MANUFACTURERS' INDEX 1

Section 1 (White) - Included are manufacturers who have provided prescribing information in this edition of PHYSICIANS' DESK REFERENCE®—their addresses, emergency phone numbers and a partial list of available products.

PRODUCT NAME INDEX AND DISCONTINUED PRODUCTS 101

Section 2 (Pink) - Part 1 - An alphabetical listing of products available from participating manufacturers. Where a page number is included, additional information can be found in other sections of this edition.

Part 2 - A list of products discontinued by manufacturers during the past year.

PRODUCT CATEGORY INDEX 201

Section 3 - (Blue) - Products are listed according to the appropriate category, which has been determined by the Publisher in cooperation with each manufacturer. The opening pages contain the "Quick-Reference" to headings in this edition.

GENERIC AND CHEMICAL NAME INDEX 301

Section 4 - (Yellow) - In this section products are listed under generic and chemical name headings according to the principal ingredient(s). The headings have been determined by the Publisher with the cooperation of the individual manufacturers.

PRODUCT IDENTIFICATION SECTION 401

Section 5 - Under company headings capsules and tablets are shown in color and actual size as an aid to identification. An index of participating manufacturers appears on page 402.

POISON CONTROL CENTERS 436

A list of centers and emergency telephone numbers.

PRODUCT INFORMATION SECTION 501

Section 6 (White) - An alphabetical arrangement by manufacturer of over 2,500 pharmaceuticals which are fully described as to indications and usage, dosage, administration, description, clinical pharmacology, supply, warnings, contraindications, adverse reactions, overdose and precautions and other information concerning their use, including common names, generic compositions or chemical names. See inside back cover for information concerning overdose.

DIAGNOSTIC PRODUCT INFORMATION 2001

Section 7 (Green) - Diagnostic product descriptions, listed alphabetically by manufacturer, to aid the physician in their use.

CONVERSION TABLES 2016

Metric doses with approximate apothecary equivalents, approximate household equivalents, temperature conversion table, milliequivalents per liter (mEq/L) and pounds-kilograms (kg) conversion.

GUIDE TO MANAGEMENT OF DRUG OVERDOSE Inside The Back Cover

Information concerning drug overdose compiled by Eric G. Comstock, M.D., Director of the Institute of Clinical Technology.

SECTION I

Manufacturers' Index

The manufacturers appearing in this index (white pages) have provided information concerning their pharmaceutical products in either the Product Information or Diagnostic Product Information Section. It is through their patronage that PHYSICIANS' DESK REFERENCE® is made available to you.

Included in this index are the names and addresses of manufacturers, individuals or departments to whom you may address inquiries, a partial list of products as well as emergency telephone numbers wherever available. The symbol ♦ indicates the product is shown in the Product Identification Section. The symbol □ indicates the product is described in PDR® FOR NONPRESCRIPTION DRUGS.
