Management of

**POISONING
AND
DRUG
OVERDOSE**

Second Edition

Clinical Management of

POISONING AND DRUG OVERDOSE

Second Edition

LESTER M. HADDAD, M.D., FACEP

Director, Emergency Department

Beaufort Memorial Hospital

Beaufort, South Carolina

Attending Physician

Emergency Medicine Residency Program

Richland Memorial Hospital/USC School of Medicine

Consultant and Adjunct Professor

USC Palmetto State Poison Center

Columbia, South Carolina

JAMES F. WINCHESTER, M.D., FRCP

Professor of Medicine and Acting Director

Division of Nephrology

Department of Medicine

Consultant, National Capital Poison Center

Georgetown University Medical Center

Washington, D.C.

1990

CONTRIBUTORS

TO OUR LOVING PARENTS,

Sara Mary Marshall Haddad
and in memory of **Lester M. Haddad, Sr.**

Alexander G. Clegg Winchester
and in memory of **Elizabeth Mary McKillop Winchester**

Patricia A. Barish, M.D.
Clinical Instructor, Department of
Surgery, University of Michigan, Ann
Arbor, Michigan, attending staff,
Department of Emergency Medicine,
William Beaumont Hospital, Royal
Oak, Michigan

Robert R. Bass, M.D., FACEP
Assistant Professor of Emergency
Medicine, Eastern Virginia Graduate
School of Medicine, Queen
Elizabeth Department of
Hospital, Norfolk, Virginia
The Annapolis House

Charles E. Barker, M.D.
Professor of Medicine, University of
California, San Francisco, Head,
Division of Occupational Medicine
and Toxicology, San Francisco
General Hospital, Director, Northern
California Occupational Health
Center, San Francisco, California
University of California, The Medical
Center

Kathryn D. Anderson, M.D.
Professor of Surgery and Pediatrics,
George Washington University,
Senior Attending Surgeon, Children's
National Medical Center,
Washington, D.C.
The Family Practitioner, June

John S. Andrews, Jr., M.D.
Assistant Professor for Pediatrics,
Agency for Food Substances and
Disease Registry, Centers for Disease
Control, Atlanta, Georgia
Investigator, Pediatric Poliovirus
Disease, P-1-1966

Jay M. Aron, M.D.
Professor (Emeritus) of Medicine and
Director, (Emeritus), Poison Control
Center, Dalhousie University School of
Medicine and Medical Center,
Bathurst, New Brunswick,
Canada

Kazuo Aronow, M.D.
Associate Professor, Department of
Pediatrics, Wayne State University

W. Lynn Auguststein, M.D.
Assistant Professor, Division of
Emergency Medicine, University
of Florida, Jacksonville, Florida

John A. Ambrose, M.D.
Associate Professor of Pediatrics,
University of Illinois at Chicago,
Chicago, Illinois
The Family Practitioner, June

John A. Ambrose, M.D.
Associate Professor of Pediatrics,
University of Illinois at Chicago,
Chicago, Illinois
The Family Practitioner, June

John A. Ambrose, M.D.

Chicago, Illinois
The Family Practitioner, June

CONTRIBUTORS

John Adriani, M.D. (deceased)

Late Professor of Pharmacology,
Anesthesiology, and Clinical Surgery,
Louisiana State School of Medicine;
Late Director Emeritus, Department
of Anesthesiology, Charity Hospital,
New Orleans, Louisiana
General Anesthetics

John J. Ambre, M.D., Ph.D.

Associate Professor, Department of
Medicine, Northwestern University
Medical School; Attending Physician,
Northwestern Memorial Hospital,
Chicago, Illinois
Principles of Pharmacology for the Clinician

Kathryn D. Anderson, M.D.

Professor of Surgery and Pediatrics,
George Washington University;
Senior Attending Surgeon, Children's
National Medical Center,
Washington, D.C.
Alkali Injury and Esophageal Burns

John S. Andrews, Jr., M.D.

Assistant Director for Science,
Agency for Toxic Substances and
Disease Registry, Centers for Disease
Control, Atlanta, Georgia
*Environmental Toxicology: Polychlorinated
Dibenzo-P-Dioxins*

Jay M. Arena, M.D.

Professor (Emeritus) of Pediatrics and
Director (Emeritus), Poison Control
Center, Duke University School of
Medicine and Medical Center,
Durham, North Carolina
Phosphorus

Regine Aronow, M.D.

Associate Professor, Department of
Pediatrics, Wayne State University

School of Medicine; Director, Poison
Control Center, Children's Hospital
of Michigan, Detroit, Michigan
Mercury; Bromides and Bromates; Iodine

W. Lynn Augenstein, M.D.

Assistant Professor, Division of
Emergency Medicine, University
Medical Center, Jacksonville, Florida
Acetaminophen

Lydia L. Baltarowich, M.D.

Senior Staff Physician, Department of
Emergency Medicine, Henry Ford
Hospital, Detroit, Michigan
Bromides and Bromates

Patrice A. Barish, M.D.

Clinical Instructor, Department of
Surgery, University of Michigan, Ann
Arbor, Michigan; Attending Staff,
Department of Emergency Medicine,
William Beaumont Hospital, Royal
Oak, Michigan
Designer Drugs

Robert R. Bass, M.D., FACEP

Assistant Professor of Emergency
Medicine, Eastern Virginia Graduate
School of Medicine; Director,
Emergency Department, Obici
Hospital, Suffolk, Virginia
The Antipsychotic Drugs

Charles E. Becker, M.D.

Professor of Medicine, University of
California, San Francisco; Head,
Division of Occupational Medicine
and Toxicology, San Francisco
General Hospital; Director, Northern
California Occupational Health
Center, San Francisco, California
*Toxicology of Dependency: The Alcoholic
Patient*

Neal L. Benowitz, M.D.

Professor of Medicine and Chief, Division of Clinical Pharmacology and Experimental Therapeutics, University of California, San Francisco; Attending Physician, Department of Medicine, San Francisco General Hospital Medical Center; Medical Advisor, San Francisco Bay Area Poison Center, San Francisco, California

Cardiac Disturbances; Beta-Adrenoceptor Blocker Poisoning; Calcium Entry Blocker Poisoning; Quinidine, Procainamide, and Disopyramide; Lidocaine, Mexiletine, and Tocainide

Jeffrey L. Blumer, Ph.D., M.D.

Professor of Pediatrics, University of Virginia; Chief, Division of Pediatric Pharmacology and Critical Care, University of Virginia Hospital, Charlottesville, Virginia

Developmental Toxicology; Drug-Drug Interactions; Antimicrobial Agents

John C. Bradford, D.O., FACEP

Assistant Professor of Emergency Medicine, Northeastern Ohio Universities College of Medicine, Rootstown; Program Director, Department of Emergency Medicine, Akron General Medical Center, Akron, Ohio

Methyl Bromide and Related Compounds

Joseph M. Brandwein, M.D., FRCPC

Leukemia Research Fund Fellow, Division of Hematology-Oncology, Department of Medicine, Toronto General Hospital, Toronto, Ontario, Canada

Hematologic Consequences of Poisoning

Terry Branson, M.D., FACEP

Private Practice, North Park Hospital, Hixson, Tennessee

Anthelmintics

Jeffrey Brent, M.D., Ph.D.

Assistant Professor of Pediatrics and Surgery, University of Colorado Health Sciences Center; Assistant Medical Director, Rocky Mountain

Poison Center, Attending Physician, Department of Medicine, Division of Clinical Toxicology, Denver General Hospital, Denver, Colorado

Mushrooms

Clyde M. Burnett

Director of Toxicology, Clairol, Inc., Research Division, Stamford, Connecticut

Cosmetics and Toilet Articles

Peter A. Campochiaro, M.D.

Associate Professor of Ophthalmology, University of Virginia School of Medicine, Charlottesville, Virginia

Chemical and Drug Injury to the Eye

Louis A. Cannon, M.D.

Clinical Research Fellow, Department of Cardiovascular Diseases; Instructor, Department of Emergency/Trauma Medicine, University of Cincinnati and University Hospital; Research Review Board, University Hospital, Cincinnati, Ohio

Benzene and the Aromatic Hydrocarbons; Ammonia, Nitrogen, Nitrous Oxides, and Related Compounds

Thomas R. Caraccio, Pharm.D.

Visiting Assistant Professor of Pharmacology and Toxicology, New York College of Osteopathic Medicine, Old Westbury; Adjunct Assistant Professor of Clinical Pharmacy, St. John's University College of Pharmacy, Jamaica; Clinical Coordinator, Long Island Regional Poison Control Center, and Clinical Pharmacist, Nassau County Medical Center, East Meadow, New York

Sodium and Sodium Chloride; Fluorine and Fluoride

Stanley L. Cohan, M.D., Ph.D.

Associate Professor, Department of Neurology, Georgetown University School of Medicine; Attending Neurologist, Georgetown University Hospital, Washington, D.C.

Central Nervous System Disturbances and Brain Death

Dale G. Deutsch, Ph.D.

Associate Professor, Department of Biochemistry, State University of New York at Stony Brook, Stony Brook, New York

Laboratory Diagnosis and Drug Testing

J. Ward Donovan, M.D., FACEP

Assistant Professor of Medicine, Emergency Medicine Division, The Pennsylvania State University School of Medicine; Medical Director, Capital Area Poison Center, The Milton S. Hershey Medical Center, Hershey, Pennsylvania

Nitrates, Nitrites, and Other Sources of Methemoglobinemia

James M. Dougherty, M.D., FACEP

Assistant Professor of Emergency Medicine, Northeastern Ohio Universities School of Medicine, Rootstown; Research Director and Senior Staff Physician, Department of Emergency Medicine, Akron General Medical Center, Akron, Ohio

Freon and Other Inhalants

Constance J. Doyle, M.D., FACEP

Clinical Instructor, Department of Surgery, Section of Emergency Services, University of Michigan School of Medicine; Emergency Physician, University of Michigan Hospitals, Ann Arbor, and Foote Memorial Hospital, Jackson, Michigan

Disaster Management of Massive Toxic Exposure

David N. Dunbar, M.D.

Assistant Professor of Medicine, University of Minnesota; Department of Medicine, Division of Cardiology, Hennepin County Medical Center, Minneapolis, Minnesota

New Cardiac Antiarrhythmic Agents

Philip A. Edelman, M.D.

Assistant Clinical Professor, Departments of Medicine, Pathology, and Occupational Medicine, University of California, Irvine; Chief, Toxicology Service and

Regional Poison Center, University of California, Irvine, Medical Center, Irvine, California

Industrial Toxicology: The Microelectronics Industry

Sally M. Ehlers, M.D.

Assistant Professor of Medicine, University of Minnesota Medical School; Director of Dialysis and Acting Chief of Nephrology, Department of Medicine, St. Paul-Ramsey Medical Center, St. Paul, Minnesota

Theophylline

Mark A. Eilers, M.D., FACEP

Assistant Professor, Department of Emergency Medicine, and Education Coordinator, Wright State University School of Medicine; Active Staff, Kettering Medical Center and Good Samaritan Hospital; Academic Staff, Miami Valley Hospital; Courtesy Staff, St. Elizabeth's Medical Center, Dayton, Ohio

Smoke Inhalation

Teddi F. Eisen, M.D.

Clinical Fellow, Pediatrics, Harvard Medical School; Fellow, Division of Clinical Pharmacology and Toxicology, The Children's Hospital, Boston, Massachusetts

Iron

Michael E. Ervin, M.D.

Associate Clinical Professor, Wright State University School of Medicine; Director, Emergency and Trauma Center, Miami Valley Hospital, Dayton, Ohio

Petroleum Distillates and Turpentine

Richard Feldman, M.D., FACEP

Assistant Professor of Clinical Emergency Medicine, Department of Surgery, University of Illinois College of Medicine at Chicago; Chairman, Department of Emergency Medicine, Illinois Masonic Medical Center, Chicago, Illinois

The Volatile Oils

Jerry A. Fogle, M.D.

Assistant Clinical Professor,
University of Virginia,
Charlottesville, Virginia, and West
Virginia University, Morgantown,
West Virginia; Staff Ophthalmologist,
City Hospital Inc., Martinsburg, West
Virginia

Chemical and Drug Injury to the Eye

Susanne Freeman, M.D.

Lecturer, St. Vincent's Hospital,
University of New South Wales;
Visiting Dermatologist at St.
Vincent's Hospital; Head, Contact
and Occupational Dermatitis Clinic,
Skin and Cancer Foundation,
Sydney, New South Wales, Australia
Dermatologic Toxicity

Lorne K. Garrettson, M.D.

Associate Professor of Pediatrics,
Emory University School of Medicine;
Director, Georgia Poison Control
Center; Attending Physician, Grady
Memorial Hospital and Henrietta
Egleston Hospital for Children,
Atlanta, Georgia

Lead

Shawn Gazaleh, M.D., FACEP

Clinical Instructor, Medicine,
University of Tennessee College of
Medicine, Chattanooga Unit,
Chattanooga, Tennessee; Medical
Director, Emergency Care
Department, Hamilton Medical
Center, Dalton, Georgia
Anthelmintics; Cyanoacrylate (Super Glue)

Johanna Goldfarb, M.D.

Assistant Professor of Pediatrics,
Department of Pediatrics, Case
Western Reserve University School of
Medicine; Attending Pediatrician,
Division of Pediatric Infectious
Diseases, Rainbow Babies and
Childrens Hospital, Cleveland, Ohio
Antimicrobial Agents

Nora Goldschlager, M.D.

Professor of Clinical Medicine,
University of California, San
Francisco; Director, Coronary Care

Unit, and Director,
Electrocardiographic Laboratory,
San Francisco General Hospital,
San Francisco, California
Cardiac Disturbances

Lloyd S. Goodman, M.D., FACC

Associate Clinical Professor,
Department of Medicine, School of
Medicine, Medical College of
Georgia; Associate Professor of
Internal Medicine, School of
Medicine, Mercer University; Medical
Director, Department of Cardiology,
Memorial Medical Center, Savannah,
Georgia

Digitalis

Richard E. Gradisek, M.D., FACEP

Assistant Professor of Emergency
Medicine, Northeastern Ohio
Universities College of Medicine,
Rootstown; Senior Staff Physician,
Department of Emergency Medicine,
Akron General Medical Center,
Akron, Ohio

Freon and Other Inhalants

David R. Graham, M.D.

Senior Registrar, Mersey Regional
Health Authority and Fazakeney
Hospital, Liverpool, England
*Tear Gas and Riot Control Agents; Solvent
Abuse*

Philip S. Guzelian, M.D.

Professor and Chairman, Division of
Clinical Toxicology and
Environmental Medicine, Medical
College of Virginia, Richmond,
Virginia

Environmental Toxicology: Overview

Lester M. Haddad, M.D., FACEP

Director, Emergency Department,
Beaufort Memorial Hospital,
Beaufort; Attending Physician,
Emergency Medicine Residency
Program, Richland Memorial
Hospital/University of South Carolina
School of Medicine; Consultant and
Adjunct Professor, USC Palmetto
State Poison Center, Columbia, South
Carolina

A General Approach to the Emergency Management of Poisoning; Poisonous Snakebite; Toxic Marine Life; Tricyclic and Newer Antidepressants; Cocaine; Organophosphates and Other Insecticides; Phenol and Related Agents; Miscellany

Alan H. Hall, M.D.

Assistant Professor of Pediatrics, University of Colorado Health Sciences Center; Senior Consultant, Rocky Mountain Poison and Drug Center, Denver General Hospital, Denver, Colorado
Arsenic and Other Heavy Metals; Cyanide

Lorraine Hartnett, M.D., FAAP

Staff Physician, Emergency Services, Department of Surgery, North Shore University Hospital, Manhasset, New York; Consultant, New York City Poison Control Center, New York, New York
Toxic Emergencies in the Neonate

Darell E. Heiselman, D.O., FACP, FACC, FCCP

Associate Professor, Internal Medicine, Northeastern Ohio Universities College of Medicine, Rootstown; Chief, Critical Care Medicine, and Co-Director, Intensive Care Unit, Akron General Medical Center, Akron, Ohio
Benzene and the Aromatic Hydrocarbons

Thomas S. Herman, Ph.D., DABCC

Technical Director, National Health Laboratories, Tampa Division, Tampa, Florida
Appendix: Chemical Conversions of Toxicologic Laboratory Values

Thomas J. Hetrick, M.D., FACEP

Assistant Professor of Emergency Medicine, Northeastern Ohio Universities College of Medicine, Rootstown; Senior Attending Staff Physician, Akron General Medical Center, Akron, Ohio
Ammonia, Nitrogen, Nitrous Oxides, and Related Compounds; Freon and Other Inhalants

David J. Holbrook, Ph.D.

Associate Professor, Department of Biochemistry, and Director of Graduate Studies, Curriculum in Toxicology, School of Medicine, University of North Carolina, Chapel Hill, North Carolina
Environmental Toxicology: Carcinogenesis

Kathleen C. Hubbell, M.D. FACEP

Assistant Professor, Department of Medicine, Louisiana State University School of Medicine in New Orleans, and Director, Louisiana State University Emergency Medicine Residency Program; Acting Director, Accident Room, Charity Hospital of Louisiana in New Orleans, New Orleans, Louisiana
Opiates and Narcotics

Kenneth V. Iserson, M.D., M.B.A., FACEP

Associate Professor and Residency Director in Emergency Medicine, University of Arizona College of Medicine; Attending Physician, University Medical Center, Tucson, Arizona
Caffeine and Nicotine

Lt. Andy S. Jagoda, M.D., M.C., USNR

Lieutenant, Naval Medical Command, Medical Department, ASU Bahrain, FPO New York, New York
Phencyclidine and the Hallucinogens

David S. Jallo, R.Ph.

Instructor, Environmental Science, University of Phoenix; Lead Environmental Scientist, Arizona Public Service Company, Phoenix, Arizona
Ergot

Jeffrey S. Jones, M.D.

Assistant Professor, Division of Emergency Medicine, Michigan State University College of Human Medicine, East Lansing; Research Director and Staff Physician, Department of Emergency Medicine,

Butterworth Hospital, Grand Rapids, Michigan

Industrial Toxicology: General Concepts

Richard L. Jones, M.D.

Associate Clinical Professor of Pediatrics, Georgetown University Hospital, Washington, D.C.

Evaluation of Drug Use in the Adolescent

Armand Keating, M.D., FRCP(C)

Director, University of Toronto Autologous Bone Marrow Transplant Program; Director of Research, Division of Hematology-Oncology, Department of Medicine, Toronto General Hospital, Toronto, Ontario, Canada

Hematologic Consequences of Poisoning

Brian F. Keaton, M.D., FACEP

Assistant Professor in Emergency Medicine, Northeastern Ohio Universities College of Medicine, Rootstown; Attending Physician, Department of Emergency Medicine, St. Thomas Medical Center, Akron, Ohio

Chlorinated Hydrocarbons

Michael T. Kelley, M.D., FACEP

Assistant Professor of Preventive Medicine, Division of Emergency Medicine, Ohio State University; Pediatrics/Pharmacology/Toxicology, Ohio State University Hospital; Department of Pharmacology/Toxicology, Columbus Children's Hospital, Columbus, Ohio

Sympathomimetics

Daniel E. Keyler, Pharm.D.

Clinical Assistant Professor, College of Pharmacy, University of Minnesota; Clinical Assistant Professor, Division of Clinical Toxicology and Pharmacology, Department of Medicine, Hennepin County Medical Center, Minneapolis, Minnesota

Tricyclic and Newer Antidepressants

Robert P. Kimberly, M.D.

Associate Professor of Medicine, Cornell University Medical College;

Associate Attending Physician, The New York Hospital and The Hospital for Special Surgery, New York, New York

Nonsteroidal Anti-Inflammatory Drugs and Colchicine

Mark Kirk, M.D.

Clinical Toxicology Fellow, University of Colorado Health Sciences Center, Rocky Mountain Poison and Drug Center; Attending Physician, Denver General Hospital, Denver, Colorado

Anticholinergics

Robert C. Kopelman, M.D.

Clinical Assistant Professor of Medicine, University of California, Los Angeles; Active Staff, Mercy, San Joaquin, Memorial, and Bakersfield Community Hospitals and Kern Medical Center, Bakersfield, California

Camphor

Ken Kulig, M.D., FACEP

Assistant Professor, Department of Surgery, Trauma and Emergency Medicine Section, University of Colorado Medical School; Medical Director, Rocky Mountain Poison Center, University of Colorado Health Services Center; Clinical Attending Staff, Denver General Hospital, University Hospital, and Porter Memorial Hospital, Denver, Colorado

Mushrooms; Anticholinergics; Other Herbicides and Fungicides; Strychnine

Donald B. Kunkel, M.D.

Associate in Pharmacology and Toxicology, College of Pharmacy, The University of Arizona, Tucson; Medical Director, Department of Medical Toxicology and Samaritan Regional Poison Center, Good Samaritan Regional Medical Center, Phoenix, Arizona

Poisonous Arthropods: Spiders and Scorpions; Poisonous Plants; Ergot

Peter G. Lacouture, Ph.D.

Instructor, Pediatrics, Harvard Medical School; Research

Coordinator, Massachusetts Poison Control System, The Children's Hospital, Boston, Massachusetts
Iron

Paul W. Ladenson, M.D.

Associate Professor of Medicine, Johns Hopkins University School of Medicine; Director, Division of Endocrinology and Metabolism, Johns Hopkins Hospital, Baltimore, Maryland
Thyroid

Joseph LaDou, M.D.

Clinical Professor and Chief, Division of Occupational and Environmental Medicine, University of California, San Francisco; Attending Physician, O'Connor Hospital, San Jose, California
Industrial Toxicology: The Microelectronics Industry

Richard F. Lee, Ph.D.

Professor of Oceanography, Skidaway Institute of Oceanography, University of Georgia System, Savannah, Georgia
Toxic Marine Life

Toby Litovitz, M.D., FACEP

Associate Professor, Emergency Medicine, Georgetown University School of Medicine; Director, National Capital Poison Center, Georgetown University Hospital, Washington, D.C.
Alkali Injury: The Miniature Battery Hazard

Neal E. Little, M.D., FACEP

Clinical Instructor, University of Michigan Medical School; Emergency Physician, St. Joseph Mercy Hospital, Ann Arbor, Michigan
Disaster Management of Massive Toxic Exposure

Frederick H. Lovejoy, M.D.

Professor of Pediatrics, Harvard Medical School; Associate Physician-in-Chief, The Children's Hospital, Boston, Massachusetts
Prevention of Childhood Poisonings; Isoniazid; Iron

Timothy J. Mader, M.D.

Senior Resident, Department of Emergency Medicine, Richland Memorial Hospital/University of South Carolina School of Medicine, Columbia, South Carolina
Geriatric Toxicology

John F. Maher, M.D.

Professor of Medicine, Uniformed Services University of the Health Sciences, Bethesda, Maryland; Attending Staff, Walter Reed Army Medical Center, Washington, D.C., and Naval Hospital, Bethesda, Maryland
Renal Considerations: Acute Renal Failure

C. Patrick Mahoney, M.D.

Clinical Professor of Pediatrics, University of Washington School of Medicine; Attending Physician, Children's Hospital and Medical Center and Virginia Mason Medical Center, Seattle, Washington
Vitamins A and D and Their Analogues

Howard I. Maibach, M.D.

Professor, University of California Medical School and Hospital, San Francisco, California
Dermatologic Toxicity

Anthony S. Manoguerra, Pharm.D., DABAT

Professor of Clinical Pharmacy, School of Pharmacy, University of California, San Francisco; Director, San Diego Regional Poison Center, University of California, San Diego, Medical Center, San Diego, California; Immediate Past-President, American Association of Poison Control Centers
The Poison Information Telephone Call

Michael G. Manske, M.D.

Clinical Instructor, Wright State University School of Medicine, Dayton, Ohio; Attending Physician, St. Mary's Hospital, Racine, Wisconsin
Petroleum Distillates and Turpentine

Celeste Martin Marx, Pharm.D.

Assistant Professor of Pediatrics,
Case Western Reserve University
School of Medicine; Pediatric Clinical
Pharmacist, Rainbow Babies and
Childrens Hospital, Cleveland, Ohio
Developmental Toxicology

**James F. McAnally, M.D., FACC,
FACP**

Clinical Associate Professor of
Medicine, Seton Hall University
Graduate School of Medicine; Chief
of Nephrology, St. Elizabeth's
Hospital; Director of Nephrology,
Alexian Brothers Hospital, Elizabeth,
New Jersey
Acid-Base Balance

Michael McGuigan, M.D.

Assistant Professor of Pediatrics and
Pharmacology, Faculty of Medicine,
University of Toronto; Medical
Director, Poison Information Centre,
Hospital for Sick Children, Toronto,
Ontario, Canada
Hydrofluoric Acid

Terrance P. McHugh, M.D., FACEP

Attending Physician, Emergency
Medicine Residency Program,
Richland Memorial Hospital/
University of South Carolina School
of Medicine, Columbia, South
Carolina
Borates

Thomas W. McKee, M.D.

Director, Pediatric Intensive Care
Unit, Memorial Medical Center,
Savannah, Georgia
*Fluids and Electrolytes II: The Pediatric
Patient*

M. Jo McMullen, M.D., FACEP

Assistant Professor of Emergency
Medicine, Northeastern Ohio
Universities College of Medicine,
Rootstown; Senior Attending Staff
Physician, Akron General Medical
Center, Akron, Ohio
*Industrial Toxicology: General Concepts;
Ammonia, Nitrogen, Nitrous Oxides, and
Related Compounds*

Brooks C. Metts, Jr., Pharm.D.

Associate Professor of Clinical
Pharmacy, University of South
Carolina; Director, Palmetto Poison
Center, University of South Carolina
and Richland Memorial Hospital,
Columbia, South Carolina
Other Rodenticides

Edith P. Mitchell, M.D.

Assistant Professor of Medicine,
University of Missouri-Columbia,
Columbia, Missouri
Chemotherapeutic Agents

Howard C. Mofenson, M.D.

Professor of Clinical Pediatrics, State
University of New York at Stony
Brook; Visiting Professor of
Pharmacology and Toxicology, New
York College of Osteopathy;
Professor of Clinical Pharmacy, St.
John's University College of
Pharmacy, Jamaica; Attending in
Pediatrics, Director of Long Island
Regional Poison Control Center, and
Director of Clinic for Children with
Diabetes Mellitus, Nassau County
Medical Center, East Meadow, New
York
*Sodium and Sodium Chloride; Fluorine and
Fluoride*

**Roy A. M. Myers, M.D., FRCS
(Edin.)**

Clinical Assistant Professor of
Surgery, University of Maryland,
Baltimore, and Georgetown
University, Washington, D.C.;
Clinical Assistant Professor of
Medicine, Pennsylvania State
University, Hershey, Pennsylvania;
Director of Hyperbaric Medicine,
Maryland Institute for Emergency
Medical Services Systems; University
of Maryland Hospital, Montebello
Rehabilitation Hospital, and
Maryland General Hospital,
Baltimore, Maryland
Carbon Monoxide Poisoning

Larry L. Needham, Ph.D.

Chief, Toxicology Branch, Centers for
Disease Control, Atlanta, Georgia
*Environmental Toxicology: Polychlorinated
Dibenzo-P-Dioxins*

Donald G. Patterson, Jr., Ph.D.
Chief, Dioxin and Related
Compounds Laboratory, Centers for
Disease Control, Atlanta, Georgia
*Environmental Toxicology: Polychlorinated
Dibenzo-P-Dioxins*

Paul R. Pentel, M.D.
Associate Professor of Medicine,
University of Minnesota Medical
School; Department of Medicine,
Hennepin County Medical Center,
Division of Clinical Pharmacology
and Toxicology, Minneapolis,
Minnesota
*Tricyclic and Newer Antidepressants; New
Cardiac Antiarrhythmic Agents*

George Podgorny, M.D., FICS
Associate Professor of Clinical
Surgery, Bowman Gray School of
Medicine, Wake Forest University;
Visiting Professor of Emergency
Medicine, East Carolina University
School of Medicine; Attending
Physician, Department of Emergency
Medicine, Moses H. Cone Memorial
Hospital, Winston-Salem, North
Carolina
*Poisonous Snakebite; Poisonous Arthropods:
Spiders and Scorpions*

John F. Pope, M.D.
Fellow in Pediatric Pharmacology,
University of Virginia; Fellow,
Division of Pediatric Pharmacology
and Critical Care, University of
Virginia Hospital, Charlottesville,
Virginia
Developmental Toxicology

Daniel Carl Postellon, M.D.
Assistant Professor of Pediatrics,
Wayne State University; Attending
Physician, Children's Hospital of
Michigan, Detroit, Michigan
Iodine

A. T. Proudfoot, B.Sc., FRCPE
Director, Regional Poison Treatment
Centre, Edinburgh Royal Infirmary,
Edinburgh, Scotland
Salicylates and Salicylamide

James I. Raymond, M.D., FACEP
Director of Education and
Professional Services, Department of
Emergency Medicine and Program
Director, Emergency Medicine
Residency Training Program,
Richland Memorial Hospital/
University of South Carolina School
of Medicine; Medical Director, South
Carolina State Emergency Medical
Service, Department of Health and
Environmental Control, Columbia,
South Carolina
Geriatric Toxicology

Michael D. Reed, Pharm.D.
Associate Professor of Pediatrics,
Division of Pediatric Pharmacology
and Critical Care, Department of
Pediatrics, University of Virginia
Children's Medical Center, University
of Virginia Health Sciences Center,
Charlottesville, Virginia
Drug-Drug Interactions

Betty S. Riggs, M.D.
Associate Director, Clinical Research
and Development, Wyeth-Ayerst
Research, Philadelphia, Pennsylvania
Other Herbicides and Fungicides; Strychnine

**Timothy J. Rittenberry, M.D.,
FACEP**
Assistant Professor of Clinical
Emergency Medicine, Department of
Surgery, University of Illinois College
of Medicine at Chicago; Director of
Emergency Medicine Education,
Illinois Masonic Medical Center,
Chicago, Illinois
The Volatile Oils

James R. Roberts, M.D., FACEP
Associate Professor, Emergency
Medicine, Medical College of
Pennsylvania; Director, Emergency
Medicine, Misericordia Hospital,
Philadelphia, Pennsylvania
*A General Approach to the Emergency
Management of Poisoning; Benzodiazepines;
Clonidine*

William O. Robertson, M.D.
Professor of Pediatrics, Department
of Pediatrics, University of

Washington School of Medicine;
Medical Director, Seattle Poison
Center, Children's Hospital and
Medical Center; Medical Director,
Washington Poison Network, Seattle,
Washington; President, American
Association of Poison Control
Centers

Arsenic and Other Heavy Metals

Marilyn Rogers, M.D., FACEP

Emergency Physician, Erlanger
Medical Center, Chattanooga,
Tennessee

Cyanoacrylate (Super Glue)

Carlos Rotellar, M.D.

Assistant Professor of Medicine,
Georgetown University School of
Medicine, Washington, D.C.

*Renal Considerations: Chronic Drug
Nephropathy*

Barry H. Rumack, M.D.

Professor of Pediatrics, University of
Colorado School of Medicine;
Director, Rocky Mountain Poison and
Drug Center; Attending Physician,
University of Colorado Health
Sciences Center, Denver General
Hospital, and The Children's
Hospital, Denver, Colorado

*Mushrooms; Anticholinergics; Acetaminophen;
Cyanide*

Philip S. Schein, M.D.

Adjunct Professor of Medicine and
Pharmacology, University of
Pennsylvania School of Medicine,
Philadelphia; Clinical Professor of
Medicine and Pharmacology,
Georgetown University School of
Medicine, Washington, D.C.;
President and Chief Executive
Officer, U.S. Bioscience, Blue Bell,
Pennsylvania

Chemotherapeutic Agents

Daniel T. Schelble, M.D., FACEP

Associate Professor, Department of
Emergency Medicine, Northeastern
Ohio Universities College of
Medicine, Rootstown; Chairman,
Department of Emergency Medicine,

Akron General Medical Center,
Akron, Ohio

Phosphine and Phosgene

**George E. Schreiner, M.D., FACP,
FRCP(SGLAS)**

Distinguished Professor of Medicine,
Georgetown University School of
Medicine, Washington, D.C.

*Renal Considerations: Chronic Drug
Nephropathy*

Andre Schuh, M.D., FRCP(C)

Postdoctoral Fellow, Mt. Sinai
Hospital Research Institute,
Department of Medical Genetics,
Faculty of Medicine, University of
Toronto, Toronto, Ontario, Canada

Anticoagulants

Janice B. Schwartz, M.D.

Assistant Professor of Medicine and
Pharmacy, University of California at
San Francisco; Attending Physician,
Moffitt-Long Hospital, San Francisco,
California

Calcium Entry Blocker Poisoning

Donna Seger, M.D., FACEP, ABMT

Assistant Professor of Surgery and
Medicine, Section of Emergency
Medicine, Vanderbilt University
Medical Center; Acting Director,
Vanderbilt Poison Control Center,
Nashville, Tennessee

Phenytoin and Other Anticonvulsants

Brad S. Selden, M.D.

Fellow, Department of Medical
Toxicology, Good Samaritan Regional
Medical Center, Phoenix, Arizona

Poisonous Arthropods: Spiders and Scorpions

Günter Seyffart, M.D.

Dialysis Center, Bad Homburg,
Germany

Antihistamines and Other Sedatives

Michael W. Shannon, M.D., M.P.H.

Clinical Instructor in Pediatrics,
Harvard Medical School; Assistant in
Medicine, The Children's Hospital;
Medical Consultant, The

Massachusetts Poison Control System, Boston, Massachusetts
Isoniazid

Suzanne M. Shepherd, M.D., FACEP

Assistant Professor of Emergency Medicine, Georgetown University Medical Center; Attending Physician, Department of Emergency Medicine, Georgetown University Hospital, Washington, D.C.

Phencyclidine and the Hallucinogens

Richard O. Shields, Jr., M.D., FACEP
