SONEVA GILI
BY SIX SENSES

Six Senses Soneva Gili

Description:

Soneva Gili is located in one of the largest lagoons in the Maldives, with jetties threading across the crystal clear water out to spacious over-sized villas that provide spectacular water views of the ocean from every room. Apart from the sparkling waters, the tiny island provides a very intimate atmosphere fused with luxuries of the highest international standard to create a wonderfully serene and natural experience—continuing the Soneva philosophy of Intelligent Luxury.

Soneva Gili offers just 45 sumptuous over-water villas, including 7 Crusoe Residences and The Private Reserve reached only by boat. Each villa has not only been designed and built with the utmost attention to detail, but is also environmentally friendly and reflects the harmony of life by the water's edge. Each has its own private water garden and sun decks, and the bathrooms have a separate shower accessed along an open-air walkway.

Dining experiences include a romantic, moonlit dinner on the deck of your villa, a sunset champagne cruise on a traditional dhoni, or dinners in the underground Gourmet Cellar—the settings are as memorable as the cuisine. From the fine wines to the excellent malts, we have achieved a reputation of providing our guests a unique dining experience.

The Six Senses Spa offers everything expected, and some things unexpected, with glass floor panels beneath massage tables heightening the sensual experience. An extensive à la carte menu provides a holistic experience with traditional pampering and signature therapies in addition to doctor-assisted Ayurvedic programmes and yoga. Private Spa Suites are an option with several villas.

Six Senses Laamu

Description:

Six Senses Laamu is the only resort on the virtually uncharted Laamu atoll, deep in the Indian Ocean. The island is of outstanding natural beauty, powder white sand, lush tropical vegetation and crystal clear waters. Its villas are eco-friendly yet luxurious in every way and sit on the beach or over the turquoise water of the lagoon. The bars and restaurants offer the best organic, fresh food, locally grown and caught, cocktails inspired by original 'tropical' recipes, over 400 wines kept in a climatically controlled towering glass wine 'cellar' and fun: live music, visiting DJs, mixologists, chefs and winemakers. Service is second to none, with Six Senses GEMs (Guest Experience Makers) overseeing every need from arrival to departure.

Six Senses Laamu has 97 Beach Villas, Two Bedroom Beach Villas with pool and Water Villas. Carefully designed to complement the outstanding natural beauty of the island, they offer utter privacy, comfort and luxury. True to its philosophy of environmental protection, the villas are made from local and sustainable materials along with every possible thought for the comfort of our guests.

Six Senses Laamu's restaurants and bars have been designed to take maximum advantage of the island's idyllic beauty with panoramic views and spectacular sunrises and sunsets. Most are over the water making Laamu's restaurant and bar scene the largest of its kind in the Maldives.

Sitting on the beach, the Six Senses Spa offers five secluded treatment rooms plus two single and two double treatment nests within the island's natural vegetation. Highly skilled Six Senses Spa therapists use fresh natural products to provide a comprehensive range of award-winning signature treatments plus rejuvenation specialties of the region. Visiting practitioners offer our guests lifestyle consultations and specialized holistic treatments some which include acupuncture, cranial sacral therapy, reflexology, acupressure, Reiki and shiatsu. Our spa facilities also include herbal steam, outdoor experience showers, breathtaking Yoga Pavilion, Fitness Center, and a Six Senses Spa shop to enable our guests to prolong their enjoyment of our spa products after their treatment.
