Software License Agreement Software is defined as the Intuit computer program with which this Software License Agreement is included and any updates or maintenance releases thereto. Do not use the Software until you have carefully read the following Agreement. This Agreement sets forth the terms and conditions for licensing of the Software from Intuit to you, and installing the Software indicates that you have read and understand this Agreement and accept its terms and conditions. If you purchased the Software from a retail store and do not agree with this Agreement, promptly return the Software and accompanying items to the place of purchase within ten (10) days of purchase with a dated receipt for a full refund. If the Software was pre-installed on your computer or disks came packaged with your computer at no extra charge, and if you do not agree with this Agreement, do not use the Software.

License and Certain restrictions You are granted a limited non-exclusive license to use a copy of the enclosed Software on the computer(s) used by a single individual, except you may use the Timer program included with the Software on all computers used in your business. If this Agreement is included with a trial version of the Software, you are granted a license to use the Software for the specified number of uses; thereafter, you may purchase the right to use a non-limited version of the Software by contacting Intuit or your retailer. You may make one (1) backup copy of the Software for your own use. Making additional copies is prohibited. It is also illegal to give copies to another person, to install the software on computers not used by a single individual, or to duplicate the Software by any other means including electronic transmission. You may not copy the printed materials, if any, accompanying the Software, or print multiple copies of any user documentation. The Software in its entirety is protected by the copyright laws. The Software also contains Intuit trade secrets, and you may not decompile, reverse engineer, disassemble, or otherwise reduce the Software to human-perceivable form. You may not modify, adapt, translate, rent, sublicense, assign, loan, resell for profit, distribute, or network the Software, disk(s), or related materials or create derivative works based upon the Software or any part thereof. You may transfer the Software to a third party, or sell the computer on which the Software is installed to a third party, provided you do not keep a copy of the Software for yourself. You or the purchaser may obtain a copy of a transfer agreement from Intuit, which will allow the purchaser to assume your rights as a purchaser of the Software.

Satisfaction Guaranteed If you are not 100% satisfied with this Software, Intuit's entire liability and your exclusive remedy shall be either: (a) if you purchased the Software through a retail store or directly from Intuit, (1) return of the Software within ninety (90) days to the store where purchased with a dated receipt for a full refund (If the store is unable to issue a refund, call Intuit at the telephone number listed on page 929 of this manual); or (2) replacement by Intuit within ninety (90) days, with a dated receipt. If the disks are defective and you would like replacement disks after ninety (90) days, you may obtain a replacement by sending your defective disks and a check for fifteen dollars (\$15.00), plus applicable tax, to Intuit. For all orders shipped within the U.S., please add all applicable state and local sales tax as well as tax on shipping and handling based on your shipping address; (b) if the Software was pre-installed on your computer when you bought it, or if disks came packaged with your computer at no extra charge, and the Software is defective or was installed improperly, you may obtain replacement disks from the company that manufactured your computer at its option, by sending your request stating the nature of the problem, plus a copy of your dated receipt for the computer on which the Software was installed, to the manufacturer of the computer; (c) if you obtained the Software by downloading it on your computer, and the Software did not install properly, contact your service provider.

Disclaimer of Warranties Except as provided above, this Software and any related services are provided "as-is," and to the maximum extent permitted by applicable law, Intuit disclaims all other representation and warranties, express or implied, regarding this Software, diskette, related materials and any services, including their fitness for a particular purpose, their quality, their merchantability, or their noninfringement. Intuit does not warrant that the Software is free from bugs, errors, or other program limitations. Some states do not allow the exclusion of implied warranties, so the above exclusions may not apply to you. In that event, any implied warranties are limited in duration to ninety (90) days from the date of purchase of the Software. However, some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. This warranty gives you specific legal rights, and you may have other rights as well, which vary from state to state.

**Limitation of
Liabilities and
Damages**

The entire liability of Intuit and its Representatives (collectively, "Intuit") for any reason shall be limited to the amount paid by the customer for the Software and related services purchased from Intuit or its authorized reseller. To the maximum extent permitted by applicable law, Intuit and its subsidiaries, affiliates, licensors, participating financial institutions, third-party content or service providers, distributors, dealers or suppliers ("Representatives") are not liable for any indirect, special, incidental, or consequential damages (including, but not limited to: damages for loss of business, loss of profits or investment, or the like), whether based on breach of contract, breach of warranty, tort (including negligence), product liability or otherwise, even if Intuit or its Representatives have been advised of the possibility of such damages, and even if a remedy set forth herein is found to have failed of its essential purpose. Some states do not allow the limitation and/or exclusion of liability for incidental or consequential damages, so the above limitation or exclusion may not apply to you.

The limitations of damages set forth above are fundamental elements of the basis of the bargain between Intuit and you. Intuit would not be able to have provided this Software or services without such limitations.

**US Government
Restricted Rights**

This Software and documentation are provided with RESTRICTED RIGHTS. Use, duplication, or disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 52.227-7013 or subparagraphs (c)(1) or (2) of the Commercial Computer Software-Restricted Rights at 48 CFR 52.227-19, as applicable. The manufacturer is: Intuit Inc., P.O. Box 7850, Mountain View, CA 94039-7850.

**Export
Restrictions**

You acknowledge and agree that the Software is subject to restrictions and controls imposed by the International Traffic in Arms Regulations and Arms Export Control Act (the "Acts"). You agree and certify that neither the Software nor any direct product thereof is being or will be acquired, shipped, transferred or exported, directly or indirectly outside the United States or Canada or will be used for any purpose prohibited by the Acts; provided, however, U.S. citizens and U.S. permanent resident aliens may travel to countries not prohibited by the Acts with the Software when it is installed on their personal computer and not otherwise used or transferred in violation of the Acts.

**General
Provisions**

This Agreement sets forth Intuit's and its Representatives' entire liability and your exclusive remedy with respect to the Software. You acknowledge that this Agreement is a complete statement of the agreement between you and Intuit, and that there are no other prior or contemporaneous understandings, promises, representations, or descriptions regarding the Software or any related services. This Agreement does not limit any rights that Intuit may have under trade secret, copyright, patent, or other laws. The Representatives of Intuit are not authorized to make modifications to this Agreement, or to make any additional representations, commitments, or warranties binding on Intuit, other than in writing signed by an officer of Intuit. Accordingly, such additional statements are not binding on Intuit and you should not rely upon such statements. If any provision of this Agreement is invalid or unenforceable under applicable law, then it is, to that extent, deemed omitted and the remaining provisions will continue in full force and effect. The validity and performance of this Agreement shall be governed by California law (without reference to choice of law principles), except as to copyright and trademark matters, which are covered by federal laws. This Agreement is deemed entered into at Mountain View, California, and shall be construed as to its fair meaning and not strictly for or against either party.

**Additional Terms
for QuickBooks
Tax Table Update
Service**

If you subscribe to the QuickBooks® Tax Table Update Service (the "Service"), the following terms and conditions apply in addition to those above:

When you subscribe to the Service and pay the appropriate subscription fee, Intuit grants you a non-exclusive license to use the Tax Tables and Documentation for the jurisdiction for which you have subscribed within the United States ("License"). You may not use the Tax Tables or the Documentation except with the QuickBooks/QuickPay product. This License may be terminated by Intuit immediately and without notice if you fail to comply with any term or condition of the Agreement. From time to time Intuit may change the subscription fee. In this event you will receive notice of such change.

YOU ASSUME FULL RESPONSIBILITY FOR THE SELECTION OF THE TAX TABLES TO ACHIEVE YOUR INTENDED PURPOSES, FOR THE PROPER INSTALLATION AND USE OF THE TAX TABLES AND FOR VERIFYING THE RESULTS OBTAINED FROM USE OF THE TAX TABLES. INTUIT DISCLAIMS ANY WARRANTY THAT THE FUNCTIONS CONTAINED IN THE TAX TABLES WILL MEET YOUR REQUIREMENTS OR THAT THE OPERATION OF THE TAX TABLES WILL BE INTERRUPTION OR ERROR FREE.

Your use of the Tax Tables or your signature on the Tax Table update service enrollment card acknowledges that you have read this Agreement and agree to its terms. You further agree that this Agreement is the complete and exclusive statement between you and Intuit relating to the subject matter of this Agreement.

This Service is designed to provide information with the understanding that Intuit is not engaged in rendering legal, accounting or other professional service. If legal advice or other expert assistance is required, the service of a competent professional person should be sought. It is your responsibility to keep abreast of tax table changes that affect you and to ensure that you follow these changes by law.
