mechanical factors in the various states leading to hatching: *J. Exp. Zool.*, vol. 62, 453, 1932.
15. Ontogeny of embryonic behavior in Aves. III. The structural and environmental factors in embryonic behavior: *J. Comp. Psychol.*, vol. 13, 245, 1932.
16. Ontogeny of embryonic behavior in Aves. IV. The influence of embryonic movements upon the behavior after hatching: *J. Comp. Psychol.*, vol. 14, 109, 1932.
17. Ontogeny of embryonic behavior in Aves. V. The reflex concept in the light of embryonic behavior in birds: *Psychol. Rev.*, vol. 39, 499, 1932.
18. Ontogeny of embryonic behavior in Aves. VI. Relation between heart beat and the behavior of the Avian embryo: *J. Comp. Psychol.*, vol. 16, 379, 1933.

LEE ANG LANFEN, (李昂).

1. An experimental study of retention and its relation to intelligence: *Psychol. Monog. No. 157*, 1925.

LEW, TIMOTHY TINGFANG (劉廷芳).

1. The psychology of learning Chinese: *Chinese J. Pol. & Soc. Sci.* vol. 7, No. 4, 120, 1923; vol. 8, No. 1, 1, No. 2, 1, No. 3, 144, No. 4, 1, 1924.

LIANG, B. T. (梁培德).

1. The effect of gonadectomy and testicular transplantation on habit formation and retention in the white rat: *J. Genet. Psychol.*, vol. 43, 140, 1933.

LIAO, S. C. (廖世承). See also CHEN, H. C.

1. Group Intelligence Tests, 2 forms (團體智力測驗與統計, 二種), The Commercial Press, Shanghai (上海商務印書館), \$0.65 each, 1925, (Chinese).
2. Educational Psychology (教育心理學): Chung Hwa Book Co., Shanghai, (上海中華書局), \$1.40, Mex., (Chinese).

LIN, C. C. (林錦成). See HU, I.

LING, P. (凌冰).

1. Feeble-mindedness and heredity: *J. Genet. Psychol.*, vol. 25, 1, 1918.

LIU, HERMAN CHEN EN (劉湛恩).

1. Non-verbal tests for use in China: New York: Bur. Publ., Teach. Coll., Columbia Univ.

LIU, S. Y. (劉紹禹). See also CHANG, H. C.

1. The relation of age to the learning ability of the white rat: *J. Comp. Psychol.*, vol. 8, 75, 1928.

LUH, C. W. (陸志韋).

1. The conditions of retention: *Psychological Monog.*, No. 142, 1922.
2. Chinese national revision of the Binet tests: The Commercial Press, Shanghai (上海商務印書館), 1923, (Chinese).
3. A New Approach to Social Psychology (社會心理學新論): The Commercial Press, Shanghai (上海商務印書館), \$0.60 Mex., 1923, (Chinese).
4. A note on the relation between the constancy of the IQ and the rate of mental growth: *J. Genet. Psychol.*, vol. 36, 185, 1929.
5. A note on the curve of mental growth: *J. Genet. Psychol.*, vol. 36, 183, 1929.
6. "Practical logic" and Ladd-Franklin's black: *Psychol. Rev.*, vol. 37, 267, 1930.
7. An experiment in continuous dart-throwing: *J. Genet. Psychol.*, vol. 38, 450, 1930.
8. The avoidance of repetitive responses: *Psychol. Rev.*, vol. 38, 276, 1931.
9. and WU, T. M. (吳天敏). A comparative study of the intelligence of Chinese children on the Pintner performance and the Binet tests: *J. Soc. Psychol.*, vol. 2, 402, 1931.
10. Word association in Chinese children: *Yenching Stud. Psychol.*, Yenching Univ., Peiping, (燕京大學心理學研究專刊), No. 1, Pp. 60 (Chinese section, detailed) plus 7, (English section, brief), 1932.

11. The self-estimation of Chinese students: *J. Soc. Psychol.*, vol. 4, 245, 1933.
12. and LIANG, B. T. (梁培德). Further studies in forgetting and reminiscence: *Yenching Stud. Psychol.*, No. 3, 1, 1933.
13. and SHEN, N. C. (沈迺璋). Direction orientation in mice: *Yenching Stud. Psychol.*, No. 3, 25, 1933.

LUNG, H. (龍動).

1. A comparative study of localizations of pain and touch and two-point threshold: *The N. C. J. Psychol.*, Nat. Central Univ., Nanking (中央大學心理半年刊), vol. 1, No. 2, Pp. 8, 1934, (Chinese).

NI, C. F. (倪中方).

1. The effect of combining some geometrical optical illusions: *J. Gen. Psychol.*, vol. 10, 472, 1934.
2. The influence of punishment for errors during the learning of the first maze upon the mastery of the second maze: *J. Comp. Psychol.*, vol. 18, 23, 1934.
3. An experimental study of the influence of punishment for errors during learning upon retention: *J. Comp. Psychol.*, vol. 17, 279, 1934.

PAN, S. (潘菽).

1. The vertical-horizontal illusion: *N. C. J. Psychol.*, Nat. Central Univ., Nanking (中央大學心理半年刊), vol. 1, No. 1, 125, 1934, (Chinese).
2. A study in esthetic judgment: The influence of familiarity: *N. C. J. Psychol.*, Nat. Central Univ., Nanking (中央大學心理半年刊), vol. 1, No. 2, Pp. 10, 1934, (Chinese).

PAN, Y. (潘淵).

1. The relation between feeling and conation with special reference to the hedonic and hormic theories (2 vols.): Thesis for the degree of Ph. D. in 1930, Univ. London Library, South Kensington, London, Pp. 967, 1930.

SCHOU, H. I.

1. Funktionelle Neuroser: Ugeskr. Laeg., Bd. 96, 1029, 1934.

SHEN, E. (沈有乾).

1. Miles, W. R. and, Photographic recording of eye movements in the reading of Chinese in vertical and horizontal axes: Method and preliminary results: J. Exp. Psychol., vol. 8, 344, 1925.
2. The influence of friendship upon personal ratings: J. Appl. Psychol., vol. 9, 66, 1925.
3. The intellectual resemblance of twins: School & Soc. vol. 21, 601, 1925.
4. The validity of self-estimate: J. Educ. Psychol., vol. 16, 104, 1925.
5. The reliability coefficient of personal ratings: J. Educ. Psychol., vol. 16, 232, 1925.
6. The observation of eye movements during reading: J. Psychol. (心理), vol. 4, No. 1, 1926.
7. An analysis of eye movement in the reading of Chinese: J. Exp. Psychol., vol. 10, 158, 1927.
8. Explicit primitives for psychology: Phil. Rev., vol. 36, 253, 1927.

SHEN, K. C. See TSAO, J. C.

SHEN, N. C. (沈迺璋). See also LUH, C. W.

1. The bodily turn of the albino rat in a straight alley: Yenching Stud. Psychol., Yenching Univ., Peiping, No. 3, 15, 1933.

SUN, K. H. (孫國華).

1. Koppányi, T. and, Comparative studies on pupillary reactions in Tetrapods: II. The effect of pilocarpine and other drugs on the pupil of the rat: Amer. J. Physiol., vol. 78, 358, 1926.
2. Koppányi, T. and, Comparative studies on pupillary reactions in Tetrapods: III. The reaction of the avian iris: Amer. J. Physiol., vol. 78, 364, 1926.

3. Nelson, A. K. and Pratt, K. C. and, The behavior of the newborn infant: Ohio State Univ. Stud., Contrib. Psychol., No. 10, Pp. ix+237, 1930.

IANG, K. Y.

1. Variation of visual performance with different levels of daylight illumination: Trans. Illum. Eng. Soc., vol. 28, 354, 1933.
2. Visual performance under daylight, incandescent, mercury vapor, and their mixtures: Trans. Illum. Eng. Soc., vol. 26, 258, 1931.

T'ANG, Y. (唐鈺).

1. and CHIN, K. (秦拱) and TSANG, Y. H. (臧玉海). The effect of a vegetarian diet on the learning ability of albino rats: Contr. Nat. Res. Inst. Psychol., Acad. Sinica, Nanking, vol. 1, No. 1, 1932.
2. and CHIN, K. (秦拱) and TSANG, Y. H. (臧玉海). The effect of vegetarianism on the learning ability of albino rats: Contr. Nat. Res. Inst. Psychol., Acad. Sinica, Nanking, vol. 1, No. 4, 1934.

TAO, L. (陶烈).

1. On speech-motivity and verbal presentation: Jap. J. Psychol., vol. 2, No. 3, 25, 1937.

TSAI, C. (蔡翹).

1. A comparative study of retention curves for motor habits: Comp. Psychol. Monog., vol. 2, 1, 1924.
2. The relative strength of sex and hunger motives in the albino rat: J. Comp. Psychol., vol. 5, 407, 1925.

TSAI, L. S. (蔡樂生).

1. The relation of retention to the distribution of relearning: J. Exp. Psychol., vol. 10, 30, 1927.
2. and Abernethy, E. The psychology of Chinese characters: J. Exp. Psychol., vol. 11, 430, 1928.
3. Maurer, S. and, Vitamin B deficiency in nursing young rats and learning ability: Science, vol. 70, 456, 1929.

4. The effect of castration upon problems-box and maze performances by the white rats: *Proc. 9th Int. Cong. Psychol.*, 449, 1929.
5. Sex glands and adaptive ability: *Science*, vol. 71, 106, 1930.
6. Maurer, S. and, "Right-handedness" in white rats: *Science*, vol. 72, 436, 1930.
7. Gradual vs. abrupt withdrawal of guidance in maze learning: *J. Comp. Psychol.*, vol. 10, 325, 1930.
8. Maurer, S. and, Vitamin B deficiency and learning ability: *J. Comp. Psychol.*, vol. 11, 51, 1930.
9. The effect of partial depletion of vitamin B complex upon learning ability in rats: *J. Nutrition*, vol. 4, 507, 1931.
10. Sucking preference in nursing young rats: *J. Comp. Psychol.*, vol. 12, 251, 1931.
11. The cul-de-sac phenomena: *J. Comp. Psychol.*, vol. 12, 393, 1931.
12. The laws of minimum effort and maximum satisfaction in animal behavior: *Monog. Nat. Res. Inst. Psychol., Acad. Sinica, Nanking*, No. 1, 1932.

TSANG, Y. C. (臧玉淦).

1. The functions of the visual areas of the cerebral cortex of the rat in the learning and retention of the maze. I: *Comp. Psychol. Monog.*, vol. 10, No. 4, 1934.
