*Second edition* Textbook  
of

# ORAL SURGERY

*Edited by*

**GUSTAV O. KRUGER, B.S., A.M., D.D.S., F.A.C.D., F.I.C.D.**

Professor of Oral Surgery, Georgetown University School of Dentistry, Washington, D. C.; Chief of Dental Staff, Georgetown University Hospital, Washington, D. C.; Consultant and Member of Executive Committee, District of Columbia General Hospital, Washington, D. C.; Consultant, Veterans Administration Hospitals, Martinsburg, W. Va., and Washington, D. C.; Consultant, United States Naval Dental School, Bethesda, Md.; Consultant to the President's Physician; Past President, Middle Atlantic Society of Oral Surgeons; President, American Board of Oral Surgery; Diplomate, American Board of Oral Surgery

*With 429 figures*

*Including drawings by Biagio J. Melloni*

**THE C. V. MOSBY COMPANY**

# CONTENTS

## *Chapter 1*

### **PRINCIPLES OF SURGERY (JAMES R. CAMERON), 25**

- Case history, 26
- Laboratory work, 27
- Asepsis, 28
- Atraumatic surgery, 29
- Infection, 30
- Suture material, 30
- Ligatures, 34
- Needles, 34
- Dressings, 34
- Blood loss, 34
- Operating room, 34
- Linen, 40

## *Chapter 2*

### **PRINCIPLES OF SURGICAL TECHNIQUE (THEODORE A. LESNEY), 41**

- Introduction, 41
  - Infection, 42
  - Patent airway, 43
  - Hemorrhage control, 43
- Sterilization of armamentarium, 46
  - Principles of sterilization, 46
  - General observations, 47
- Preoperative preparation for oral surgery problems, 48
  - Preoperative routine for patients requiring oral surgery, 49
  - Comment, 49
- Operating room decorum, 50
  - Scrub technique, 50
  - Isolation of patient from operating team, 52
  - Modifications of aseptic routine for office practice of oral surgery, 54
  - Some fundamental precautions with gaseous mixtures in operating rooms, 56
- Basic oral surgery, 57
  - Incision, 57
  - Suture materials, 60

- Wire mesh, 61
- Dressings, 61
- Operative technique, 62
  - General, 62
  - Submandibular approach to the ascending ramus and body of the mandible, 62
  - Soft tissue closure, 66
  - Surgical approach to the temporomandibular joint, 67
- Postoperative care, 72
  - Water, electrolyte, and nutritional balance, 72
- Armamentarium, 73

### *Chapter 3*

## **INTRODUCTION TO EXODONTIA (GUSTAV O. KRUGER), 74**

- General principles, 74
  - Psychology, 74
  - Anesthesia, 77
  - Examination of the patient, 78
- Indications and contraindications for extraction, 79
  - Indications, 79
  - Contraindications, 79
- The office; equipment; armamentarium, 81
  - Armamentarium, 82
  - Sterilization and care of instruments, 86

### *Chapter 4*

## **FORCEPS EXTRACTION (GUSTAV O. KRUGER), 88**

- Anesthesia, 88
- Position of patient, 88
- Preparation and draping, 89
- Position of left hand, 89
- Forceps extraction, 89
- Postextraction procedure, 100
- Number of teeth to be extracted, 101
- Order of extraction, 101

### *Chapter 5*

## **COMPLICATED EXODONTIA (GUSTAV O. KRUGER), 102**

- Alveoloplasty, 102
- Surgical flap, 106
- Root removal, 109
- Elevator principles, 114

### *Chapter 6*

## **IMPACTED TEETH (GUSTAV O. KRUGER), 117**

- Preliminary considerations, 118
- Mandibular mesioangular impaction, 121
- Mandibular horizontal impaction, 124
- Mandibular vertical impaction, 125
- Mandibular distoangular impaction, 126
- Maxillary mesioangular impaction, 127

- Maxillary vertical impaction, 129
- Maxillary distoangular impaction, 129
- Maxillary canine impactions, 130
- Supernumerary tooth impaction, 132

## Chapter 7

### ABNORMALITIES OF THE MOUTH (J. ORTON GOODSSELL AND

GEORGE E. MORIN), 134

- Sharp ridges, 135
- Tori, 137
- Enlarged tuberosities, 140
- Soft tissue deformities, 142
  - Tissue supports, 143
  - Folds and redundancies in sulci, 145
  - Scar bands, frenums, and high muscle attachments, 149
- Deepening of buccolabial sulcus: ridge extensions, 149
  - Kazanjian's method, 150
  - Clark's method, 152
- Deepening of lingual sulcus, 153
  - Trauner's method, 153
  - Caldwell's method, 153
- Loss of maxillary buccal sulci, 155
- Other procedures, 155

## Chapter 8

### SPECIAL CONSIDERATIONS IN EXODONTIA (DONALD C. REYNOLDS), 156

- Removal of teeth for children, 156
- Selection of anesthesia for exodontia, 158
- Removal of teeth under general anesthesia, 160
- Removal of teeth in the hospital, 162
- Management of acutely infected teeth, 163
- Complications of exodontia, 163
- Postexodontia complications, 165
- Emergencies in the dental office, 166

## Chapter 9

### SURGICAL BACTERIOLOGY (S. ELMER BEAR), 170

- Infection, 170
  - Local factors, 171
  - Systemic condition of the patient, 171
  - The physiology of infection, 174
  - Systemic effects of oral infection, 176
  - Focus of infection, 176
- Antibiotics, 178
  - Historical background, 178
  - General considerations, 179
  - Nature of the lesion, 179
  - Sensitivity of microorganisms, 181
  - Dosage and route of administration, 182
  - Indiscriminate use of antibiotics, 184
  - Specific antibiotics, 186

- Sulfonamides, 195
- Adjunctive therapy, 196
  - Vitamins, 196
  - Antihistamines, 196
  - Penicillinase, 197
- Sequela, 197

### *Chapter 10*

## **SPECIAL INFECTIONS AND THEIR SURGICAL RELATIONSHIP (GEORGE E. MORIN), 199**

- Tetanus, 200
- Gas gangrene, 200
- Syphilis, 201
- Oral tuberculosis, 202
- Moniliasis (thrush), 202
- Actinomycosis, 203
- Blastomycosis (North American blastomycosis), 204
- Histoplasmosis, 204
- Oral herpes, 204
  - Herpetic ulcers, 204
  - Herpetic (aphthous) stomatitis, 205
- Erythema multiforme, 205
  - Stevens-Johnson syndrome, 206
  - Behçet's syndrome, 206
- Herpangina, 206
- Pemphigus, 206

### *Chapter 11*

## **ACUTE INFECTIONS OF THE ORAL CAVITY (SANFORD M. MOOSE), 208**

- Acute infections of the jaws, 209
  - Periapical abscess, 209
  - Pericoronal infections, 211
  - Periodontal abscess, 218
- Acute cellulitis, 217
  - Treatment, 218
  - Fascial planes, 220
  - Ludwig's angina, 232
  - Cavernous sinus thrombosis, 233
- General management of patient with acute infection, 234
- Osteomyelitis, 235

### *Chapter 12*

## **CHRONIC PERIAPICAL INFECTIONS (LESLIE M. FITZGERALD**

**AND JAMES A. O'BRIEN), 239**

- Types of chronic periapical infection, 239
  - Chronic alveolar abscess, 239
  - Granuloma, 239
  - Periapical cyst, 241
- Treatment, 242
  - Technique of apicoectomy, 242
  - Technique of removal of periapical cysts, 243

- Chronic periodontal infection, 245
- Removal of broken needles, 246

### *Chapter 13*

## **HEMORRHAGE AND SHOCK (R. QUENTIN ROYER), 248**

- Preoperative examination and preparation, 248
- Oral hemorrhage, 249
- Shock, 256
- Fluid and electrolyte balance in oral surgery, 258
- Postoperative care, 261

### *Chapter 14*

## **CYSTS OF BONE AND SOFT TISSUES OF THE ORAL CAVITY AND CONTIGUOUS STRUCTURES (LEROY W. PETERSON), 263**

- Classification, 263
  - Congenital cysts, 264
  - Developmental cysts, 267
- General consideration of cystic lesions, 277
  - Diagnosis, 277
  - X-ray findings, 277
  - Surgical technique, 279
  - Postoperative complications, 288

### *Chapter 15*

## **DISEASES OF THE MAXILLARY SINUS OF DENTAL ORIGIN (PHILLIP EARLE WILLIAMS), 291**

- Description, 291
- Diseases, 296
- Pathology, 298
- Treatment, 299
  - Accidental openings, 299
  - Preoperative considerations, 301
  - Closure of the oroantral fistula, 302
  - Caldwell-Luc operation, 304
- Summary, 305

### *Chapter 16*

## **WOUNDS AND INJURIES OF THE SOFT TISSUES OF THE FACIAL AREA (ROBERT B. SHIRA), 307**

- General considerations, 307
- Classification of wounds, 308
  - Contusion, 308
  - Abrasion, 308
  - Laceration, 309
  - Penetrating wound, 309
  - Gunshot, missile, and war wounds, 309
  - Burns, 310
- Treatment of wounds, 310
  - General considerations, 310

- Treatment of contusions, 311
- Treatment of abrasions, 311
- Treatment of lacerations, 312
- Treatment of puncture type of penetrating wounds, 319
- Treatment of gunshot, missile, and war wounds, 320
- Treatment of burns, 324
  - Therapy, 326
- Burns in mass casualty care, 328
- Miscellaneous wounds, 329
  - Intraoral wounds, 329
  - Severed parotid duct, 332

### *Chapter 17*

## **TRAUMATIC INJURIES OF THE TEETH AND ALVEOLAR PROCESS; DENTAL TRANSPLANTS (MERLE L. HALE), 334**

- Traumatic injuries, 334
  - Clinical evaluation of the injury, 334
  - Radiographic evaluation of the injury, 338
  - Completing the diagnosis and treatment plan, 338
  - Splinting procedures, 340
  - Anesthesia, 340
  - Postoperative considerations and care, 341
- Dental transplants, 341
  - Indications for an autogenous dental transplant, 342
  - Description of the surgical procedures, 343
  - Postoperative care, 345

### *Chapter 18*

## **FRACTURES OF THE JAWS (GUSTAV O. KRUGER), 348**

- General discussion, 348
  - Etiology, 348
  - Classification, 349
  - Examination, 351
  - First aid, 357
  - Treatment, 359
- Healing of bone, 362
- Fractures of the mandible, 365
  - Causes, 365
  - Location, 366
  - Displacement, 366
  - Signs and symptoms, 373
  - Treatment methods, 374
  - Treatment of fractures of the mandible, 391
  - Feeding problems, 413
  - Time for repair, 414
  - Complications, 415
- Fractures of the maxilla, 417
  - Causes, 417
  - Classification; signs and symptoms, 417
  - Treatment, 420
  - Complications, 426
- Zygoma fractures, 426
  - Diagnosis, 427

Treatment, 428  
Complications, 429

*Chapter 19*

**THE TEMPOROMANDIBULAR JOINT (FRED A. HENNY), 431**

Anatomy, 431  
The painful temporomandibular joint, 432  
    Etiology, 433  
    Symptoms, 433  
    Clinical findings, 434  
    Roentgenographic findings, 436  
    Treatment, 438  
Dislocation, 445  
    Treatment, 446  
Ankylosis, 447

*Chapter 20*

**CLEFT LIP AND CLEFT PALATE (JAMES R. HAYWARD), 450**

Embryology, 450  
Etiology, 453  
Surgical correction, 455  
    Cheilorrhaphy, 455  
    Palatorrhaphy, 457  
Other habilitation measures, 464  
    Prosthetic speech aid appliances, 464  
    Dental care, 465  
    Speech therapy, 465  
    Cleft palate team approach, 466

*Chapter 21*

**ACQUIRED DEFECTS OF THE HARD AND SOFT TISSUES OF THE FACE (EDWARD C. HINDS), 467**

Soft tissue repair, 468  
    Free grafts, 468  
    Local flaps, 469  
    Distant flaps, 476  
Contour replacement, 478  
    Soft tissue, 478  
    Cartilage, 478  
    Bone, 481  
    Artificial implants, 484  
Reconstruction of the mandible, 489  
    Alloplasts, 489  
    Bone, 491  
Immediate repair of compound defects resulting from cancer surgery, 499

*Chapter 22*

**DEVELOPMENTAL DEFORMITIES OF THE JAWS (JACK B. CALDWELL), 504**

Growth and orthodontics, 506  
Selection of an operative procedure and preoperative planning, 507  
Preparation of the patient for surgery, 511

- Anesthesia, 512
- Skin preparation and draping the patient, 512
- Prognathism, 514
  - Technique of soft tissue surgery, 514
  - Technique of bone surgery, 516
  - Supportive and postoperative care, 547
  - Relationship of musculature to surgical correction of jaw deformities, 548
  - Fixation appliances and immobilization, 550
  - Summary, 552
- Micrognathia, 553
  - Technique for bone surgery, 553
- Apertognathia (open-bite deformity), 562
  - Technique for bone surgery, 564
- Summary, 568
- Conclusion, 570

### *Chapter 23*

## **SURGICAL ASPECTS OF ORAL TUMORS (CLAUDE S. LA DOW), 573**

- Tumors of the hard tissues of the oral cavity, 573
  - Odontogenic tumors, 573
  - Osteogenic tumors, 576
- Tumors of the soft tissues of the oral cavity, 582
- Carcinoma of the oral cavity, 589
  - Treatment, 591

### *Chapter 24*

## **SALIVARY GLANDS AND DUCTS (DONALD E. COOKSEY), 597**

- Structure of the salivary glands, 597
  - Gross anatomy, 597
  - Microscopic anatomy, 599
  - Anatomical weaknesses, 600
- Diseases of the salivary glands, 601
  - Inflammatory diseases, 601
  - Diseases due to obstruction, 602
  - Tumors of the salivary glands, 604
- Differential diagnosis of salivary gland lesions, 608
  - History, 609
  - Physical examination, 610
  - Radiographic evaluation, 611
  - Laboratory procedures, 619
- Surgical procedures, 619
  - Transoral sialolithotomy of submaxillary duct, 620
  - Transoral sialolithotomy of parotid duct, 622
  - Removal of submaxillary gland, 622
  - Removal of parotid gland, 625
- Conclusion, 626

### *Chapter 25*

## **NEUROLOGICAL ASPECTS OF DENTAL PAIN (ATHOL L. FREW, JR., AND DON M. ISHMAEL), 627**

- Clinical examination for localization of dental focus, 627
  - Motor nerves, 628
  - Sensory nerves, 631

TEXTBOOK OF ORAL SURGERY

*Second edition* Textbook  
of

# ORAL SURGERY

*Edited by*

**GUSTAV O. KRUGER, B.S., A.M., D.D.S., F.A.C.D., F.I.C.D.**

Professor of Oral Surgery, Georgetown University School of Dentistry, Washington, D. C.; Chief of Dental Staff, Georgetown University Hospital, Washington, D. C.; Consultant and Member of Executive Committee, District of Columbia General Hospital, Washington, D. C.; Consultant, Veterans Administration Hospitals, Martinsburg, W. Va., and Washington, D. C.; Consultant, United States Naval Dental School, Bethesda, Md.; Consultant to the President's Physician; Past President, Middle Atlantic Society of Oral Surgeons; President, American Board of Oral Surgery; Diplomate, American Board of Oral Surgery

*With 429 figures*

*Including drawings by Biagio J. Melloni*

# CONTRIBUTORS

## **S. ELMER BEAR, D.D.S., F.A.C.D.**

Chairman, Department of Oral Surgery, Medical College of Virginia, School of Dentistry, Richmond, Va.; Consultant, United States Naval Hospital, Portsmouth, Va.; Consultant, National Institutes of Health, Clinical Center, Bethesda, Md.; Diplomate, American Board of Oral Surgery

## **JACK B. CALDWELL, D.D.S., M.Sc., F.A.C.D.**

Colonel, United States Army Dental Corps, Retired; Consultant in Oral Surgery, Fitzsimons General Hospital, Denver, Colo.; formerly Chief of Dental Service, Second General Hospital, and Oral Surgery Consultant to the Chief Surgeon, United States Army, Europe; formerly Visiting Professor, College of Physicians and Surgeons, School of Dentistry, San Francisco, Calif.; formerly Staff Member, Army Medical Service Graduate School, Walter Reed Army Medical Center, Washington, D. C.; formerly Chief of Oral Surgery, Walter Reed General Hospital, Washington, D. C., Fitzsimons General Hospital, Denver, Colo., and Letterman General Hospital, San Francisco, Calif.; Diplomate, American Board of Oral Surgery; now at Denver, Colo.

## **JAMES R. CAMERON, D.D.S., Sc.D., LL.D., F.A.C.D., F.I.C.A.**

Professor of Oral Surgery, Temple University School of Dentistry, Philadelphia, Pa.; formerly Professor of Oral Surgery and Chairman of the Course in Oral Surgery, Graduate School of Medicine, University of Pennsylvania, Philadelphia, Pa.; Faculty Member, Walter Reed Army Institute of Research, Washington, D. C.; Consultant in Oral Surgery, Pennsylvania Hospital and United States Naval Hospital, Philadelphia, Pa., and Valley Forge Army Hospital, Phoenixville, Pa.; formerly Chief of Oral Surgery, Pennsylvania Hospital, Philadelphia, Pa.; Past President, American Board of Oral Surgery and American Society of Oral Surgeons; Diplomate, American Board of Oral Surgery

## **DONALD E. COOKSEY, D.D.S., M.S., F.A.C.D.**

Captain, United States Navy Dental Corps; Commanding Officer, United States Naval Dental Clinic, Yokosuka, Japan; formerly Chief of Clinical Services, Head of Oral Surgery Division, and Consultant-Instructor in Oral Surgery,

United States Naval Dental School, National Naval Medical Center, Bethesda, Md.; Guest Lecturer, University of Pennsylvania, Philadelphia, Pa., and Georgetown University, Washington, D. C.; Diplomate, American Board of Oral Surgery

**LESLIE M. FITZGERALD, D.D.S., D.Sc., F.A.C.D., F.I.C.D.**

Formerly Chief of Oral Surgery Staff, St. Joseph's, Finley, and Xavier Hospitals, Dubuque, Iowa; Secretary, American Board of Oral Surgery; formerly Consultant in Oral Surgery to the Surgeon General of the United States Navy and to the Central Office of the Veterans Administration; formerly Chairman, Council on Dental Education, American Dental Association; Past President, American Society of Oral Surgeons and American Dental Association; Diplomate, American Board of Oral Surgery

**ATHOL L. FREW, Jr., B.A., D.D.S., M.D.**

Associate Professor of Oral Surgery, University of Oklahoma Medical School, Oklahoma City, Okla.; Past President, American Board of Oral Surgery; Diplomate, American Board of Oral Surgery

**J. ORTON GOODSSELL, D.D.S., D.D.Sc., F.A.C.D.**

Director, Cleft Lip and Cleft Palate Rehabilitation Center, Saginaw General Hospital, Saginaw, Mich.; formerly Lecturer in Oral Surgery, University of Michigan School of Dentistry, Ann Arbor, Mich.; Past President, American Board of Oral Surgery; Diplomate, American Board of Oral Surgery

**MERLE L. HALE, B.A., D.D.S., M.S., F.A.C.D.**

Professor of Oral Surgery, College of Dentistry, and Head of Oral Surgery and Dental Department, University Hospitals, State University of Iowa, Iowa City, Iowa; Clinical Professor of Oral Surgery, State University of Iowa College of Medicine, Iowa City, Iowa; formerly Professor of Oral Surgery, University of Kansas City, Kansas City, Mo.; Diplomate, American Board of Oral Surgery

**JAMES R. HAYWARD, D.D.S., M.S., F.A.C.D.**

Professor of Oral Surgery, University of Michigan School of Dentistry, Ann Arbor, Mich.; Director, Section of Oral Surgery, University of Michigan Hospital, Ann Arbor, Mich.; Past President, American Board of Oral Surgery; Diplomate, American Board of Oral Surgery

**FRED A. HENNY, D.D.S., F.D.S.R.C.S.(Eng.), F.A.C.D.**

Chief of Division of Dentistry and Oral Surgery, Henry Ford Hospital, Detroit, Mich.; Editor, Journal of Oral Surgery, Anesthesia and Hospital Dental Service; Past President, American Society of Oral Surgeons; Consultant in Oral Surgery, Veterans Administration Hospital, Dearborn, Mich.; Diplomate, American Board of Oral Surgery

**EDWARD C. HINDS, B.A., D.D.S., M.D., F.A.C.S., F.A.C.D.**

Professor of Surgery, The University of Texas Dental Branch, Houston, Texas; Chief, Dental Service, Ben Taub General Hospital, The Methodist Hospital, and M. D. Anderson Hospital and Tumor Institute, Houston, Texas; National Consultant to the Surgeon General, United States Air Force; Consultant, Veterans Administration Hospital, Houston, Texas, William Beaumont
