## 丽水街

位于楠溪江岩头古村，地处浙江省南部。「水如棋局分街陌，山似屏帏绕画楼」。岩头是楠溪江唯一以一座综合水利设施来布局的古村。始建于五代末年，为金氏聚居之地。

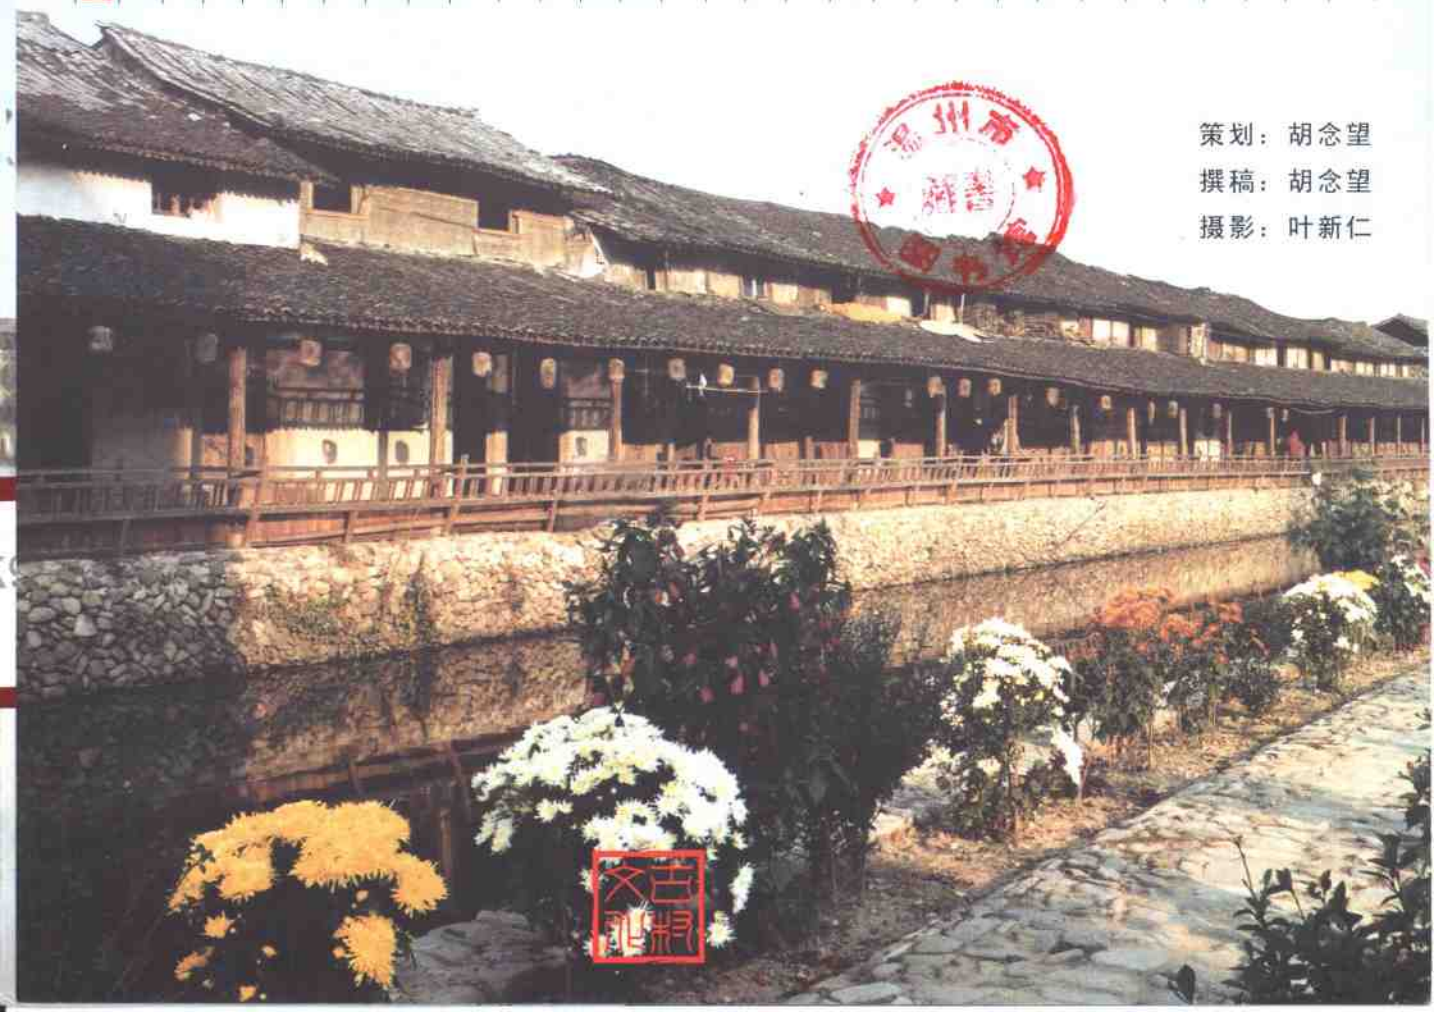

古村坐西朝东，背山面坪，三面石城开四门。村落规划严谨和谐，建筑布局齐整。「护城湖中栽荷花，绿树丛中隐古塔。杨柳紫薇满湖堤，上下花园红间绿。横巷直街行方便，三进两院大住宅。房前屋后清泉水，亭台楼阁巧安排」。水利设施始建于元代，明嘉靖三十五年（1556）完成，融饮用、灌溉、洗涤、养殖、消防、造景等功能于一体，以丽水湖园林为主体，向有「金山十景」：长堤春晓、丽桥观荷、曲流环碧、琴屿流莺、清沼赏鱼、文峰耸翠、水亭秋月、塔湖印月、南麓锦鹃、苍山积雪。丽水湖水色清澄见底，水面平静如镜，远近险峰奇岩、村屋古树，皆成水中画影。丽水街全长300余米，原为拦水坝与风水埕，是宗族子弟演习骑射的场所。明清易代之际，受商品经济影响，遂规划发展成为一条店铺林立、商贾云集的商业街道，是沿海至内地的必经驿道。西侧为丽水湖，坎上原有条石台阶踏步伸向水面。「长堤春晓」为「金山十景」之一：「春山如锦晓烟低，柳底莺声款客啼。结伴连朝频载酒，行吟不惜绕长堤」。

Located in the south of Zhejiang province, Lishui street lies at Yantou, inhabited by the Jin Clan and was first built at the last stage of the Five Dynasties over 1,100 years ago. It is the only one ancient village at the Nanxi River valley famous for its well designed water irrigation project with multiple functions and countryside landscape garden which were constructed in 1556, i.e. the 35th year of Ming Emperor Jiajing. During Ming and Qing dynasties, Lishui Street, used to be a wind & water dyke, changed into the main road from the seaside area to the inside, so it was replanned and developed into a busy commercial street. Yantou has been well-known for its ten picturesque scenic spots from ancient times, such as the Spring dawn at Long Causeway, Viewing Lotus Flower from Lishui Stone Arch Bridge, Pagoda Pool Mirroring the Moon, Flying Orioles Singing at Pipa Peninsular, Autumn Moon over Water Pavilion, etc. The village has a rich history with a shining civilization, it is also well matched with the emerald surrounding hills. Today the village presents a more charming appearance than ever before. As a noted scenic attraction, the village is very much liked and frequented by visitors from home and abroad. You can enjoy yourselves here at the countryside water culture.
