# ENERGY LAW IN PERU

JOSE ANTONIO HERNANDEZ

Anderson Oosterhout

LL.M. & B.A. (HONORS)

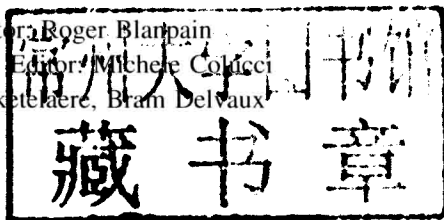

KLUWER LAW INTERNATIONAL

## Energy Law in Peru

**José Antonio Honda**

This book was originally published as a monograph in the International  
Encyclopaedia of Laws/Energy Law.

General Editor: Roger Blanpain  
Associate General Editor: Michele Colucci  
Editors: Kurt Dekerleere, Bram Delvaux

# Table of Contents

The Author	3
List of Abbreviations	21
Preface	25
General Introduction	27
Chapter 1. General Background	27
§1. GEOGRAPHY AND POPULATION	27
I. General Description	27
II. Geographical Division	27
A. Coast	27
B. Mountains	28
C. Jungle	28
D. Peruvian Sea	29
III. Weather	29
IV. Ecosystem Diversity	30
V. Population	30
§2. POLITICAL DIVISION, MODEL OF GOVERNMENT AND ORGANIZATION	30
I. Basic Division	30
II. Fundamental Rights	31
III. Constitutional Guaranties	31
IV. Political Divisions	32
A. Executive Branch	32
B. Legislative Branch	33
C. Judicial Branch	33
D. Other Important Entities	34
§3. ECONOMIC CHARACTERISTICS	35
§4. SOCIAL AND CULTURAL CHARACTERISTICS	38

**Table of Contents**

Chapter 2. Energy Scenario 40

§1. ENERGY SCENARIO BEFORE 1990 40

§2. THE 1990s REFORMS 40

§3. COAL, INFORMALITY AND AN OPPORTUNITY BEFORE THE ENERGY CRISIS 41

§4. PERUVIAN ECONOMIC GROWTH 41

§5. THE ‘BOOM’ OF GAS 41

    I. Background 41

    II. The Impact of Camisea in the Energy Scenario 43

    III. Gas Exportation versus National Use 43

    IV. Energy Matrix Change 43

    V. The Actions Taken by the Ministry of Energy and Mines 44

Part I. Regulatory Framework Concerning Electricity 45

Chapter 1. General Introduction 45

§1. INTRODUCTION 45

§2. REGULATORY BODIES 46

    I. Ministry of Energy and Mines 46

    II. General Department of Electricity 46

    III. Regional Departments of Energy and Mines 46

    IV. Supervisory Agency of Investment in Energy and Mining 46

    V. Committee on Economical Operation of the System 47

    VI. Ministry of Environment 49

§3. LEGAL REGIME 49

    I. The Constitution 49

    II. Electric Concessions Law and Its Regulation 49

    III. Law to Secure the Efficient Development of Electric Generation 50

    IV. Antitrust Law for Electric Sector and Its Regulation 50

    V. Technical Rules of Quality for Electric Services 50

    VI. Law to Promote Investment in Electric Generation with Renewable Sources and Its Regulation 51

    VII. Organic Law of Geothermal Resources and Its Regulation 51

    VIII. Law of Electricity in Rural Zones and Its Regulation 51

Chapter 2. Generation 52

§1. GENERATION SCENARIO 52

## Table of Contents

I. General	52
II. Installed Capacity	54
III. Effective Capacity	55
IV. Maximum Power Demand	56
V. Energy Production	57
VI. Evolution of Investments in the Energy Generation Market	57
 §2. CONCESSIONS AND AUTHORIZATIONS	 58
I. Differences between Concessions and Authorizations	58
II. Concessions	58
A. Temporary Concessions	58
1. Definition	58
2. Term	58
3. Requirements	59
4. Procedure	59
5. Scope of the Right Granted	60
B. Definitive Concessions	60
1. Definition	60
2. Term	60
3. Requirements	60
4. Procedure	61
a. Petition	61
b. Concurrence Procedure	61
c. Opposition Procedure	62
d. Granting of the Definitive Concession	62
III. Authorizations	63
A. Definition	63
B. Term	63
C. Requirements	63
D. Procedure	64
 §3. MAIN OBLIGATIONS OF GENERATION CONCESSIONAIRES AND HOLDERS OF GENERATION AUTHORIZATIONS	 64
I. General	64
II. Quality	64
A. General	64
B. Main Obligations of Suppliers with Clients and Third Parties	65
III. Pricing	66
A. Kind of Markets	66
1. Regulated Market	66
2. Free Market	66
B. Maximum Price to Be Charged by Generator to Distributor Regarding Public Service of Electricity	67
 §4. TERMINATION	 68

**Table of Contents**

**Chapter 3. Transmission** 70

§1. TRANSMISSION 70

§2. KINDS OF TRANSMISSION SYSTEMS 72

§3. CONCESSIONS 73

    I. Need of Concession 73

    II. Petition, Requirements and Procedure in Order to Get a  
        Concession for Transmission Activities 73

    III. Characteristics of a Concession Contract for Concessionaire  
        of Transmission Activities 73

    IV. Main Duties of the Concessionaire 74

        A. General 74

        B. Use of the Net 74

        C. Quality 74

        D. Pricing 74

            1. Main Transmission System 74

            2. Secondary Transmission System 76

            3. Guarantied Transmission System 77

            4. Complementary Transmission System 77

**Chapter 4. Distribution** 78

§1. DISTRIBUTION SCENARIO 78

§2. CONCESSIONS 84

    I. Need of Concession 84

    II. Characteristics: Exclusivity 85

    III. Petition, Requirements and Procedures in Order to Get a  
        Concession for Distribution Activities 85

    IV. Main Duties of the Concessionaire 85

        A. General 85

        B. Supply Electricity 85

        C. Contracts with Generators 85

        D. Use of Net 86

        E. Quality 86

        F. Pricing 86

            1. Maximum Tariff to be Paid by Regulated Clients 86

            2. Distribution Aggregated Value 86

        G. Termination 87

**Chapter 5. Rules Applicable to Renewable Sources** 88

§1. RENEWABLE SOURCES IN GENERAL 88

    I. Commercialization 88

    II. Tariffs 88

## Table of Contents

§2. GEOTHERMAL SOURCES IN PARTICULAR	88
I. General	88
II. Authorizations	89
III. Concessions	89
IV. Common Rights	90
V. Common Obligations	90
VI. Termination	90
 Chapter 6. Electricity for Rural Zones	 92
§1. PURPOSE OF THE LAW	92
§2. ECONOMIC RESOURCES	92
§3. NATIONAL PLAN FOR RURAL ELECTRICITY	92
§4. SPECIFIC RULES	94
 Part II. Regulatory Framework Concerning Gas	 95
 Chapter 1. General Introduction	 95
§1. INTRODUCTION	95
§2. THE REGULATORY ENTITIES	98
I. The Ministry of Energy and Mines	98
II. The General Department of Hydrocarbons	98
III. OSINERGMIN	99
IV. Perupetro	99
V. The Ministry of Environment	99
§3. THE LEGAL REGIME	100
I. The Constitution	100
II. Organic Law on Hydrocarbons	100
III. Law to Promote the Development of Natural Gas Industry	100
IV. Regulation of the LPG	100
V. Regulation on Refining and Processing Hydrocarbons	100
VI. Law of Promotion of Investment in Natural Gas Processing Plants	101
VII. Regulation of the PPP	101
VIII. Regulation on Transport of Hydrocarbons through Pipelines	101
IX. Regulation on Transport of Natural Gas through Pipelines	101
X. Regulation on Distribution of Natural Gas	101
XI. Regulation to Promote Massive Consumption of Natural Gas	102
XII. Regulation on Commercialization of GNC and GNL	102

## Table of Contents

Chapter 2. Production	103
§1. GAS PRODUCTION SCENARIO	103
I. General	103
II. Reserves	103
III. Production	106
IV. Demand	107
V. Conditions	109
§2. HYDROCARBONS OWNERSHIP	110
§3. THE AGREEMENTS	111
I. General Considerations	111
II. Kinds of Agreements	112
A. License Agreement	112
B. Service Agreement	112
C. Other Kinds of Agreements	112
III. Formalities and Requirements	113
A. Forwarding of Documentation to Ministry of Energy and Mines	113
B. Procedure to be Followed with Ministry of Energy and Mines	114
C. Procedure to be Followed with the Ministry of Economy and Finances	114
D. Approval by Supreme Decree and Publication	114
IV. Observations	114
V. Procedure Regarding Amendments of Agreements	115
VI. Assignment of Contractual Position	115
VII. Duration of the Agreements	115
VIII. Main Rights and Duties	116
A. General	116
B. Guaranties	117
C. Royalty and Compensation	117
IX. Securities Granted to Investors	118
X. Dispute Resolutions	119
XI. Termination	120
§4. PROCESSING PLANTS	120
§5. IMPORTATION AND EXPORTATION	121
I. Importation of Goods for the Development of Exploration and Exploitation Activities	121
II. Temporary Importation	122
III. Exportation	122

<b>Chapter 3. Transport</b>	<b>123</b>
§1. TRANSPORT OF GAS SCENARIO	123
I. Introduction	123
A. General	123
B. Transportadora de Gas del Perú S.A.	123
C. Kuntur Transportadora de Gas S.A.C.	124
II. Projects	125
§2. GENERAL ASPECTS	125
§3. TRANSPORT CONCESSION	125
I. General	125
II. Ways of Granting a Concession	126
A. Granting the Concession through the Procedure Initiated by the Request of an Interested Party	126
B. Granting the Concession through a Public Bidding	127
III. Concession Contract	127
A. Formalities of the Concession Contract	127
B. Object of the Concession Contract	128
C. Duration of the Concession Contract	129
D. Minimum Information That the Concession Contract Must Include	129
E. Main Technical and Economic Duties of the Concessionaire	130
F. Release of Guaranties Granted by the Concessionaire	131
G. Assignment of the Concession Contract	132
H. Amendment of the Concession Contract	132
IV. Termination of the Concession	132
A. General	132
B. Termination of the Concession due to Time Expiration	133
C. Declaration of Early Termination because of a Breach of the Concession Contract	133
D. Resignation of the Concession Contract	134
E. Other Causes of Termination Specified in the Concession Contract	135
§4. TRANSPORT AGREEMENT	135
I. General	135
II. Kind of Transport Service	137
III. Obligation to Allow Access	139
IV. Performance of Transport Service	140
V. Interruption and/or Reduction of Transport Service	141
VI. Responsibility for the Control, Custody and Loss of Hydrocarbons	142
VII. Tariffs of the Transport System	143
VIII. The Guaranty of Minimum Income for the Main Net	145

**Table of Contents**

Chapter 4. Distribution and Commercialization 147

§1. GAS DISTRIBUTION AND COMMERCIALIZATION SCENARIO 147

§2. GENERAL ASPECTS OF DISTRIBUTION 149

§3. CONCESSION OF DISTRIBUTION 150

    I. General 150

    II. Ways to Obtain a Concession of Distribution 151

        A. Concession Obtained upon Request of One of the Parties 151

        B. Granting of the Concession through a Bidding Process 153

    III. The Concession Contract 154

        A. Formalities of the Concession Contract 154

        B. Object of the Concession Contract 154

        C. Duration of the Concession Contract 155

        D. Minimum Information to be Included in the Concession Contract 156

        E. Main Technical and Economic Duties of the Concessionaire 156

        F. Guaranties Provided by the Distribution Concessionaire 158

        G. Assignment of the Concession Contract 159

        H. Amendment of the Concession Contract 159

    IV. Termination of the Concession 159

        A. General 159

        B. Termination of the Concession due to Time Expiration 160

        C. Early Termination because of Breach of the Concession Contract 160

        D. Resignation of the Concession 161

        E. Other Causes of Termination Specified in the Concession Contract 162

§4. SUPPLY AGREEMENT 162

    I. General 162

    II. Main Obligations of Distributors and Rights of Consumers 164

        A. Obligation to Allow Access 164

        B. Technical Requirements and Quality 166

    III. Main Obligations of the Consumers and Rights of Distributors 167

        A. Obligation to Pay Connection 167

        B. Cut and Reconnection of Service 167

        C. Variation of Service 169

    IV. Tariffs 169

§5. COMMERCIALIZATION 171

    I. General 171

    II. Authorization to Perform Activities of Commercialization of GNC and GNL 172

        A. General 172

        B. Scope of the Authorization 173

## Table of Contents

III. Duties Regarding the Commercialization of GNC and GNL	174
IV. Suspension of the Registry	175
V. Cancellation of the Registry	175
 Part III. Regulatory Framework Concerning Petroleum	 177
 Chapter 1. General Introduction	 177
§1. INTRODUCTION	177
§2. THE REGULATORY ENTITIES	178
§3. THE LEGAL REGIME	178
I. General	178
II. Decree of Urgency That Incorporates the Stabilization Account	178
III. Regulation on Commercialization of Liquid Fuel and Other Sub-products of Hydrocarbons (year 1998)	179
IV. Regulation on Commercialization of Liquid Fuel and Other Sub-products of Hydrocarbons (year 2001)	179
 Chapter 2. Exploration and Exploitation	 180
§1. EXPLORATION AND EXPLOITATION SCENARIO	180
I. General	180
II. Reserves	180
III. Exploration Activities	181
IV. Exploitation Activities	181
V. Location of Production	182
VI. Domestic Demand	182
§2. MAIN DIFFERENCES WITH REGULATIONS ON NATURAL GAS	183
I. General	183
II. Term of the Agreement	183
III. Royalty and Compensation	183
A. General	183
B. Methodology	184
C. Determination of Percentage of Royalties	186
D. Determination of Percentage of Compensation	187
E. Procedure for Payment of Royalty and Compensation	188
1. Royalty	188
2. Compensation	188
 Chapter 3. Transport	 189
§1. TRANSPORT SCENARIO	189
§2. MAIN DIFFERENCE WITH REGULATION ON NATURAL GAS: TARIFFS	189

**Table of Contents**

**Chapter 4. Refining** 191

§1. REFINING SCENARIO 191

§2. REGULATION ON REFINING OF PETROLEUM 191

**Chapter 5. Distribution** 192

§1. DISTRIBUTION SCENARIO 192

§2. THE DISTRIBUTOR 192

    I. Incorporation 192

        A. General 192

        B. Registry as a Wholesaler Distributor 192

        C. Registry as a Retailer Distributor 193

    II. Scope of the Rights Granted to the Holder of a Certificate of Registration 194

    III. Main Responsibilities of Distributors 194

        A. Common Responsibilities for Both Kinds of Distributors 194

        B. Specific Responsibilities of Wholesaler Distributors 195

        C. Specific Responsibilities of Retailer Distributors 196

    IV. Abandonment of Activities 197

    V. Cancellation of Registry 197

**Chapter 6. Commercialization** 198

§1. COMMERCIALIZATION SCENARIO 198

    I. Petroleum and Derivates 198

    II. Liquefied Petroleum Gas 199

    III. Commercialization Activities 199

    IV. Combustible Prices 200

§2. THE DEALER 200

    I. Incorporation 200

    II. Responsibilities 203

    III. Abandonment 203

    IV. Infringement 203

    V. Cancellation of Registry 204

**Part IV. Regulatory Framework Concerning Mining (Coal)** 205

**Chapter 1. General Introduction** 205

§1. MINING BACKGROUND/COAL BACKGROUND 205

## Table of Contents

§2. THE REGULATORY BODIES	208
I. Ministry of Energy and Mines	208
II. General Department of Mining	208
III. General Department of Mining Environmental Matters	209
IV. OSINERGMIN	209
V. INGEMMET	209
VI. Ministry of Environment	209
§3. THE LEGAL REGIME	209
I. The Constitution	209
II. General Law of Mining	209
III. Regulation of the LGM	210
IV. Law to Formalize and Promote Small Mining and Artisanal Mining and Its Regulation	210
V. Regulation of Mining Procedures	210
VI. Environmental Laws	210
 Chapter 2. Exploration and Exploitation	 211
§1. EXPLORATION AND EXPLOITATION MARKET SCENARIO	211
§2. CONCESSIONS	214
I. General	214
A. Artisanal Mining Producer	214
B. Minor Mining Producer	215
II. Term	215
III. Procedure	215
IV. Other Requirements Needed to Initiate Mining Activities	217
A. Authorization to Use Surface Lands	217
B. Certificate of Non-existence of Archaeological Rests before the National Institute of Culture	217
C. Mining Plan Approved by the Ministry of Energy and Mines	217
D. Environmental Certification	218
E. Water Rights	218
F. Permit to Initiate Operations Granted by the Ministry of Energy and Mines	218
G. Closing Plan before the Ministry of Energy and Mines	218
§3. MAIN OBLIGATIONS OF CONCESSIONAIRES	218
I. Maintenance Fee	219
II. Payment of Penalty if Minimum Production Is Not Reached	219
§4. TERMINATION OF THE CONCESSION	220
I. Lapsing of Concessionaire's Right	220
II. Abandonment	220

## Table of Contents

III. Nullity	221
IV. Cancellation	221
V. Free Areas for Concessions	221
 Part V. Interaction between Energy Law and Environmental Law	 223
 Chapter 1. General Introduction	 223
§1. INTRODUCTION	223
§2. REGULATORY BODIES	224
I. Ministry of Energy and Mines	224
II. General Department of Mining Environmental Matters	224
III. General Department on Energy Environmental Matters	224
IV. Ministry of Environment	224
V. National Authority of Water	225
VI. National Institute of Culture	225
§3. THE LEGAL REGIME	225
I. The Constitution	225
II. General Law of Environment	225
III. Law of National System of Evaluation of Environmental Impact	226
IV. Law That Regulates Environmental Liabilities Regarding Mining Activities	226
V. Law That Regulates the Closing of Mines and Its Regulation	227
VI. Regulation That Establishes Previous Commitment with the Community before Initiating Mining Activities	227
VII. Regulation Regarding Citizens' Participation Process in the Mining Sector	227
VIII. General Law of Cultural Patrimony of the Nation and Its Regulation	227
 Chapter 2. Environmental Certification	 228
§1. ELECTRICITY ACTIVITIES	228
I. General	228
II. The Environmental Impact Study	228
§2. HYDROCARBON ACTIVITIES	229
I. General	229
II. The Declaration of Environmental Impact	229
III. The Environmental Impact Study	230
IV. The Semi-Detailed Environmental Impact Study	231

## Table of Contents

§3. MINING ACTIVITIES	232
I. Mining Exploration Activities	232
A. General	232
B. The Declaration of Environmental Impact	232
C. The Semi-Detailed Environmental Impact Study	234
II. Mining Exploitation Activities	234
A. General	234
B. The Environmental Impact Study	235
 Chapter 3. Water	 236
§1. GENERAL	236
§2. KINDS OF WATER RIGHTS	237
§3. WATER LICENSE	238
I. Conditions for the Granting of a Water License	238
II. Requirements of Petition for Water License	238
III. Concurrence of Petitioners	238
§4. WATER PERMIT AND WATER AUTHORIZATION	239
§5. TERMINATION OF WATER RIGHTS	239
 Chapter 4. Certificate of Non-existence of Archaeological Rests	 240
 Chapter 5. Communities	 241
§1. GENERAL	241
§2. RURAL COMMUNITIES	241
I. Members of Rural Communities	241
II. Decisions Regarding Lands of the Community	242
A. Rural Communities Located in the Mountains	242
B. Rural Communities Located in the Coast	242
§3. NATIVE COMMUNITIES	242
 Part VI. Interaction between Energy Law and Tax Law	 245
§1. GENERAL TAX REGIME	245
I. Corporate Income Tax	245
A. Scope of Application	245
B. Fiscal Year	245

## Table of Contents

C. Determination of Taxable Income	245
D. Treatment of Tax Losses	246
E. Tax Rate	246
F. Tax Offset	246
G. Transfer Pricing Rules	247
H. Dividend Tax	248
II. Value-Added Tax	249
A. Scope of Application	249
B. Tax Rate	249
C. Tax Determination	249
D. Export Transactions	250
III. Customs Duties	251
IV. Other Important Taxes	251
A. Excise Tax	251
B. Financial Transaction Tax	251
§2. HYDROCARBON SECTOR	252
I. Introduction	252
A. Upstream	252
B. Downstream	252
II. Special Tax Regime for Upstream Activities	253
A. Tax Stability	253
B. Income Tax	253
C. Value-Added Tax	255
D. Other Important Taxes	255
E. Imports and Exports	256
F. Accounting Rules	256
III. Tax Regime for Downstream Activities	257
§3. ELECTRIC SECTOR	258
§4. COAL	259
I. Tax Stability	259
II. Income Tax	260
A. Mining Concession	260
B. Expenses Incurred before the Productive Stage	260
C. Expenses Incurred after the Productive Stage	261
III. Value-Added Tax	261
Part VII. Interaction between Energy Law and Labour Law	263
§1. LABOUR BENEFITS AND LEGAL CONTRIBUTIONS	263
I. Labour Benefits	263
A. Compensation for Time Served	263
B. Annual Vacation	264
C. Legal Bonus	264
