旅行レジャー関係のグラフィックスというと、より多くの人を誘致することが目的なため、一般に広く受け入れられる「あまりクセのない作品」というイメージがありました。

確かにオーソドックスにキレイにまとめられた広告媒体が主流です。しかし本書では今までの常識に反して個性を全面に出し、考えもつかなかったような切り口で広告戦略を行っているものも含まれています。客層を増やすため、お客様主体主義から主催者の個性を全面に出して、その主宰者の個性にひかれて顧客がついてくるといった形のものが出てきているようです。

その際たる異才！オランダのコミュニケーション エージェンシー「ケッセルズクレマー」の作品を巻末に特集しました。どこにでもあるエコノミーホテル「ハンスプリンカー バジェット ホテル」。そのホテルの施設の悪さを逆手にとって広告したため、テレビ局から取材を受ける程有名になり、チェックインのため朝からホテルの前に行列ができるようになりました。

ケッセルズクレマーのような強烈さはなくとも、観光旅行の広告世界にも個性というものが重要視され、他との差別化が広がってきているようです。この傾向は個性化、細分化しはじめた社会の動向に合い、これからも増えていくように思われます。

最後になりましたが、本書の制作にあたり御協力いただきました皆様に、とくにケッセルズクレマーのスタッフの皆様に心からお礼申し上げます。

As the purpose of most travel and leisure-related advertising is to attract the greatest number of people possible, travel graphics in general have an image of being very straightforward, and not particularly interesting.

The majority of such advertising is, in fact, presented in a clean, orthodox style. In this book, however, you will find never-before imagined advertising strategies, developed with individuality that runs contrary to conventional wisdom. A strictly customer-oriented style attracting wide range of customers is now very common, but there are also some approaches that seek to appeal to potential customers by strongly expressing a company's personality and unique characteristics.

The outrageous genius of KesselsKramer is featured in a special section at the end of the book. A communication agency located in the Netherlands, one of their most successful campaigns has been for the "Hans Brinker Budget Hotel," in which advertisements spotlighted the hotel's less attractive features. The hotel became so popular after being featured on television that people lined up in front of the hotel to check in.

The power of companies like KesselsKramer notwithstanding, travel industry advertising in general has begun to focus more on personalities, and the differences that set one company aside from others. When one considers such current social trends as personalization and subdivision, this trend seems to be one that will continue to grow.

We would like to express our deepest appreciation to everyone who contributed to this book, especially the staff of KesselsKramer.

The background of the page features two stylized palm trees in a light gray silhouette. The tree on the left is taller and has a single trunk, while the tree on the right is shorter and has a double trunk. Both trees have several fronds extending from their crowns. The text is centered over the space between the two trees.
