一、任务型阅读

Each year, we celebrate many holidays here in America.

On January 1, we welcome the coming of a new year like many people in other countries. And we have another four holidays on the first day of a month: April Fool's Day, May Day, Friendship Day (Aug. 1) and Grandparents' Day (Sept. 1).

The most important holiday for the young people comes in February. It is St Valentine's Day. Lots of boys give red roses to girls as a present.

People celebrate some holidays for their family members. We say thanks to our mother in May and celebrate Father's Day in the following month. In November, many people return home for Thanksgiving Day, so the whole family can stay together.

There are also some interesting holidays for children. For example, Halloween comes at the

end of October. Children often play with pumpkin lanterns and put on all kinds of masks.

Of course, the most important festival is Christmas. After a year of work and study, people can enjoy a long holiday, eat big meals, and visit their family and friends.

根据短文内容,找出文中出现的节日,然后按时间顺序写出来。
