贵州师范大学创建于1941年,原名贵阳师范学院,是贵州省最早成立的高等学府之一。1985年经省人民政府批准更改为现名。经过60年的发展,学校已由单纯的师范学院发展成目前学科门类齐全、教育层次多元化的综合性、师范型、开放式的省属重点大学。

贵州师范大学现有15个系,两个教学部,40个本专科专业;15个学科(含有30余个专业方向)具有硕士学位授予权。目前在地、州、市设有7个函授站,学校具有函授、夜大、自学考试等多种类型的成人教育。学校现有教职工1300人,学生包括研究生、本专科生10000余人,成教生5000余人。2001年开始对海外招收留学生,目前有来自美国、荷兰、韩国等地的留学生。学校设有2个二级学院,并拟建10个二级学院;设有全国外语水平考试贵州考试中心、全国出国培训备选人员外语考试培训中心、教育部信息中心“信息技术与应用”贵州培训基地、省大学生文化素质教育基地等。省高校师资培训中心挂靠我校。

学校十分重视教学质量和科研水平的提高,加强了一些具有特色的学科研究工作。学校现设有历史、地理、生物、教育科学等10个校属研究所和12个系属研究所(室)。近年来承担了省部级以上科研项目200多项,有60多项科研成果获省部级奖励。贵州省地理学会等10余个学术团体挂靠在我校。学校先后与美国、加拿大、新西兰、澳大利亚、法国、意大利等30多个国家和地区的大学或科研机构建立了联系,通过合作办学,互派访问学者,留学生、进修生等形式,进行广泛的学术交流和科技合作。

贵州师大占地面积660亩,校舍建设面积25万平方米。学校拥有现代化的教学、实验设备及世界银行贷款兴建的实验中心大楼;有图书资料133万余册,中外期刊3000余种的全省最大的图书馆;有文科综合楼、生地楼、化学楼、体育馆等一批新型建筑。新建的田家炳教育书院是一栋多功能的现代化教学大楼。学校设有校园网络中心、电教中心、实验中心、学术交流中心、教育服务中心。学校出版有《贵州师大学报》(社科版和自然科学版)、《贵州师大》校报。

跨入新世纪,贵州师大制定了面向21世纪发展战略和总目标,把贵州师大建设成为贵州省基础教育师资培训中心、教育科学研究和现代化教育中心,成为推动贵州经济建设、社会发展、科技进步的重要力量,成为西部地区有影响的一流的省属重点师范大学。

Guizhou Normal University, formerly known as Guiyang Teachers' College was founded in 1941. It is one of the oldest institutions of higher learning in Guizhou Province. After 60 years of development the university has become one of the key universities in the province, from a purely teachers' college to a multi-disciplinary and all level comprehensive and open university.

There are 15 departments with 40 majors in the university. Master's degrees are entitled to be conferred in 15 branches of learning which include over 30 specialities. The university has set up 7 stations in various prefectures, autonomous prefectures and cities giving correspondence courses. The university offers many kinds of adult education including correspondence, night schools and training classes for self-teaching test. It has a staff of 1300. The student enrollment is more than 15,000, with 10,000 graduates and undergraduates, and 5000 students receiving their adult education. In 2001, the university started enrolling international students who come from the U.S.A. Holland and the Republic of Korea. The university has now two colleges, with 10 more to be established. There are various educational centers and bases in the university, including Guizhou Center of National Foreign Languages Proficiency Test, the Training Center of Foreign Languages for Candidates going abroad, Guizhou Training Base of Information Technology and Application attached to the Information Center of the Ministry of Education, and Guizhou Educational Center for Training Cultural Quality of College Students. The Provincial Training Center for College Teachers is also attached to the university.

While attaching great importance to the improvement of teaching and research the university has enhanced the research work of some featured subjects. There are 10 school-level research institutes as well as 12 department-level institutes concerning history, geography biology and educational science. So far the university has undertaken over 200 research projects among which 60 have bear fruit and have been awarded by the province and the national ministries. Attached to the university there are more than 10 learned societies including Geography Society of Guizhou Province. The university has established ties with many universities and research institutes in more than 30 countries and regions such as the United States, Canada, New Zealand, Australia, France, Italy, etc. Extensive academic exchange and scientific co-operation have been carried out by means of school-running through joint efforts and the exchange of visiting scholars, international students and graduate students.

The campus has a total area of 660 mu, of which over 250,000 square meters has been developed. Now the university has modern teaching and experiment facilities. There is the Building of Experiment Center funded by the World Bank. There are, in addition, a number of new buildings including the Comprehensive Building of Arts, the Building for the Department of Biology and the Department of Geography, the Building for the Department of Chemistry and the school gymnasium. The university has the largest library in the province, owning a collection of over 1,330,000 volumes and over 3,000 kinds of periodicals either in Chinese or in foreign languages. There are also the Campus Network Center, Audio-visual Center, Experiment Center, Academic Exchange Center, and Educational Service Center. The university publishes "Journal of Guizhou Normal University" (with two editions, the social science edition and the natural science edition) and "News of Guizhou Normal University".

In the new century Guizhou Normal University has worked out its century development strategy and its general objective: to build the university into a training center for teachers of secondary education as well as a center of educational research and modern education in order to make the university an important force in pushing forward the economic construction, social development and scientific advance in Guizhou and to become a first rate key university which can be well-known in West China.
