石家莊市市政設施管理處

SHIJIAZHUANG CITY MUNICIPAL FACILITIES MANAGEMENT OFFICE

傅全貴處長、

總經理致詞

處長、公司總經理 傅全貴 Director, general manager, Fu Quanguo

值此石家莊市市政設施管理處成立四十周年之際，我僅代表本處全體職工向關懷、支持、幫助我們的各級領導、各界朋友表示衷心的感謝！對為省會市政維權建設事業的發展和本處興旺發達付出辛勤勞動的歷屆老領導及全體職工表示崇高的敬意！

我們石家莊市市政設施管理處，自一九五五年建處以來，經過四十年的艱苦創業，開拓奮進，由小到大，由弱到強，已逐步發展成為一個融市政維護、路橋建設和房舍供應為一體，集勘測、設計、施工和路政管理于一身的多元化施工管理隊伍。全處現有基層單位十四個，共有職工 1540 人，有各類專業技術人員 315 名，其中：高中級專業技術人員 77 名，擁有各類施工、生產、運輸機械設備 810 多臺（套），人均裝備動力 10.97 千瓦，技術裝備率 9775.9 元，固定資產總值 2400 余萬元。

市政工程設施作為城市基礎設施的骨架，其巨大的載體功能是城市發展的必要條件。多年來，我們市政維護職工為提高設施完好水平，默默耕耘在城市的大街小巷，以“苦了我一個，幸福千萬人”的高尚情懷，頂風冒雨，修橋補路，架設裝置，疏通排水，省會 450 多萬平方米道路、131 座橋梁、14400 多盞路燈、480 多公里排水管道無不凝結着市政維護、管理工作者的心血和汗水，從而保證了我市市政設施完好水平的不斷提高。在 1990 年和 1994 年兩次全國市政設施完好檢查中，我市均名列前茅，路燈維護連續被評為全國城市和華北片區路燈先進單位，並為省會進入全國環境綜合整治“十佳”城市做出了突出貢獻。

在改革大潮的推動下，我處廣大職工毅然站在商品經濟的潮頭，參與激烈的市場競爭。1992 年，在上級領導的關懷、支持下，成立了市政設施修建總公司，迅速形成一支具有獨立承擔高等級道路、橋梁的施工隊伍，並以精良的裝備、上乘的質量、頑強的作風贏得了廣泛的社會信譽，創造了良好的經濟效益。

黨政領導班子 Leaders of Co.

近年來，先後完成了 107 個道路拓寬工程，紅旗大街排水頂管工程、汽車廠操場道路排水路燈工程、石家莊市總路水車建設工程以及聯盟小區、自強小區、污水處理廠、機務段、醫藥基地、城區路燈改造等國家、省、市重點配套工程，其中多項被評為省、市優質工程。1994 年以來，我處又承擔了二環路和土質莊鐵路立交橋、桃園橋、提溝技術開發區、豐收路排水等一系列標準高、難度大的重點工程項目，年工作量由 1976 年的 190 萬元、1985 年的 785 萬元，增長到 1994 年的 9000 余萬元。1995 年可望突破億元大關。我們這支隊伍已成為為省會市政維護建設戰線上的一支生力軍。

回首往事，我們感到光榮而自豪，展望未來，我們充滿信心和希望。在黨的路線、方針、政策指引下，我們將以此為新的起點，立足石家莊，面向國內外，在搞好市政維護管理的前提下，開拓更加廣闊的施工領域，為把我市建成“四區”優秀的現代化大都市做出新的貢獻。同時，也希望繼續得到各級領導、各界朋友的關懷、支持和幫助。

黨委書記 趙聚昌 Secretary of the party committee, Zhao Juchang

Fu Quanguai director & general manager's an opening speech

At the 40th anniversary of founding of Shijiazhuang municipal management office. I represent staff of our office that express friends' and leaders' thanks of careful, help us! I express respect for upholding development of undertaking and expand hard labor' leader and staff!

Our municipal installation management office has passed to create hard, advance for 40 years since founding it, from small to large, it has already been a diversify construction team and merged municipal upholding, built of road and bridge as an organic whole, mixed together survey, design, construction. Our office has 14 unit, 1540 staff, in which various technical personnel of 315, senior, medium technical personnel of 77, there are over 810 suits machinery equipment of construction, production, transport, equip power 10.97 Kw per person, 9775.9 yuan technique equiped rate, 24 million yuan fixed assets total value.

The workers of our office had a hand in fierce competitive market in reform. We set up municipal installation building general Co. In 1992, then become a construction team of undertaking alone high degree roadway, bridge and won society honor and good economic benefit of excellent equipment, the best quality, fine style, of city base installation. Since many years, our workers has still worked hard for raising installation level, adhering the purpose of "I am very hard and only one but everyone are happiness". So toward wind and rain, repair bridge, drain water, take lamp, it has finished provincial 450 m² roads, 131 bridges, 14,400 lamps and 480 Km drain water pipes. In 1990 and 1994, our city was the first in municipal installation test. It was appraised as road lamp advanced unit of city of over the country. Municipal project installation is skeleton and North of China, and has broken contribution for national environment administer "Ten top" City.

At recent years, we have already finished 107 stateway add—wide project, drain water pipe project in Hongqi Str., road draining water lamp project and Lianmeng small district, Ziqiang small district, dispose sewage of factory etc, country, province and city important project, in which they was appraised as excellent engineer in many items. Since 1994, our office has already undertaken Er Huan road, Tuxi anzhuang railway viaduct, Tiaoyuan bridge etc, system high standard important project items its work was raised from 1.9 million yuan in 1976, 7,850,000 yuan in 1985 to 90 million yuan in 1994. In 1995, it will break 100 million RMB.

Recollections of the past, we feel honor; look into the future, we will full of hope. We will be a heart of line and pole, a park, stand Shijiazhuang, toward homeland abroad. We will reclaim, wide construction zone, enter new construction, four the best" standard, modernize city, at the same time, we will hope to careful, help with leaders and society friends.
