前言

新托福考试,即 TOEFL iBT,将听、说、读、写四部分有机地结合在一起,全面考查考生的语言技能和沟通能力。要训练和提高这些能力,考生必须首先掌握好听、说、读、写四方面最重要的语言点。而这些听、说、读、写的重要语言点正是“TOEFL 考试系列丛书”所要重点论述的。抓住了必备的知识点,也就抓住了新托福考试的命脉,抓住了成功。

“工欲善其事必先利其器,不积跬步无以至千里”,在新托福考试中写作考查的是“输出”方面的技能,这也是新托福中比较具有特色的部分,因此较强的遣词造句的能力显得尤为重要。如没有扎实的语言能力,纵有满腹经纶,恐怕在考试中你也难以表达出来。国外的教授在拿到申请者的新托福成绩时,对于不同的 Section 考查的侧重点会不同。教授最先考查的是我们的阅读成绩,因为阅读能力是进行学术活动的基础。之后,对方会紧接着考查我们的写作成绩。我们的申请材料做得再精美,再充分,都抵不过新托福写作成绩在对方教授眼中的“真实性”高。可见,新托福写作分量很重、地位极高,它是用来展示我们思维能力和学术写作水平的“终极试金石”。

鉴于新托福写作的突出重要地位,广大考生亟需一本高质量高标准的配套辅导书。我们参考了几十部国内外出版的新托福写作书籍,潜心研究数月,博采众家之长,孜孜不倦,终于使这本《新托福写作官方指南题库 185 篇真题范文大全》问世了!

统览全书,本书具有以下一些特点:

1. 素材丰富。本书提供了大量素材,针对在考试中对不同观点的不同表达方法,书中提供了大量话题,使同学们在研习过程中将自己的模糊想法理顺成纲,在学习范文中学到实用的写作技法,从写作的迷茫中找到方向。

2. 范文优美。书中范文有的放矢地对不足处重点突破,通过实实在在地用心演练,考生可以大幅提升写作能力与技巧。篇篇范文,可谓字字珠玑,优美精致。

3. 可读性强。考生通过用心研读这些范文,迅速积累起自己的素材库,总结出自己的模板。临近考试时,重温准备的素材和自己总结的模板,把自己调整到最佳实战状态,在考场上把平日所储备的知识以及所总结的方法技巧淋漓尽致地发挥出来,获取高分也便是水到渠成之事。

写作最能体现一个人的语言能力,而语言能力主要表现在对词汇、语法、句子、结构等的掌握及实际运用能力上。所以,写作是一门实践性很强的学问,如果只是学而不练,考生将始终无法突破这道难关。希望考生能够以坚定的意志和坚强的决心坚持训练,彻底粉碎写作这块顽石,以期为最终完成能力的飞跃扫清障碍。

我们尽力想奉献给读者一本讲解全面、结构清晰、层次分明、逻辑有序的新托福写作参考教材,诚挚希望本书能对广大新托福考生在出国求学奋斗的道路上提供有力的帮助与支持,能够协助与激励大家更快更好更加成功地走向世界,创造人生新的辉煌。但毕竟因水平有限,所以我们真心希望读者及各界人士能对本书的不足之处不吝赐教。

---------	-------	--------------	--------	------	------	------

Directions: People attend college or university for many different reasons (for example, new experiences, career preparation, increased knowledge). Why do you think people attend college or university? Use specific reasons and examples to support your answer.

1. Why people attend college?

Do people need to attend colleges or universities? Different people have different answers to this question. When addressing a group of students and parents about whether high school students should continue to pursue their studies at colleges or universities, Bill Gates gave a definitive answer college education does count. While people attend university or college for a multitude of reasons, everyone agrees that higher education serves as a bridge to the real world and can prepare young people for challenging careers.

There are many advantages to a college or university education. Students have ample opportunity to explore a variety of interests, increase both their general and specific knowledge, prepare for a chosen career and develop independence. All of these are valuable goals to achieve, but it is my belief that most students today pursue higher education in order to prepare for their future careers.

Students not only gain book knowledge relating to their specific majors, they also acquire various skills that may help them after graduation. Universities always encourage liberal thoughts and creativity. Extracurricular programs, such as student clubs, fraternities and student government, provide students with opportunities to practice their social skills. For example, communication skills are used when advertising a new club, written skills when writing proposals and managerial skills when organizing and supervising meetings or managing funds. All of these skills will be of great use for students in their future careers. considering all of the advantages outlined above, there is no question that a university diploma really offers great opportunities for students' personal development. It not only provides students with a large body of knowledge but also makes the best preparation course for the real world.

人们为什么要上大学?

人们是否需要进入学院或大学学习?不同的人对这个问题有不同的答案。在一场给一群学生和家作作的关于高中学生是否应该继续学院或大学学习的演讲中,比

尔·盖茨给了一个明确的答案:大学教育很重要。尽管人们进入大学或学院学习的理由多种多样,但所有人都认为高等教育作为通向真实世界的一座桥梁,可以让年轻人为挑战性的职业做好准备。

大学教育有很多优点。大学生能有充分的机会去探索自己感兴趣的各種事物、增长一般与特定的知识、为自己所选定的职业生涯做准备,并培养独立的个性。这些全都是值得追求的宝贵目标。但是我认为,现今大多数的学生接受高等教育是为了要对未来的职业生涯做准备。

学生不仅获得有关专业的书本知识,他们也获得各种可以使他们毕业后受益的专业技能。大学总是鼓励自由思考和创造力。课外活动,如学生社团,联谊会和学生会,为学生提供锻炼社交技能的机会。举例来说,宣传一个新的社团时需要沟通技巧,写建议书时需要写作技巧,组织并主持会议或者管理基金时需要管理技巧。所有的这些技巧在学生将来的职业中都很有用。考虑到所有上面提到的优点,毫无疑问,大学文凭确实为学生的个人发展带来了巨大机遇。它不仅为学生提供大量的知识,而且也为真实的世界提供最好的预备课程。

<p>Directions: Do you agree or disagree with the following statement? Parents are the best teachers. Use specific reasons and examples to support your answer.</p>						

2. Are parents the best teachers?

Who teaches you to walk? Who teaches you to speak? It's obvious that in most cases the earliest teachers people have are their parents, and parents are generally most concerned about the development of their children. However, it is not completely true to say that parents are the best teachers.

Firstly, I would say that parents are not professional teachers. As normal individuals, some parents more or less have some bad habits. Even though parents almost instinctively devote themselves to cultivating their offspring, the outcome might turn out to be disappointment, for all children tend to unconsciously or subconsciously copy everything including bad ones from their parents. Another deficiency of parents as teachers is the fact that most parents are lack of common senses of education. All too often we observe some parents tend to pursue their cherished but failed dream by forcing their children to develop in a prearranged direction. Furthermore, once our parents get older, they become more conservative and cannot always be objective in regard to modern trends and fashions. Thus we need to take their advice with caution during that period.
