## foreword

---

VICE PRESIDENT'S RESIDENCE  
NEW DELHI-110011  
November 15, 1982.

I am glad that the Wadhwa Sales Corporation, Nagpur have brought out reprints of Ratanlal & Dhirajlal's law books. These Reprints include those on the Law of Crimes, The Indian Penal Code, the Code of Criminal Procedure, the Law of Evidence and the Law of Torts.

These law books which contain interpretation of the laws on the above subjects were always in the approved list for the syllabus in some Colleges, and Universities. The original books having gone out of print, a reprint had become necessary to meet the demands of the students as well as those in the legal profession and the Police officials. I find that a summary of the provisions of law has been given at the end of each book enabling the reader to get a bird's eye-view. There is no need to underscore the fact that a mastery of the principles of law on these subjects is a sine qua non for all those who are interested in the legal profession.

I congratulate the publishers on bringing out the reprints of these valuable reference books at a reasonable price. I have no doubt the various legal institutions and libraries will gladly welcome them. May I express the hope that the revised new editions of these books will be brought out as early as possible?

A handwritten signature in black ink, which appears to read 'M. Hidayatullah'.

## Preface

---

This edition has undergone a thorough and careful revision and the case law has been brought down to December 1972.

The Commentary under each section is divided into two parts: Comment and Cases. In the Comment, the object, principle, and meaning of the provisions of the Act are carefully explained and elucidated in the light of leading Indian and English decisions. Under the heading Cases, the facts of important decision have been given to illustrate the meaning of the provisions.

A critical study of this book will enable a student to acquire a sound knowledge of the law of evidence. A complete mastery of the principles of the law of evidence is a *sine qua non* to one who seriously aspires to rise in the profession.

The Summary of the provisions of the Act at the end of the book will give to the beginner a bird's eye view of the whole Act.

This Commentary will be useful to the Bench and the Bar as a handy reference book on the subject, as it incorporates all the important decisions of the Supreme Court and the High Courts.

November, 1973.
