INFORMATION PLEASE®
BUSINESS ALMANAC**

How to Use This Book

There are three easy ways to access the *Almanac*:

Chapter by Chapter

The front and back inside covers give a map of the organization of the *Almanac*, together with page numbers for each chapter. At the start of each chapter you'll find a listing of every article contained in the chapter.

The Table of Contents

The *Almanac* is organized in much the same way a company is. Information about doing business abroad is in the International section, while data on brand names and ad agencies are listed under Marketing. The Table of Contents lists each chapter, together with the name of each article in that chapter.

The Index

A comprehensive index of companies, reference sources, and basic concepts is located at the back of the book, in the Reference section.

Feedback

The editors of the *Almanac* would like to hear from you. Tell us your likes and dislikes, and let us know what information you'd like to see included in future volumes. While we can't answer every letter, we promise that each suggestion will be carefully reviewed and included wherever possible.
