Table 1

Chronological list of merger decisions (EC)

Note:

The references to paragraphs below indicate the cases in this book where Commission decisions are discussed in the text, not in the footnotes. This focuses the references on the most important issues covered in a decision. Given the number of references made to decisions in footnotes, if these were to be indicated in the table figuring below, it would become so voluminous as to become meaningless. A complete list of all merger cases as well as an effective search engine that enables the user to find cases on the basis of name, date, product/sector and type of decision, as well as the full text of the decision is available for free at: <http://ec.europa.eu/comm/competition/mergers/cases>

Table 2

Alphabetical list of merger decisions (EC)

Note:

The references to paragraphs below indicate cases in this book where Commission decisions are discussed in the text, not in the footnotes. This focuses the references on the most important issues covered in a decision. Given the number of references made to decisions in footnotes, if these were to be indicated in the table figuring below, it would become so voluminous as to become meaningless. A complete list of all merger cases as well as an effective search engine that enables the user to find cases on the basis of name, date, product/sector and type of decision, as well as the full text of the decision is available for free at: <http://ec.europa.eu/comm/competition/mergers/cases>
