The Authors

Peter MacFarlane is an Associate Professor in the School of Law at the University of South Australia. He has been teaching in the area of Medical Law for over fifteen years. He established the first Medical Law course at the Queensland University of Technology, Brisbane, Australia and at the University of the South Pacific. He was also a foundation member of the *Australian Institute of Health Law and Ethics*. He has written two books in the area and has contributed many articles and papers to various Journals and international conferences.

Helen Ménard is a lecturer in the School of Law at the University of the South Pacific, Port Vila, Vanuatu. She has taught in the area of Medical Law, an area in which she has had a long standing interest. She has practiced as a lawyer for many years in Victoria, Australia predominantly in the areas of civil litigation, medical law and mental health law. Prior to admission to legal practice, she worked as a registered nurse in South Australia and Victoria with certificates in General Nursing, Midwifery and Operating Theatre Management.

1. The first author is a professor of psychology at the University of California, Los Angeles.
