Professor R E Steiner and Dr G K Radda chaired the committee, which included Dr G M Bydder, that planned this number of *British Medical Bulletin*. We are grateful to them for their help, and particularly to Professor Steiner and Dr Radda who acted as Scientific Editors for the number.

*British Medical Bulletin* is published by Churchill Livingstone for the British Council, 10 Spring Gardens, London SW1A 2BN.

\* As the pagination is continuous throughout the four numbers of Volume 40, the first page in this number is 113 and not 1.
