新疆阿勒泰地区中低产田研究

杨发相 主编

新疆科技卫生出版社(K)出版发行

(乌鲁木齐市延安路 21 号 邮政编码 830001)

新疆生态与地理研究所公共事业服务公司印刷厂印刷

787 毫米×1092 毫米 16 开本 8.25 印张 2 插页 198 千字

2001 年 11 月第 1 版 2001 年 12 月第 1 次印刷

印数：1~600 册

ISBN 7-5372-2928-7 / S · 418 定价：15.00 元

目 录

第一篇 中低产田的形成条件及分区与评价

| | |
|-----------------------------|---|
| 第一章 中低产田的形成条件 | 1 |
| 第一节 自然条件..... | 1 |
| 第二节 社会、经济状况 | 3 |
| 第二章 中低产区的划分与评价 | 5 |
| 第一节 中低产区的划分..... | 5 |
| 第二节 中低产田的评价体系..... | 9 |

第二篇 中低产田的类型特征与主要问题及对策

| | |
|-----------------------------------|----|
| 第三章 中低产田类型的划分与类型特征 | 16 |
| 第一节 中低产田类型的划分及其面积 | 16 |
| 第二节 中低产田的类型特征 | 34 |
| 第四章 中低产田的土壤肥力问题与对策 | 39 |
| 第一节 阿勒泰地区的土壤特性及改良 | 39 |
| 第二节 阿勒泰市的土壤肥力问题与对策 | 50 |
| 第三节 布尔津县的土壤肥力问题与对策 | 52 |
| 第四节 哈巴河县的土壤肥力问题与对策 | 53 |
| 第五节 吉木乃县的土壤肥力问题与对策 | 55 |
| 第六节 福海县的土壤肥力问题与对策 | 56 |
| 第七节 富蕴县的土壤肥力问题与对策 | 58 |
| 第八节 青河县的土壤肥力问题与对策 | 59 |
| 第五章 中低产田的用水问题与对策 | 62 |
| 第一节 阿勒泰地区水资源、农田水利基本状况与用水主要问题..... | 62 |
| 第二节 阿勒泰市中低产田的用水问题 | 65 |
| 第三节 布尔津县中低产田的用水问题 | 68 |
| 第四节 哈巴河县中低产田的用水问题 | 69 |
| 第五节 吉木乃县中低产田的用水问题 | 72 |
| 第六节 福海县中低产田的用水问题 | 73 |

| | | |
|------------|--------------------------------|-----------|
| 第七节 | 富蕴县中低产田的用水问题 | 75 |
| 第八节 | 青河县中低产田的用水问题 | 77 |
| 第六章 | 中低产田的种植业生产问题与结构调整 | 79 |
| 第一节 | 阿勒泰地区的种植业生产问题与结构调整 | 79 |
| 第二节 | 阿勒泰市的种植业生产问题与结构调整 | 84 |
| 第三节 | 布尔津县的种植业生产问题与结构调整 | 87 |
| 第四节 | 哈巴河县的种植业生产问题与结构调整 | 89 |
| 第五节 | 吉木乃县的种植业生产问题与结构调整 | 91 |
| 第六节 | 福海县的种植业生产问题与结构调整 | 93 |
| 第七节 | 富蕴县的种植业生产问题与结构调整 | 95 |
| 第八节 | 青河县的种植业生产问题与结构调整 | 98 |

第三篇 中低产田的成因及其改造

| | | |
|------------------|---------------------|------------|
| 第七章 | 中低产田的成因..... | 100 |
| 第一节 | 自然因素..... | 100 |
| 第二节 | 人为因素..... | 103 |
| 第八章 | 中低产田的改造..... | 106 |
| 第一节 | 行政措施..... | 106 |
| 第二节 | 工程措施..... | 107 |
| 第三节 | 生物措施..... | 108 |
| 第四节 | 培肥地力与配方施肥..... | 110 |
| 第五节 | 中低产田改造模式及顺序..... | 112 |
| 结束语..... | | 114 |
| 参考文献..... | | 116 |

Contents

Part one Formation Conditions, Divisions and Evaluation of the Mesoyield and Low-yield Land

| | |
|---|---|
| Chapter One Formation Conditions of the Mesoyield and Low-yield Land | 1 |
| Section One The Natural Conditions | 1 |
| Section Two The Social and Economic Situation | 3 |
| Chapter Two Division and Evaluation of the Mesoyield and Low-yield Areas | 5 |
| Section One Division of the Mesoyield and Low-yield Areas | 5 |
| Section Two Evaluation of the Mesoyield and Low-yield Land | 9 |

Part Two Types and Characteristics of the Mesoyield and Low-yield Land, the Main Problems and the Countermeasures

| | |
|---|----|
| Chapter Three Differentiation and Characteristics of the Types of the Mesoyield and Low-yield Land | 16 |
| Section One The Differentiation of the Types and the Area of the Mesoyield and Low-yield Land | 16 |
| Section Two Characteristics of the Types of the Mesoyield and Low-yield Land | 34 |
| Chapter Four The Soil Fertility Problems and Their Countermeasures of the Mesoyield and Low-yield Land | 39 |
| Section One Property and Improvement of Soil in Altay Prefecture | 39 |
| Section Two The Soil Fertility Problems and Their Countermeasures in Altay City | 50 |
| Section Three The Soil Fertility Problems and Their Countermeasures in Burqin County | 52 |
| Section Four The Soil Fertility Problems and Their Countermeasures in Habahe County | 53 |
| Section Five The Soil Fertility Problems and Their Countermeasures in Jeminai County | 55 |
| Section Six The Soil Fertility Problems and Their Countermeasures in Fuhai County | 56 |
| Section Seven The Soil Fertility Problems and Their Countermeasures in Fuyun County | 58 |

Section Eight The Soil Fertility Problems and Their Countermeasures in Qinghe County ... 59

Chapter Five The Problems and the Countermeasures of Irrigation of the Mesoyield and Low-yield Land 62

Section One The Basic Situation of the Water Resources, Irrigation and Water Conservancy Projects and the Main Problems of Water Consumption in Altay Prefecture ... 62

Section Two The Problems of Irrigation of the Mesoyield and Low-yield Land in Altay City 65

Section Three The Problems of Irrigation of the Mesoyield and Low-yield Land in Burqin County 68

Section Four The Problems of Irrigation of the Mesoyield and Low-yield Land in Habahe County 69

Section Five The Problems of Irrigation of the Mesoyield and Low-yield Land in Jeminai County 72

Section Six The Problems of Irrigation of the Mesoyield and Low-yield Land in Fuhai County 73

Section Seven The Problems of Irrigation of the Mesoyield and Low-yield Land in Fuyun County 75

Section Eight The Problems of Irrigation of the Mesoyield and Low-yield Land in Qinghe County 77

Chapter Six Production Problems and Structure Regulation of the Planting Industry of the Mesoyield and Low-yield Land 79

Section One Production Problems and Structure Regulation of the Planting Industry in Altay Prefecture 79

Section Two Production Problems and Structure Regulation of the Planting Industry in Altay City 84

Section Three Production Problems and Structure Regulation of the Planting Industry in Burqin County 87

Section Four Production Problems and Structure Regulation of the Planting Industry in Habahe County 89

Section Five Production Problems and Structure Regulation of the Planting Industry in Jeminai County 91

Section Six Production Problems and Structure Regulation of the Planting Industry in Fuhai County 93

| | |
|--|------------|
| Section Seven Production Problems and Structure Regulation of the Planting Industry in Fuyun County | 95 |
| Section Eight Production Problems and Structure Regulation of the Planting Industry in Qinghe County | 98 |
| Part Three Formation Causes and Transformation of the Mesoyield and Low-yield Land | |
| Chapter seven Formation Causes of the Mesoyield and Low-yield Land | 100 |
| Section One The Natural Factors | 100 |
| Section Two The Artificial Factors | 103 |
| Chapter Eight Transformation of the Mesoyield and Low-yield Land | 106 |
| Section One The Administrative Measures | 106 |
| Section Two The Engineering Measures | 107 |
| Section Three The Biological Measures | 108 |
| Section Four Fertilizing of Soil Fertility and Formula-fertilizer Applying | 110 |
| Section Five Transformation Models and Order of the Mesoyield and Low-yield Land | 112 |
| Concluding Remarks | 114 |
| References | 116 |
