Notices

Knowledge and best practice in this field are constantly changing. As new research and experience broaden our understanding, changes in research methods, professional practices, or medical treatment may become necessary.

Practitioners and researchers must always rely on their own experience and knowledge in evaluating and using any information, methods, compounds, or experiments described herein. In using such information or methods they should be mindful of their own safety and the safety of others, including parties for whom they have a professional responsibility.

With respect to any drug or pharmaceutical products identified, readers are advised to check the most current information provided (i) on procedures featured or (ii) by the manufacturer of each product to be administered, to verify the recommended dose or formula, the method and duration of administration, and contraindications. It is the responsibility of practitioners, relying on their own experience and knowledge of their patients, to make diagnoses, to determine dosages and the best treatment for each individual patient, and to take all appropriate safety precautions.

To the fullest extent of the law, neither the Publisher nor the authors, contributors, or editors assume any liability for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions, or ideas contained in the material herein.

Chapter 16, "Neuropsychological Testing" by Jordan Grafman, is in the public domain.

Chapter 31, "Thoroscopic Surgery of the Spine" by Rudolf Beisse: Rudolf Beisse retains copyright to his original video.

Chapter 242, "Secondary Procedures for Brachial Plexus Injuries" by Huan Wang, Alexander Y. Shin,

Allen T. Bishop, and Robert J. Spinner: Mayo Foundation retains copyright to their original artwork.

Chapter 321, "Osteoporotic Fractures: Evaluation and Treatment with Vertebroplasty and Kyphoplasty" by R. Webster Crowley, H. Kwang Yeoh, M. Sean McKisic, Rod J. Oskouian Jr, and Aaron S.

Dumont: Michael McKisic retains copyright to his original illustrations.
