Dedication

To my daughter DeLaine, whom I love very much. She has just discovered the computer and will soon be using ACT! to keep track of all of her play dates.

Author's Acknowledgments

There are many people I would like to thank and acknowledge for their help and contributions for the creation of this book.

I want to congratulate Erin Hintz, Director, Product Management; John Mitzel, ACT! Product Manager; Dale Elliot, Sr. Development Manager; and Sanjiv Bhargava Sr. Director, Development for a job well done. Erin, John, Dale, and Sanjiv all deserves a hearty round of applause for a job well done. On behalf of all ACT! users, thank you.

John — who has become a good friend over the past few months that we have been working together — was my ACT! 2000 contact person. It would have been impossible for me to complete this book without his help and assistance. Thank You.

Dale and I have been working together for years. He was my technical liaison for my *ACT!* 3 For Windows For Dummies book, and I couldn't have written that book without his help and assistance. And he was development manager for ACT! 4.0. Whenever I've had a question, or two, or three, about how some feature was supposed to work, I gave Dale a call. (And before we knew it, he had given me an hour of his time.) If he didn't know the answer, he always got back to me very quickly. Dale is a very dear friend.

Sanjiv has been ACT!'s Director of Development for ACT! 3.0, ACT! 4.0, and ACT! 2000. He has done just a great job over the past few years.

I want to thank Linda Keating for all of her help, support, and encouragement. Linda was the technical consultant for my last ACT! book, *ACT! 4 For Windows For Dummies*, and for this book. All of her thoughts, comments, and ideas have been greatly appreciated.

When it comes to database marketing, Linda is brilliant. She's been a frequent contributor to my *ACT!* in *ACTion* newsletter. You can reach Linda at JL Technical (phone 650-323-9141; e-mail linda@jltechnical.com; Web www.jltechnical.com).

A BIG thank you goes to Martine Edwards, my acquisitions editor for this book. She was great to work with and helped me to create a wonderful book. We worked very closely in laying out the book, and she offered great insights for ways in which we could *improve* upon the *ACT! 4 For Windows For Dummies* book.

I want to also thank Gwenette Gaddis. Gwenette was my copy editor, and she did a masterful job of making my words come out just right.

I want to thank my editor and good friend, Tim Gallan, for all of his help, assistance, encouragement, and patience during the five years we've been working together. Tim, you made everything much easier for me and helped me write six great books. It's been a pleasure working with you. (I'm looking forward to working with you on *ACT! 3000 For Dummies*.) Thank you.

And finally, I would like to thank the two women in my life, my wife Mitzi and my daughter DeLaine, for their love, support, and encouragement during the four months it took me to complete this book. They left me alone on the weekends so that I could write, and they didn't ask too many questions about why I was sitting at the computer at 5:00 a.m.
