Pictures convey meaning more clearly than words alone. **The New Oxford Picture Dictionary** presents over 2,400 vocabulary words, clearly depicted on 102 pages of full-color, contextualized illustrations. Vocabulary is introduced within 82 topics, which range from such basics as food, clothing, and shelter to more specific topics such as the space program, occupations, and sports. An index includes all the vocabulary words with a clear, easy-to-follow pronunciation guide. The Dictionary can be used at all levels, by all ages, to teach all language skills. With the components, it provides a complete language development program. It's an invaluable resource every student and teacher needs to have.

**The New Oxford Picture Dictionary** contains over 2,400 words contextually presented in 102 beautifully illustrated pages. Available in paperback or hardcover.

**Bilingual Editions** (Spanish, Chinese, Vietnamese, Cambodian, Japanese, Korean, Navajo, Polish, Russian) present the second language in blue alongside the English word.

**Wall Charts** (100) feature 18" x 22" full-color reproductions of all the Dictionary pages, with vocabulary numbered on the front and listed on the back of each chart.

**Overhead Transparencies** (100) feature full-color transparencies of all the Dictionary pages for use on overhead projectors.

**Vocabulary Playing Cards** (80 laminated) include 40 color illustrations and corresponding Dictionary vocabulary, as well as a booklet of activity suggestions.

**Intermediate Workbook**, for low- to high-intermediate level students, reinforces Dictionary vocabulary page-by-page, through written and oral practice.

*The New Oxford Picture Dictionary* contextually illustrates over 2,400 words. The book is a unique language learning tool for students of English. It provides students with a glance at American lifestyle, as well as a compendium of useful vocabulary.

The *Dictionary* is organized thematically, beginning with topics that are most useful for the “survival” needs of students in an English-speaking country. The topics move on to those of a more general nature, including those that might be used in content area classes in schools in the United States. However, pages may be used at random, depending on the students’ particular needs. The book need not be taught in order.

The words depicted are those most useful for students needing basic English skills. The most common name of any given item was used for simplicity. Any regionalisms or variations will be found in the *Teacher’s Guide* for that particular page.

*The New Oxford Picture Dictionary* contextualizes vocabulary whenever possible, thus making the language learner’s task a bit easier. Verbs have been included on separate pages, but within a topic area where they are most likely to occur. However, this does not imply that these verbs only appear within these contexts.

For obvious reasons, the number of words per page has been limited. In addition, attempts have been made to place the numbers on the art consecutively, either from left to right, or, on many contextualized pages, in a circular, clockwise order.

A complete index with pronunciation guide has been included in the Appendix. For further ideas on using *The New Oxford Picture Dictionary*, see the *Teacher’s Guide* and the two workbooks: *Beginner’s* and *Intermediate* levels.

Also available in the program are a complete set of *Cassettes*, offering a reading of all of the words in the *Dictionary*; *Vocabulary Playing Cards*, featuring 40 words and the corresponding pictures on 80 cards with ideas for many games; and sets of *Wall Charts*, available in one complete package, or in three smaller packages.
